Timothy is on probation. It's a strange word—something that happens to other kids, to delinquents, not to kids like him. And yet, he is under house arrest for the next year. He must check in weekly with a probation officer and a therapist, and keep a journal for an entire year. And mostly, he has to stay out of trouble. But when he must take drastic measures to help his struggling family, staying out of trouble proves more difficult than Timothy ever thought it would be. By turns touching and funny, and always original, *House Arrest* is a middlegrade novel in verse about one boy's path to redemption as he navigates life with a

sick brother, a grieving mother, and one tough probation officer. The Gospel According to Matthew Chronicle Books
A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and

turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. After that, the student will move outside our solar system and learn about the stars and galaxies that make up God's incredible universe. Finally, the student will learn about space travel and what it takes to be an astronaut! The activities and projects use easy-to-find household items and truly make the lessons come alive! They include making a solar eclipse, simulating the use of radar to determine a hidden landscape, and making a telescope. We recommend that you spend the entire school year covering this book, devoting approximately two sessions per week to the course.

A Journey Into the Father's Heart Aladdin

Galatians shines as Paul's foundational exposition of core Christianity. It's amazing how many so-called Christians don't really "get it." They think that the basis of Christianity is living a good moral life and doing good works. And - so long as you don't mess up your life entirely - you'll end up in heaven. And, oh yes, Jesus died for our sins, whatever that means. Paul's Letter to the Galatians deals with this kind of shallow understanding head-on. He had won the Galatians to Christ. But now some Jewish-Christians had begun to convince these Gentile believers that they couldn't be saved unless they were circumcised and kept the Mosaic Law. The new Christians were about to go backwards - from faith in Christ to faith in law-keeping - and Paul is adamant that this is a fall from grace. As you study Galatians, you'll begin to grasp the core of the gospel that helped Martin Luther to the conviction that we are saved by faith alone. You'll also learn to walk by the Spirit and bear the fruit of the Spirit in your character. This volume explores Galatians in 9 lessons. Thought-

provoking discussion questions make it a useful tool for personal enrichment, small groups, and classes. Extensive footnotes assist teachers and preachers with background research for sermon preparation.

Richmond Lattimore, one of the most distinguished living translators of Greek, has in this book completed his rendering of the New Testament in fresh and accurate English for the modern reader. The publication of his translation of The Four Gospels and the Revelation in 1979 was hailed by the New York Times Book Review as "an achievement that places us more deeply in Lattimore's debt than any other in a long diligent career." The Acts of the Apostles, which he calls "the earliest consecutive story of early Christianity that we have," and the three groups of Letters of the Apostles--those of Saint Paul, the letter to the Hebrews, and the General Letters--are now made available to complete the New Testament in his translation. His aim again has been to provide a simple, literal rendering in which the syntax and order of the Greek dictate the character of the English style. Lattimore, as an authority on the Greek language in which these

texts have come down to us, and as a writer without pretensions as a biblical scholar, allows the words of the apostles and earliest disciples to speak for themselves with accuracy and fidelity to the Greek. The book's design follows the attractive and readable format of *The Four Gospels*, and avoids the usual apparatus of biblical texts.

Often quoted by Chuck Swindoll, Charles Stanley, Billy Graham and other great preachers, A. W. Tozer's words are being heard and read by millions today words like: "Origin is a creature word... All things have an origin. But when you come back to God, you come back to the One who has not origin. He is the Cause of all things, the uncaused Cause. God is Transcendent." "You'll never find Him on your own... He is far away in one sense, but in another He is as near as your heartbeat, for the cross has bridged the gulf." "If there is anything God could learn, it would mean that God didn't know it before. If he didn't know it before, then He didn't know everything, He wouldn't be perfect, and if He isn't perfect then He isn't God." The chapters of this book were originally preached as sermons at Avenue Road Church in Toronto, ON. Whether spoken or written, Tozer's words were designed to "promote personal heart religion" among God's people.

2019 The Washington Post Best Children's Book of the Year (Erin Entrada Kelly Pick) A 2020 ALA Notable Children's Book "The novel's all-too-familiar scenario offers a springboard for discussion among middle schoolers...Easily grasped scenarios and short chapters help make this timely #MeToo story

accessible to a wide audience." —Publishers Weekly (starred review) "Realistic and heartbreaking." —BCCB Barbara Dee explores the subject of #MeToo for the middle grade audience in this heart-wrenching—and ultimately uplifting—novel about experiencing harassment and unwanted attention from classmates. For seventh-grader Mila, it starts with some boys giving her an unwanted hug on the school blacktop. A few days later, at recess, one of the boys (and fellow trumpet player) Callum tells Mila it's his birthday, and asks her for a "birthday hug." He's just being friendly, isn't he? And how can she say no? But Callum's hug lasts a few seconds too long, and feels...weird. According to her friend, Zara, Mila is being immature and overreacting. Doesn't she know what flirting looks like? But the boys don't leave Mila alone. On the bus. In the halls. During band practice—the one place Mila could always escape. It doesn't feel like flirting—so what is it? Thanks to a chance meeting, Mila begins to find solace in a new place: karate class. Slowly, with the help of a fellow classmate, Mila learns how to stand her ground and how to respect others—and herself. From the author of *Everything I Know About You*, *Halfway Normal*, and *Star-Crossed* comes this timely story of a middle school girl standing up and finding her voice.

A Course in Personal Discipleship to Strengthen Your Walk with God Thomas Nelson

The Gospel written by the Beloved Disciple St. Augustine once said about the Gospel of John, that, "It is shallow enough for a child not to drown, yet deep enough for an elephant to swim in it." John contains the Bible's favorite verse - John 3:16. John's themes are essential to our understanding of Jesus as Son of God

and Messiah. Here we learn about the Holy Spirit, the Counselor who lives within us to guide and empower us. We learn about the Father's love and eternal life. Some of the most beloved stories of Jesus' ministry are found only in the Fourth Gospel -- changing the water into wine, the woman at the well, the woman taken in adultery, raising Lazarus, washing the disciples' feet, and many more. In John's Gospel you find Jesus as the Bread of Life; the Light of the World; the Good Shepherd; the Way, the Truth, and the Life. John's Gospel is lengthy - 21 chapters, but rich and deep. Each chapter concludes with a summary of lessons for disciples to ponder. This study's helpful thought and discussion questions make it useful for personal enrichment and by small groups and classes. Extensive research contained in the footnotes makes it a goldmine for teachers and a boon to preachers involved in sermon preparation.

Edible insects have always been a part of human diets, but in some societies there remains a degree of disdain and disgust for their consumption. Insects offer a significant opportunity to merge traditional knowledge and modern science to improve human food security worldwide. This publication describes the contribution of insects to food security and examines future prospects for raising insects at a commercial scale to improve food and feed production, diversify diets, and support livelihoods in both developing and developed countries. Edible insects are a promising alternative to the conventional production of meat,

either for direct human consumption or for indirect use as feedstock. This publication will boost awareness of the many valuable roles that insects play in sustaining nature and human life, and it will stimulate debate on the expansion of the use of insects as food and feed.
