The hidden
key to a

healthy
relationship is
not just
managing
money but
understanding
how the other
approaches
money. Every
couple argues
about money.
It doesn't
matter if
you've been
married for 40
years or
dating for 4
months,
money
touches every
decision you
make as a
couple—from
the \$5 cup of
coffee to the
\$50,000 car.
And when the
two of you
don't see eye-
to-eye on how
much to
spend or how

much to save,
that's when
arguments
turn into ugly
toxic fights
that leave
both persons
feeling hurt
and angry. It's
why money
has become
the #1 cause
of divorce in
the U.S.
Obviously,
something
needs to
change. The
reason this
crisis has not
been
addressed is
because it has
never been
identified,
defined, or
given a name.
Scott and
Bethany
Palmer, aka
"The Money
Couple," have

identified and defined this problem and offer concrete solutions to fix it. Once you know your Money Personality, you can get to the root of money arguments and start really working together. You'll discover what has an impact on your loved one's money decisions, and you'll learn how to talk about money in a way that's actually fun! You'll figure out how to put an end to money secrets and lies once

and for all. It's not just about money management, and it's definitely not just about overcoming debt. It is a whole new way of living that will change everything in your relationship. Tens of thousands have already been transformed. Are you ready?

You Can Baby Step Your Way to Becoming a Millionaire

Most people know Dave Ramsey as the guy who did stupid with a lot of zeros on the end. He made his first million in his twenties—the wrong way—and then went bankrupt. That's when he set out to learn God's ways of managing money and developed the Ramsey Baby Steps. Following these steps, Dave became a millionaire again—this time the right way. After three decades of guiding

millions of others through the plan, the evidence is undeniable: if you follow the Baby Steps, you will become a millionaire and get to live and give like no one else. In Baby Steps Millionaires, you will . . .

*Take a deeper look at Baby Step 4 to learn how Dave invests and builds wealth *Learn how to bust through the barriers preventing them from becoming a millionaire *Hear true

stories from ordinary people who dug themselves out of debt and built wealth *Discover how anyone can become a millionaire, especially you Baby Steps Millionaires isn't a book that tells the secrets of the rich. It doesn't teach complicated financial concepts reserved only for the elite. As a matter of fact, this information is straightforward, practical, and maybe even a little

boring. But the life you'll lead if you follow the Baby Steps is anything but boring! You don't need a large inheritance or the winning lottery number to become a millionaire. Anyone can do it—even today. For those who are ready, it's game on! Thomas Nelson Inc If you're looking for practical information to answer all your "How?" "What?" and "Why?" questions

about money, this book is for you. Dave Ramsey's Complete Guide to Money covers the A to Z of Dave's money teaching, including how to budget, save, dump debt, and invest. You'll also learn all about insurance, mortgage options, marketing, bargain hunting and the most important element of all—giving. This is the handbook of Financial Peace University. If

you've already been through Dave's nine-week class, you won't find much new information in this book. This book collects a lot of what he's been teaching in FPU classes for 20 years, so if you've been through class, you've already heard it! It also covers the Baby Steps Dave wrote about in The Total Money Makeover, and trust us—the Baby Steps haven't changed a bit. So if you've already memorized

everything Dave's ever said about money, you probably don't need this book. But if you're new to this stuff or just want the all-in-one resource for your bookshelf, this is it!

Every parent wants the best for their child. That's why

they send them to college! But most parents struggle to pay for school and end up turning to student loans. That's why the majority of graduates walk away with \$35,000 in student loan debt and no clue what that debt will really cost them.¹ Student loan debt doesn't open doors for young adults—it closes them. They postpone getting married and starting a family. That debt even

takes away their freedom to pursue their dreams. But there is a different way. Going to college without student loans is possible! In Debt-Free Degree, Anthony ONeal teaches parents how to get their child through school without debt, even if they haven't saved for it. He also shows parents: *How to prepare their child for college *Which classes to take in high school *How and when to

take the ACT and SAT *The right way to do college visits *How to choose a major A college education is supposed to prepare a graduate for their future, not rob them of their paycheck and freedom for decades. Debt-Free Degree shows parents how to pay cash for college and set their child up to succeed for life. **The Essential Companion for Applying the Book's**

When Dave Ramsey was experiencing his own Total Money makeover, he found that journaling was very helpful and effective. Dave says, "Take this journal and record everything happening that seems like a big deal. Record the relationship issues, the debt, the emotions, the setbacks, the victories, and anything else that seems important at the time. "The

immediate benefits of writing everything down are twofold. First, writing helps you process the problems and victories. The second immediate benefit of journaling is that you can reread your entry just days-even months-later and gain vital perspective on your progress. "Write it down. You will be glad you did."
