updated edition of A History of Cambodia provides a timely look at this increasingly visible Southeast Asian nation. Hailed by the Journal of Asian Studies as an "original contribution, superior to any other existing work", the first edition ended in 1953 with Cambodia's independence from France; the second carries the narrative forward to the peace negotiations of 1990. In the	new material, Chandler focuses especially on the unstable but influential career of Prince Norodom Sihanouk, the bloody reign of Pol Pot's Khmer Rouge, and the relative calm that followed the Vietnamese invasion of 1979. This concise yet comprehensive work will illuminate--for specialists and general readers alike--the history and contemporary politics of a country long	misunderstood. <i>BOOK I - 1st Century to 1595: Funan, Chenla, Angkor and Longvek Periods</i> Routledge This edition of Ben Kiernan's account of the Cambodian revolution and genocide includes a new preface that takes the story up to 2008 and the UN-sponsored Khmer Rouge tribunal. Kiernan's other books include 'Blood and Soil: A World History of Genocide and Extermination
--	--	--

from Sparta to Darfur' and 'How Pol Pot Came to Power'. CALYX Books This well-researched volume examines the Sino-Vietnamese hostilities of the late 1970s and 1980s, attempting to understand them as strategic, operational and tactical events. The Sino-Vietnamese War was the third Indochina war, and contemporary Southeast Asia cannot be properly

understood unless we acknowledge that the Vietnamese fought three, not two, wars to establish their current role in the region. The war was not about the Sino-Vietnamese border, as frequently claimed, but about China's support for its Cambodian ally, the Khmer Rouge, and the book addresses US and ASEAN involvement in the effort to support the regime. Although the Chinese

completed their troop withdrawal in March 1979, they retained their strategic goal of driving Vietnam out of Cambodia at least until 1988, but it was evident by 1984-85 that the PLA, held back by the drag of its 'Maoist' organization, doctrine, equipment, and personnel, was not an effective instrument of coercion. Chinese Military Strategy in the Third Indochina War will be of

great interest to all students of the Third Indochina War, Asian political history, Chinese security and strategic studies in general. *Extraordinary Justice* New Haven : Yale University Press This well-researched volume examines the Sino-Vietnamese hostilities of the late 1970s and 1980s, attempting to understand them as strategic, operational and tactical

events. The Sino-Vietnamese War was the third Indochina war, and contemporary Southeast Asia cannot be properly understood unless we acknowledge that the Vietnamese fought three, not two, wars to establish their current role in the region. The war was not about the Sino-Vietnamese border, as frequently claimed, but about China's support for its Cambodian

ally, the Khmer Rouge, and the book addresses US and ASEAN involvement in the effort to support the regime. Although the Chinese completed their troop withdrawal in March 1979, they retained their strategic goal of driving Vietnam out of Cambodia at least until 1988, but it was evident by 1984-85 that the PLA, held back by the drag of its 'Maoist' organization, doctrine, equipment, and

personnel, was not an effective instrument of coercion. Chinese Military Strategy in the Third Indochina War will be of great interest to all students of the Third Indochina War, Asian political history, Chinese security and strategic studies in general. Politics, War, and Revolution Since 1945 Routledge  
In just a few short years, the Khmer Rouge

presided over one of the twentieth century's cruelest reigns of terror. Since its 1979 overthrow, there have been several attempts to hold the perpetrators accountable, from a People's Revolutionary Tribunal shortly afterward through the early 2000s Extraordinary Chambers in the Courts of Cambodia, also known as the Khmer Rouge Tribunal. Extraordinary Justice offers a

definitive account of the quest for justice in Cambodia that uses this history to develop a theoretical framework for understanding the interaction between law and politics in war crimes tribunals. Craig Etcheson, one of the world's foremost experts on the Cambodian genocide and its aftermath, draws on decades of experience to trace the evolution of transitional justice in the country from

the late 1970s to the present. He considers how war crimes tribunals come into existence, how they operate and unfold, and what happens in their wake. Etcheson argues that the concepts of legality that hold sway in such tribunals should be understood in terms of their orientation toward politics, both in the Khmer Rouge Tribunal and generally. A magisterial chronicle of the inner

workings of postconflict justice, Extraordinary Justice challenges understanding of the relationship between politics and the law, with important implications for the future of attempts to seek accountability for crimes against humanity. Journey to the Kingdom of Cambodia Harper Collins A generation after the Khmer Rouge, Cambodia shows every sign of having overcome its

history--the streets of Phnom Penh are paved; skyscrapers dot the skyline. But under this façade lies a country still haunted by its years of terror. Joel Brinkley won a Pulitzer Prize for his reporting in Cambodia on the fall of the Khmer Rouge regime that killed one quarter of the nation's population during its years in power. In 1992, the world came together to help pull the

small nation out of the mire. Cambodia became a United Nations protectorate--the first and only time the UN tried something so ambitious. What did the new, democratically-elected government do with this unprecedented gift? In 2008 and 2009, Brinkley returned to Cambodia to find out. He discovered a population in the grip of a venal government. He learned that one-third

to one-half of Cambodians who lived through the Khmer Rouge era have P.T.S.D.--and its afflictions are being passed to the next generation. His extensive close-up reporting in Cambodia's **Curse** illuminates the country, its people, and the deep historical roots of its modern-day behavior. **Political Reconstruction in a Post-conflict Society** Routledge Inspired by David

