Rowman & Littlefield

A publication of the American Brahms Society, Brahms Studies publishes essays on the life, work, and artistic milieu of Johannes Brahms. Each volume collects the best in Brahms scholarship, including criticism, analysis, theory, biography, archival and documentary studies, and translations of important studies that have

appeared in foreign languages.

Handbook of Artificial Intelligence for Music BRILL

Reprint of the original, first published in 1875.

*Beethoven* Springer Nature

"Old Scores and New Readings: Discussions on Music & Certain Musicians" is a collection of essays on the greatest musicians of all times and their creations. The book is full of interesting details about different moments in the lives of the great masters. It contains a professional analysis of some of the greatest music works, such as "Lohengrin" or "Tristan and Isolde."

An essential high culture institution, the John Simon Guggenheim Memorial Foundation has both supported and molded American musical culture. Denise Von Glahn examines the Foundation and its immense influence from the organization's prehistory and origins through the onset of World War II. Funded by the Guggenheim mining fortune, the Foundation took early shape from the

efforts of Carroll Wilson, Frank Aydelotte, and Henry Allen Moe--three Rhodes Scholars who initially struggled to envision and implement the organization's ambitious goals. Von Glahn also examines the career of the longtime musical advisor Thomas Whitney Surette while profiling early awardees Aaron Copland, Ruth Crawford Seeger, William Grant Still, Roger Sessions, George Antheil, and Carlos Chàvez. She examines the processes behind their selection, their values and aesthetics, and their relationships with the insiders and others who championed their work.

From Bach's Goldberg to Beethoven's Diabelli Indiana University Press

This book presents the outcomes of recent endeavors that will contribute to significant advances in the areas of communication design, fashion design, interior design and product design, music and musicology, as well as overlapping areas. Gathering the proceedings of the 7th EIMAD conference, held on May 14–15, 2020, and organized by the School of Applied Arts, Campus da Talagueira, in Castelo Branco, Portugal, it proposes new theoretical perspectives and practical

research directions in design and music, while also discussing teaching practices and some areas of intersection. It addresses strategies for communication and culture in a global, digital world, that take into account key individual and societal needs.

Routledge

Hip Hop Headphones is a crash course in Hip Hop culture. Featuring definitions, lectures, academic essays, and other scholarly discussions and resources, Hip Hop Headphones documents the scholarship of Dr. James B. Peterson, founder of Hip Hop Scholars--an organization devoted to developing the educational potential of Hip Hop. Defining Hip Hop from multi-disciplinary perspectives that embrace the elemental forms of Hip Hop Culture (b-boying, dj-ing, rapping, and graffiti art), Hip Hop Headphones is the definitive guide to how Hip Hop culture can be used in the classroom to engage and inspire students.

**Etude Music Magazine** U of Nebraska Press

Provides important insights for educators in music, the arts, and other subjects on the role that music can play in the

curriculum as a powerful bridge to cultural understanding. The author documents key ideas and practices that have influenced current music education, and examines some of the promises and pitfalls in shaping multicultural education through music.

**Hip Hop Headphones** Penguin

"Beethoven, a character study: Together with Wagner's indebtedness to Beethoven" by George Alexander Fischer Ludwig van Beethoven was a German composer and pianist. Beethoven remains one of the most admired composers in the history of Western music; his works rank amongst the most performed of the classical music repertoire and span the transition from the Classical period to the Romantic era in classical music. Though the other German composer, Wagner, never got a chance to meet Beethoven, he owed much of his success to his predecessor.

*Handbook of Research and Policy in Art Education* BRILL

This volume celebrates the lives, careers, and contributions of over one hundred American pianists, including collaborative pianists and pedagogues. In addition to

household names, it also spotlights historical women, people of color, and LGBTQ+ pianists who were top-notch performers or had important careers but were soon forgotten.

Beethoven: The Music and the Life BoD – Books on Demand

Carl Czerny was a highly successful composer of popular piano music, and his pedagogical works remain fundamental to the training of pianists. But Czerny's reputation in these areas has obscured the remarkable breadth of his activity, and especially his work as a composer of serious music. This collection aims to address this.

