What is the difference between an academic and professional qualification? Who should get a professional qualification? Did you know that some professions can not be legally practised with a degree alone? Why get a UK qualification? Is it expensive to gain a British qualification? What is a chartered institute or society, and is it better than a non-chartered body? What is the difference between a professional body and a trade union? These are all questions answered in this book which is designed to help individuals choose a career path and the right professional organisation. In today's world it isn't enough to have a qualification, you need to be able to meet with peers and use the valuable networks that are already in place to foster your profession. Your Professional Qualification provides a comprehensive survey of the qualifications available in the UK along with guidance on where they lead, entry requirements, where to apply and where to study. Derived from the vast and authoritative British Qualifications database, this important publication provides

the first easily accessible guide to qualifications and how to get them in the UK. Built around a comprehensive directory of professional qualifying bodies each professional area is described in depth and its qualifications identified and explained. The book is supported by a simple website, which ensures purchasers of the book are kept up-to-speed with new developments.

Kogan Page Limited

This book provides a comprehensive introduction to the principles and practice of book-keeping and accounting. Throughout the text, real-life case studies are used to illustrate principles. There are many practical exercises (with answers) and activities included. A section of GCSE questions is given at the end of the book.

Now going into its 9th edition, the successful textbook Book-keeping and Accounts is a vital guide for students undertaking studies of book-keeping and accounting for the first time. Through its gradual introduction of topics, explanation of technical terminology in a clear, easy to understand way, this text provides an accessible and reliable guide for any student in their undergraduate career. New to this edition: · Fully compliant with International Financial Reporting Standards

(IFRS), with current IFRS terminology. · Questions and exercises to test your understanding and help with revision. · Selected chapters amended and re-structured. · Full explanation of HMRC changes in VAT relating to cash discounts. · Illustrations and diagrams to help explain key concepts. · Updated 'learning objectives' and 'chapter summaries', to reflect developments in the financial environment · Easy to understand to double entry book-keeping using the 'IN' and 'OUT' approach. With its highly regarded authorship this text is used by lecturers for teaching students undertaking the following qualifications and examinations; Association of Accounting Technicians (AAT), International Association of Book-keepers (IAB), A Level Accounting, Oxford Cambridge and Royal Society of Arts (OCR), and as a general foundation text for personnel employed in the accountancy profession. Accompanying the text is a collection of resources to support both lecturers and students which can be found at www.pearsoned.co.uk/wood - For instructors : Solution's manual, and Powerpoint slides - For students : Opportunities to practise and additional support with our companion website