Chandler's groundbreaking work on Cambodian attempts to find order in the aftermath of turmoil, these essays explore Cambodian history using a rich variety of sources that cast light on Khmer perceptions of violence, wildness, and order, examining the "forest" and cultured space, and the fraught "edge" where they meet. **A History of the Cambodian Government 1970-1975**

Westview Press Two captivating manuscripts in one book: History of Cambodia The Khmer Empire <u>Everyday</u> <u>Privatization in</u> <u>Education and</u> <u>Beyond</u> Cornell University Press This volume showcases some of the most current and exciting research being done on Cambodian religious ideas and practices by a new generation of scholars from a variety of disciplines. The different	contributors examine in some manner the relationship between religion and the ideas and institutions that have given shape to Cambodia as a social and political body, or nation. Although they do not share the same approach to the idea of "nation," all are concerned with the processes of religion that give meaning to social interaction, which in some way includes "Cambodian" identity.	Chapters touch on such far-reaching theoretical issues as the relation to religion of Southeast Asian polity; the nature of colonial religious transformation ; "syncretism" in Southeast Asian Buddhism; the relation of religious icon to national identity, religion, and gender; transnationalis m and social movements; and identity among diaspora communities. While much has been
---	---	--

published on Cambodia's recent civil war and the Pol Pot period and its aftermath, few English language works are available on Cambodian religion. This book takes a major step in filling that gap, offering a broad overview of the subject that is relevant not only for the field of Cambodian studies, but also for students and scholars of Southeast Asian history, Buddhism,

comparative religion, and anthropology. Contributors: Didier Bertrand, Penny Edwards, Elizabeth Guthrie, Hang Chan Sophea, Anne Hansen, John Marston, Kathryn Poethig, Ashley Thompson, Teri Shaffer Yamada.

**A Short History of Cambodia**

University of Hawaii Press  
Traces the story of India's expansion that is woven into the culture of Southeast Asia.

**Southeast Asia**

HarperCollins  
The political history of Cambodia between 1945 and 1979, which culminated in the devastating revolutionary excesses of the Pol Pot regime, is one of unrest and misery. This book by David P. Chandler is the first to give a full account of this tumultuous period.  
Essays on Cambodia, History, and Narrative in Honor of David Chandler Allen

& Unwin The recipient of numerous literary prizes, including the National Book Award, the Kafka Award, and the Pushcart Prize, Ursula K. Le Guin is renowned for her spare, elegant prose, rich characterizati on, and diverse worlds. "The Ones Who Walk Away from Omelas" is a short story originally published in the collection The Wind's Twelve Quarters. <i>The Pol Pot</i>	<i>Regime</i> University of Hawaii Press After enduring years of hunger, deprivation, and devastating loss at the hands of the Khmer Rouge, ten-year-old Loung Ung became the "lucky child," the sibling chosen to accompany her eldest brother to America while her one surviving sister and two brothers remained behind. In this poignant and elegiac memoir, Loung recalls	her assimilation into an unfamiliar new culture while struggling to overcome dogged memories of violence and the deep scars of war. In alternating chapters, she gives voice to Chou, the beloved older sister whose life in war-torn Cambodia so easily could have been hers. Highlighting the harsh realities of chance and circumstance in times of war as well as in times of peace, Lucky

Child is ultimately a testament to the resilience of the human spirit and to the salvaging strength of family bonds. Khmer Women on the Move NIAS Press The illicit traffic of art is an important problem that affects modern life all over the world. This work addresses the issue using the showcase of Cambodia, where looters systematically destroy cultural heritage. Beginning with an

overview of Cambodian history and culture, it explores every aspect of the illicit traffic of Cambodian art. It analyzes the history, size, and structure of art trafficking in Cambodia, its growth and profit margins, and the participants and international crime syndicate involved. It also describes the "demand" side of the story: antique dealers, collectors, auction houses, and museums. The

work deals with the impact of the illicit trafficking on the legal, political, and economic systems of Cambodia, as well as its effect on archeological, historical, and religious values and the cultural identity of the nation. The work also analyzes the current long-term and short-term policies proposed by the Cambodian government and suggests policy alternatives

that may be implemented by the Cambodian authorities. An appendix includes the description of all cases of the restitution of objects of Khmer art. *A Daughter of Cambodia Reunites with the Sister She Left Behind* McFarland This clear and concise volume provides a timely overview of Cambodia, a small but increasingly visible Southeast Asian nation. Hailed by the Journal of

