BENJAMIN BUCKLEY

The Art of Cross-examination Penguin
In our time nobody is content to stop with faith but wants to go further. It would perhaps be rash to ask where these people are going, but it is surely a sign of breeding and culture for me to assume that everybody has faith, for otherwise it would be queer for them to be . . . going further. In those old days it was different, then faith was a task for a whole lifetime, because it was assumed that dexterity in faith is not acquired in a few days or weeks. When the tried

oldster drew near to his last hour, having fought the good fight and kept the faith, his heart was still young enough not to have forgotten that fear and trembling which chastened the youth, which the man indeed held in check, but which no man quite outgrows. . . except as he might succeed at the earliest opportunity in going further. Where these revered figures arrived, that is the point where everybody in our day begins to go further.

Infinite Jest Harvard University Press
Collection of interviews that profiles Wallace's career of twenty years, from 1987 until his suicide in 2008, that provides insight into his development as

a writer and complicated persona.

Understanding David Foster Wallace

Vintage

The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the Seattle Times as "the definitive account of how a tech icon came to life." Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at disruptively low prices. To do so, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees

and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read.

**Although Of Course You End Up
Becoming Yourself** Penguin

Bachelor Thesis from the year 2010 in the subject American Studies -

Literature, grade: 1,0, TU Dortmund (Institut für Anglistik und Amerikanistik), language: English, abstract: In 1996, David Foster Wallace published his second major novel 'Infinite Jest' that changed not only our understanding of what literature can do but also the way we read literature. With its hundreds of characters, thousands of pages, hundreds of endnotes and myriads of different perspectives, sub-plots and narrative digressions, Infinite Jest was and still is an extraordinary challenge for its readers. An interesting question related to Wallace's work is to what extent readers are able to establish and defend their own rules and boundaries that are challenged by their discourse with the book. The whole reading process can thus be seen as a work of

play that is established between the poles of 'infinity' and 'jest'. This opens up a new narratological dimension which has an immediate impact on the autonomy of the reader. I want to find out in how far the readers of 'Infinite Jest' have to get involved in this work of play, how it affects the way they read the book and how the idiosyncratic reading experience finally becomes an integral part of the whole book itself. *The Ecstasy of Influence* Bloomsbury Publishing USA

What's a novelist supposed to do with contemporary culture? And what's contemporary culture supposed to do with novelists? In *The Ecstasy of Influence*, Jonathan Lethem, tangling with what he calls the "white elephant" role of the writer as public intellectual,

arrives at an astonishing range of answers. A constellation of previously published pieces and new essays as provocative and idiosyncratic as any he's written, this volume sheds light on an array of topics from sex in cinema to drugs, graffiti, Bob Dylan, cyberculture, 9/11, book touring, and Marlon Brando, as well as on a shelf's worth of his literary models and contemporaries: Norman Mailer, Paula Fox, Bret Easton Ellis, James Wood, and others. And, writing about Brooklyn, his father, and his sojourn through two decades of writing, Lethem sheds an equally strong light on himself.

John Banville's stunning powers of

mimicry are brilliantly on display in this engrossing novel, the darkly compelling confession of an improbable murderer. Freddie Montgomery is a highly cultured man, a husband and father living the life of a dissolute exile on a Mediterranean island. When a debt comes due and his wife and child are held as collateral, he returns to Ireland to secure funds. That pursuit leads to murder. And here is his attempt to present evidence, not of his innocence, but of his life, of the events that lead to the murder he committed because he could. Like a hero out of Nabokov or Camus, Montgomery is a chillingly articulate, self-aware, and amoral being, whose humanity is painfully on display.

Reading Writing Interfaces Simon and Schuster

A New York Times Notable Book of the Year, a Washington Post Best Book of the Year Spanning the era between the Chicago World's Fair of 1893 and the years just after World War I, and constantly moving between locations across the globe (and to a few places not strictly speaking on the map at all), *Against the Day* unfolds with a phantasmagoria of characters that includes anarchists, balloonists, gamblers, drug enthusiasts, mathematicians, mad scientists, shamans, spies, and hired guns. As an era of uncertainty comes crashing down around their ears and an unpredictable future commences, these folks are mostly just trying to pursue their lives. Sometimes they manage to catch up; sometimes it's their lives that pursue

them.

