"I was a greedy, ravenous individual, determined to rise from the bottom to the top . . . It wasn't me!"--Jack

Unterweger's final words to his jury Serial killers rarely travel internationally. So in the early 1990s, when detectives from the Los Angeles Police Department began to find bodies of women strangled with their own bras, it didn't occur to them at first to make a connection with the bodies being uncovered in the woods outside of Vienna, Austria. The LAPD waited for the killer to strike again. Meanwhile, in Austria, the police followed what few clues they had. The case intrigued many reporters, but few as keenly as Jack Unterweger, a local celebrity. He cut a striking figure, this little man in expensive white suits. His expertise on Vienna's criminal underworld was hard-earned. He had been sentenced to life in jail as a young man. But while incarcerated, he began

to write—and his work earned him the glowing attention of the literary elite. The intelligentsia lobbied for his release and by 1990, Jack was free again. He continued writing, nurturing his career as a journalist. But though he now traveled in the highest circles, he had a secret life. He was killing again, and in the greatest of ironies, reporting on the very crimes he had committed. With unprecedented access to Jack's diaries and letters, John Leake peels back the layers of deception to reveal the life and crimes of Jack Unterweger, and in unnerving detail, exposes the thrilling twists—both in the United States and Europe—that led to Jack's capture and Austria's "trial of the century."

Published for the first time in 1953, Playboy was not only the first pornographic popular magazine in America; it also came to embody an entirely new lifestyle through the construction of a series of utopian multimedia spaces — from the Playboy Mansion and fictional Playboy's Penthouse of 1959 to the Playboy Clubs and hotels appearing around the world in the 1960s. Simultaneously, the invention of the contraceptive pill provided access to a biochemical technique that separated (hetero) sexuality and reproduction. Addressing these concurrent cultural shifts, Paul Preciado investigates the strategic relationships between space, gender, and sexuality in popular sites related to the production and consumption of pornography that

have tended to reside at the margins of traditional histories of architecture: bachelor pads, multimedia rotating beds, and design objects, among others. Combining historical perspectives with contemporary critical theory, gender and queer theory, porn studies, the history of technology, and a range of primary transdisciplinary sources — treatises on sexuality, medical and pharmaceutical handbooks, architecture journals, erotic magazines, building manuals, and novels — Pornotopia explores the use of architecture as a biopolitical technique for governing sexual relations and the production of gender in the postwar United States.

*All This Belongs to Me* Colin Knight  
As the newest member of the EU, the Czech Republic formally sheds its East

Bloc past - but that development only formalizes what's been a rollercoaster of change since the Velvet Revolution in 1989. Written and researched by Prague residents, the Time Out guide leads you to medieval Old Town's new design bars, to the crusty Zizkov district's classic pubs, to the romantic restaurants of Mala Strana and the hippest of clubs in the reclaimed industrial quarter of Holesovice. The poet president Vaclav Havel may have stepped down and returned to scribbling but the opening up of Bohemia is still gaining momentum every year. A mad community of expats call Prague home, having been attracted, like so many newly minted Bohemians down through the centuries, by the city's affordable lifestyle, gorgeously spooky architecture, and

reputation for decadence. Meanwhile the Old European side of Mozart's adopted home beckons with improbably grandiose opera houses, Vienna-style coffee houses, and fairy-tale palaces that serve as gallery space - like as not, for the latest modern art experiments.

The Magnificent Ride examines the social and religious dimensions of the Hussite revolutionary movement in 15th-century Bohemia. It argues that 'the magnificent ride' was, in fact, the first reformation, and not merely a precursor to the reformations of the 16th century. The religious revival which had begun in Prague in the later middle ages reached its zenith in the period between Jan Hus and the Council of Basel. This book

reconstructs the Hussite myth and shows how that myth evolved into the historical phenomenon of heresy. Acts of heretical practice in Bohemia, condemnation of Jan Hus, defiance of ecclesiastical authority and attempts by the official church to deal with the dissenters are fascinating chapters in the history of late medieval Europe.

The most unusual love story is about to unfold. Kamil, a thirty-something weapons trader, lives in the notorious Red Light District in Prague. Despite his hatred for prostitutes, he accepts an offer from Ginny - a local sex worker. As their strange friendship unfolds and Kamil witnesses several bizarre scenarios, he begins to suspect that Ginny might not be an ordinary

prostitute. "Hofstatter continues to impress with stories that pull no punches, and travel to some genuinely dark places." - The Eloquent Page NOTE: This is the large print edition of Katerina, with a larger font / typeface for easier reading.