Asian Studies as an "original contribution, superior to any other existing work," the third edition of this acclaimed text has been completely revised and updated to include all-new material examining the death of Pol Pot and the collapse of the Khmer Rouge. In addition, Chandler examines the unstable but influential career of Prince Norodom Sihanouk, the bloody reign of Pol Pot's Khmer Rouge,

and the relative calm that followed the Vietnamese invasion of 1979. This comprehensive general description and analysis of Cambodia will illuminate—for specialists and general readers alike—the history and contemporary politics of a country long misunderstood.

**A History Of Cambodia** PublicAffairs Khmer Women on the Move offers a fascinating ethnography

of young Cambodian women who move from the countryside to work in Cambodia's capital city, Phnom Penh. Female migration and urban employment are rising, triggered by Cambodia's transition from a closed socialist system to an open market economy. This book challenges the dominant views of these young rural women--that they are controlled by global economic

forces and national development policies or trapped by restrictive customs and Cambodia's tragic history. The author shows instead how these women shape and influence the processes of change taking place in present-day Cambodia. Based on field research among women working in the garment industry, prostitution, and street trading, the book explores the complex interplay between their

experiences and actions, gender roles, and the broader historical context. The focus on women involved in different kinds of work allows new insight into women's mobility, highlighting similarities and differences in working conditions and experiences. Young women's ability to utilize networks of increasing size and complexity allows them to move into and

between geographic and social spaces that extend far beyond the village context. Women's mobility is further expressed in the flexible patterns of behavior that young rural women display when trying to fulfill their own "modern" aspirations along with their family obligations and cultural ideals. The Daily Show (The Book) Westview Press

Cambodia for Sale: Everyday Privatization in Education and Beyond details a post-conflict society that socializes children into a world of private rather than public goods. Despite the government's best efforts since the 1990s to re-constitute a functioning system of public services, life remains organized around buying and selling virtually everything, from humanitarian

aid to schooling and from religious good deeds to irrigation. Through an ethnography of one village, Cambodia for Sale argues that efforts to rebuild Cambodia after decades of conflict have resulted in various forms of everyday privatization. Although this is most notable in the education system, these practices of privatization can be found in multiple institutions that constitute social life,

from the Buddhist pagoda to local government. The various efforts of international development are as much at fault for this reality as are the legacies of the genocidal Khmer Rouge regime. This argument unfolds through the life stories of six residents of the Preah Go village, who collectively depict everyday life through overlapping village institutions, systems, and

histories. This is an insightful and valuable reference for scholars interested in educational development, Southeast Asian studies, and comparative education. First They Killed My Father Harper Collins Concluding the trilogy that started with the bestselling memoir First They Killed My Father, Loung Ung describes her college experience and her first steps into adulthood, revealing her

struggle to reconcile with her past while moving forward towards happiness. After the violence of the Khmer Rouge and the difficult assimilation experience of a refugee, Loung's daily struggle to keep darkness, anger, and depression at bay will finally find two unexpected allies: the empowering call of activism, and the redemptive power of love. Lulu in the Sky

is the story of Loung's journey to a Cambodian village to reconnect with her mother's spirit; to a vocation that will literally allow her to heal the landscape of her birth; and to the transformative influence of a supportive marriage to a loving man.

**Beyond Democracy in Cambodia**

Columbia University Press  
In this concise and compelling history, Cambodia's

past is described in vivid detail, from the richness of the Angkorean empire through the dark ages of the 18th and early-19th centuries, French colonialism, independence, the Vietnamese conflict, the Pol Pot regime, and its current incarnation as a troubled democracy. With energetic writing and passion for the subject, John Tully covers the full sweep of Cambodian

history, explaining why this land of contrasts remains an interesting enigma to the international community. Detailing the depressing record of war, famine, and invasion that ha.

An Economic History of Cambodia in the Twentieth Century

Monash University Press  
Whose effects were genocidal, he oversaw the deaths of more than one million of his nation's people. The

political career of Saloth Sar (b. 1928), better known by his nom de guerre Pol Pot, forms a critical but largely inaccessible	portion of twentieth- century Cambodian history. What we know about his life is sketchy: a comfortable childhood, three years of	study in France, and a short career as a schoolteacher preceded several years - spent mostly in hiding - as a.