**Artaria 195; Beethoven's Sketchbook for the Missa solennis and the Piano Sonata in E Major, Opus 109 (3 vols.)**

Vintage

A beautifully composed journey through music history! Music history is a required course for all music students.

Unfortunately, the typical music history book is dry and academic, focusing on rote memorization of important composers and works. This leads many to think that the topic is boring, but bestselling author Michael Miller proves that isn't so. This

guide makes music history interesting and fun, for both music students and older music lovers. • Covers more than Western “classical” music—also includes non-Western music and uniquely American forms such as jazz • More than just names and dates—puts musical developments in context with key historical events

**Old Scores and New Readings**

Routledge

Shakespeare as German Author explores in particular the Bard's reception in Germany 1760-1830 that witnessed the birth of modern German aesthetics and literary production. The volume highlights the connection between Shakespeare's mind (“Geist Shakespeares”) and the German mind (“deutscher Geist”).

Musical News Rowman & Littlefield

Combining musical insight and the most recent research, Kinderman's biography of Beethoven is both a richly drawn portrait of the man and a guide to his music. In analyses of individual pieces, Kinderman shows that the deepening of Beethoven's musical thought was a continuous process over decades of his life. 30 illustrations.

**Über Beziehungen Beethovens zu**

**Mozart und zu Ph. Em. Bach** Routledge

Ignaz Moscheles was a pianist and composer, who wrote around 142 works during his life including piano concertos, sonatas and studies. His 'Deux Etudes' are a pair of challenging studies that feature lively melodies, a range of playing techniques, and will present a challenge to any pianist. --- Ignaz Moscheles war ein Pianist und Komponist, der im Laufe seines Lebens rund 142 Werke verfasste, darunter Klavierkonzerte, Sonaten und Studien. Seine "Zwei Etüden" sind anspruchsvolle Studien mit lebhaften Melodien und einer großen Bandbreite von Spieltechniken, die jedem Pianisten eine Herausforderung bieten werden.

**Encyclopedia of American Classical Pianists** Teachers College Press

The Handbook of Research and Policy in Art Education marks a milestone in the field of art education. Sponsored by the National Art Education Association and assembled by an internationally known group of art educators, this 36-chapter handbook provides an overview of the remarkable progress that has characterized this field in recent decades. Organized into six sections, it profiles and integrates the following elements of this

rapidly emerging field: history, policy, learning, curriculum and instruction, assessment, and competing perspectives. Because the scholarly foundations of art education are relatively new and loosely coupled, this handbook provides researchers, students, and policymakers (both inside and outside the field) an invaluable snapshot of its current boundaries and rapidly growing content. In a nutshell, it provides much needed definition and intellectual respectability to a field that as recently as 1960 was more firmly rooted in the world of arts and crafts than in scholarly research.

**Beethoven, a character study** Springer  
Three papers, published in 1887, on the nature of music as an art form and its place in society.

**Musical Art and Study** Good Press  
"This useful volume should be on every pianist's bookshelf." --Piano & Keyboard  
"... a unique and valuable tool for teachers, students, performers... " --  
Library Journal  
The Pianist's Bookshelf comes to the rescue of pianists overwhelmed by the abundance of books, videos, and other works about the piano. In this clear, easy-to-use presentation, Maurice Hinson surveys hundreds of resource materials, providing clear, practical annotations for each item, thus saving the user hours of precious library time. In addition to the main listing of entries, the book has several topical indexes.

[The Ashgate Research Companion to Paranormal Cultures](#) Bloomsbury Publishing USA

Felix Mendelssohn Bartholdy: A Research and Information Guide is a valuable tool for any scholar, performer, or music student interested in accessing the most pertinent resources on the life, works, and cultural context of the composer. It is an updated, annotated bibliography of resources on the biographical, musical, and religious aspects of Mendelssohn's life.

**The Routledge Handbook of Africana Criminologies** Cambridge University Press

This bibliography of bibliographies lists and describes sources, from basic references to highly specialized materials. Valuable as a classroom text and as a research tool for scholars, librarians, performers, and teachers.
