Explores the rich diversity  
of narratives, rituals, and  
participants connected  
with one of the most  
important celebrations for  
Hindus in South Asia and  
in the diaspora. The

autumnal Navarātri  
festival—also called Durgā  
Pūjā, Dassehra, or  
Dasain—is the most  
important Hindu festival  
in South Asia and  
wherever Hindus settle. A

nine-night-long celebration in honor of the goddess Durgā, it ends on the tenth day with a celebration called "the victorious tenth" (vijayadaśamī). The rituals that take place in domestic, royal, and public spaces are closely connected with one's station in life and dependent on social status, economic class, caste, and gender issues. Exploring different aspects of the festival as celebrated in diverse regions of South Asia and in the South Asian

diaspora, this book addresses the following common questions: What does this festival do? What does it achieve, and how? Why and in what way does it sometimes fail? How do mass communication and social media increase participation in and contribute to the changing nature of the festival? The contributors address these questions from multiple perspectives and discuss issues of agency, authority, ritual efficacy, change, appropriation, and adaptation. Because

of the festival's reach beyond its diverse celebrations in South Asia, its influence can be seen in the rituals and dances in many parts of Western Europe and North America. Ute Hüsken is Professor and Head of the Department of Cultural and Religious History of South Asia at the South Asia Institute at Heidelberg University, Germany. Her books include *The Ambivalence of Denial: Danger and Appeal of Rituals* (coedited with Udo Simon). Vasudha

Narayanan is Distinguished Professor of Religion and Director of the Center for the Study of Hindu Traditions at the University of Florida. Her books include The Life of Hinduism (coedited with John Stratton Hawley).

Astrid Zotter is researcher at Heidelberg Academy of Sciences and Humanities, Germany. Her books include Hindu and Buddhist Initiations in India and Nepal (coedited with Christof Zotter).

The Ramayana, one of the two pre-eminent Hindu epics, has played a foundational role in many aspects of India's arts and social norms. For centuries, people learned this narrative by watching, listening, and participating in enactments of it. Although the Ramayana's first extant telling in Sanskrit dates back to ancient times, the story has continued to be retold and rethought through the centuries in many of India's regional

languages, such as Hindi, Tamil, and Bengali. The narrative has provided the basis for enactments of its episodes in recitation, musical renditions, dance, and avant-garde performances. This volume introduces non-specialists to the Ramayana's major themes and complexities, as well as to the highly nuanced terms in Indian languages used to represent theater and performance. Two introductions orient readers to the history of Ramayana texts by

Tulsidas, Valmiki, Kamban, Sankaradeva, and others, as well as to the dramaturgy and aesthetics of their enactments. The contributed essays provide context-specific analyses of diverse Ramayana performance traditions and the narratives from which they draw. The essays are clustered around the shared themes of the politics of caste and gender; the representation of the anti-hero; contemporary re-interpretations of

traditional narratives; and the presence of Ramayana discourse in daily life.

Brahma Kumaris Explores the contemporary nature and the diverse narratives, rituals, and performances of the Navarātri festival. Nine Nights of the Goddess explores the festival of Navarātri—alternatively called Navarātra, Mahānavamī, Durgā Pūjā,

Dasarā, and/or Dassain—which lasts for nine nights and ends with a celebration called Vijayadaśamī, or “the tenth (day) of victory.” Celebrated in both massive public venues and in small, private domestic spaces, Navarātri is one of the most important and ubiquitous festivals in South Asia and wherever South Asians have settled. These festivals share many elements, including the goddess, royal power, the killing of demons, and the worship of young girls

and married women, but their interpretation and performance vary widely. This interdisciplinary collection of essays investigates Navarātri in its many manifestations and across historical periods, including celebrations in West Bengal, Odisha, Karnataka, Maharashtra, Tamil Nadu, Uttar Pradesh, and Nepal. Collectively, the essays consider the role of the festival's contextual specificity and continental ubiquity as a central component for

understanding South Asian religious life, as well as how it shapes and is shaped by political patronage, economic development, and social status. "This is a unique collection of marvelously diverse perspectives on one of the most prominent contemporary Hindu festivals. Even those who know much about Durgā Pūjā should prepare to be fascinated by the work of these scholars." — Patricia Dold, Memorial University

Picking up the pen is, sometimes, like playing with fire, especially in the business of political cartooning. In a profession of stroke-and-tell, where less is more, the brooding cartoonist turns everyday events into spaces for engagement. They draw the line between concern and apathy to bring issues into public view, invariably, shaking us out of our inattentional blindness. After all, they are a tribe--an

endangered one--with the silly belief that the funny bone must be tickled. Cartooning in India--a Raj legacy--has come a long way from its colonial beginnings and Punch-imitations. Since Independence, newspapers have hosted the bold and often audacious irreverence of the likes of Shankar and R. K. Laxman. Their laconic lines gave the "Common Man" the voice of an honest opinion. This volume presents conversations with India's leading political

cartoonists which take us into that recondite art of political commentating. Testbook.com Important Current Affairs January 2019 Capsule in one place.