Not long ago, John Shirting--quiet young Chicagoan, wizard of self-medication--held down a beloved job as a barista at Capo Coffee Family, a coffee chain and global business powerhouse. When he is deemed "too passionate" about his job, he is let go. Shirting makes it his mission to return to the frothy Capo's fold by singlehandedly breaking into a new market and making freshly post-communist Prague safe for free-market

capitalism. Unfortunately, his college nemesis, Theodore Mizen, a certified socialist, has also moved there, and is determined to reverse the Velvet Revolution, one folk song at a time. After Shirting experiences the loss of his sole "new-hire" -- a sad, arcade game-obsessed prostitute -- it is not long before his grasp on his mission and, indeed, his sanity, comes undone, leaving him at the mercy of two-bit Mafiosi, a pair of Golem trackers, and his own disgruntled phantom. A dazzling combination of *Everything is Illuminated* and *Don Quixote*, with a jigger of *Confederacy of Dunces*, and *Lord of the Barnyard*, *Keeping Bedlam at Bay* in the *Prague Café* is the first novel to so exquisitely capture the ambiance of expat Prague. Poised to be an

underground classic, it asks: what does it mean to be sane in a fast-changing world? From the Trade Paperback edition.

Journalist and spiritual seeker Philip Yancey has always struggled with the most basic questions of the Christian faith. The question he tackles in *WHAT GOOD IS GOD?* concerns the practical value of belief in God. His search for the answer to this question took him to some amazing settings around the world: Mumbai, India when the firing started during the terrorist attacks; at the motel where Martin Luther King Jr. was assassinated; on the Virginia Tech campus soon after the massacre; an AA convention; and even to a conference for women in prostitution. At each of the 10

places he visited, his preparation for the visit and exactly what he said to the people he met each provided evidence that faith really does work when what we believe is severely tested. *WHAT GOOD IS GOD?* tells the story of Philip's journey - the background, the preparation, the presentations themselves. Here is a story of grace for armchair travelers, spiritual seekers, and those in desperate need of assurance that their faith really matters.

Alta, Zaya, Nara, Oyuna and Dolgorna - a mother, three sisters, and the teenage daughter of one of the sisters - each tell their pieces of the family story, an epic fraught with secrets and betrayals, in *All This Belongs to Me*, the debut novel of Petra Hulova. *All This Belongs to Me* transports the reader from Mongolia's harsh, dusty steppe to the clamor and grime of the capital, Ulaanbantar; from nomadic herding and felt tents to

brothels and prefab apartment blocks. With a filmic eye and a dead-on ear, Hulova vividly conveys the landscapes and lives of three generations of women. Two of the sisters, born illegitimately of their mother's clandestine affairs with foreigners - one Chinese, one Russian - struggle with the stigma of being half-breeds, while the strict division of male and female labor and social roles plays out in the city and country alike, with devastating consequences.

The religious reformation in fifteenth century Bohemia was also a social, political, and cultural revolution - the first of the great upheavals that transformed the medieval into the modern world. Beginning with a revival

of evangelical pietism among the people of Prague, then coming under the leadership of the Czech intelligentsia of Prague's university, the reform movement reached its highest point under Master John Hus, who fused the fervor of pietism with the systematic political program developed by the English reformer John Wyclif. When Hus passed from the scene by submitting himself to the Council of Constance, leadership of the movement was taken up by the more radical Jakoubek of Stribro - pioneer of what was to become Hussitism's most characteristic practice, lay communion in both kinds (utraquism). At the same time, the propagation of the reform by Jakoubek's disciples among the townsmen and peasantry of the realm balanced the

more conservative tendencies of the university masters and the Hussite feudality; by 1417 the Hussite movement was an uneasy coalition of religio-political tendencies ranging from extreme conservatism to Waldensian sectarianism. Out of the interplay among the Hussite parties and their various reactions to the pressures from Pope and Emperor there emerged two main types of reformation - one centered in Prague, the other in Tabor. Both were condemned by the Roman church, but the movement in Prague, less extreme, never ceased to hope for a reversal of that decision. Tabor, on the other hand, went all the way to heresy, schism, and revolution, ending with the form of the autonomous congregational community, organized as a city-state, in 'de facto'

secession from the medieval order. Religious reformism, sectarian heresy of every sort, national passions, class hatreds, laicization, and anticlericalism - all the disturbing factors at work in late-medieval Europe came together in the Hussite revolution, which provided examples of virtually every form of change with which Europe would be concerned for the next three centuries.

Following a crippling depression and institutionalization, the writer "Desmond" wanders from his native Dublin around an increasingly unrecognizable Europe, and as far as the southern United States, assembling a patchwork of small stories, conversations, love affairs, memories, regrets, and confrontations: "the labyrinth of stories of people whose lives you touch . . . so that your mind becomes like a polychromatic Irish pub." Whether a series of tragic postcards, a cubist novel, or a memoir shorn of its connective tissue, *A Farewell to Prague* stands as Desmond Hogan's greatest achievement: a catalog of the moments that justify a life "or shine a light on its emptiness."
