Ski doo xp chassis plastic removal Engine Removal From Rev Xp Page 1 of 2 - 08 engine removal - posted in REV-XP / XM Chassis - Mountain Sleds: bought an 08 with 2500 miles on it. it runs great. ive decided it would be a good idea to pull the engine out and send the crank off to northern crankshaft and have the run out corrected and have him check all the bearings out and have them re greased and ready to go. i want this sled to be totally problem less ...08 engine removal - REV-XP / XM Chassis - Mountain Sleds ...Well I finally found time to get the engine out. Thought I would post up some pics. I am feeling like the inside is looking REALLY good for 3600 miles. Stock motor everything was running smooth when I took it out. Pistons and head look good, hopefully the crank will look as good and will...REV engine removal..... | SnoWest