The Untold Story of the Talking Book Little, Brown

From the author of *Infinite Jest* and *Consider the Lobster*: a collection of five brilliant essays on tennis, from the author's own experience as a junior player to his celebrated profile of Roger Federer at the peak of his powers. A "long-time rabid fan of tennis," and a regionally ranked tennis player in his youth, David Foster Wallace wrote about the game like no one else. *On Tennis* presents David Foster Wallace's five essays on the sport, published between 1990 and 2006, and hailed as some of the greatest and most innovative sports writing of our time. This lively and entertaining collection begins with Wallace's own experience as a

prodigious tennis player ("Derivative Sport in Tornado Alley"). He also challenges the sports memoir genre ("How Tracy Austen Broke My Heart"), takes us to the US Open ("Democracy and Commerce at the U.S. Open"), and profiles of two of the world's greatest tennis players ("Tennis Player Michael Joyce's Professional Artistry as a Paradigm of Certain Stuff About Choice, Freedom, Limitation, Joy, Grotesquerie, and Human Completeness" and "Federer Both Flesh and Not"). With infectious enthusiasm and enormous heart, Wallace's writing shows us the beauty, complexity, and brilliance of the game he loved best.

Against the Day Hachette UK

In the Hugo-award winning, epic New York Times Bestseller and basis for the

BBC miniseries, two men change England's history when they bring magic back into the world. In the midst of the Napoleonic Wars in 1806, most people believe magic to have long since disappeared from England - until the reclusive Mr. Norrell reveals his powers and becomes an overnight celebrity. Another practicing magician then emerges: the young and daring Jonathan Strange. He becomes Norrell's pupil, and the two join forces in the war against France. But Strange is increasingly drawn to the wild, most perilous forms of magic, and he soon risks sacrificing his partnership with Norrell and everything else he holds dear. Susanna Clarke's brilliant first novel is an utterly compelling epic tale of nineteenth-century England and the two magicians

who, first as teacher and pupil and then as rivals, emerge to change its history.

The Cambridge Companion to David Foster Wallace Penguin

Where do you begin with a writer as original and brilliant as David Foster Wallace? Here -- with a carefully considered selection of his extraordinary body of work, chosen by a range of great writers, critics, and those who worked with him most closely. This volume presents his most dazzling, funniest, and most heartbreaking work -- essays like his famous cruise-ship piece, "A Supposedly Fun Thing I'll Never Do Again," excerpts from his novels *The Broom of the System*, *Infinite Jest*, and *The Pale King*, and legendary stories like "The Depressed Person." Wallace's explorations of morality, self-

consciousness, addiction, sports, love, and the many other subjects that occupied him are represented here in both fiction and nonfiction. Collected for the first time are Wallace's first published story, "The View from Planet Trillaphon as Seen In Relation to the Bad Thing" and a selection of his work as a writing instructor, including reading lists, grammar guides, and general guidelines for his students. A dozen writers and critics, including Hari Kunzru, Anne Fadiman, and Nam Le, add afterwords to favorite pieces, expanding our appreciation of the unique pleasures of Wallace's writing. The result is an astonishing volume that shows the breadth and range of "one of America's most daring and talented writers" (*Los Angeles Times Book Review*) whose work

was full of humor, insight, and beauty.

Girl With Curious Hair W. W. Norton & Company

Since its publication in 2003, *Understanding David Foster Wallace* has served as an accessible introduction to the rich array of themes and formal innovations that have made Wallace's fiction so popular and influential. A seminal text in the burgeoning field of David Foster Wallace studies, the original edition of *Understanding David Foster Wallace* was nevertheless incomplete as it addressed only his first four works of fiction—namely the novels *The Broom of the System* and *Infinite Jest* and the story collections *Girl with Curious Hair* and *Brief Interviews with Hideous Men*. This revised edition adds two new chapters covering his final story

collection, *Oblivion*, and his posthumous novel, *The Pale King*. Tracing Wallace's relationship to modernism and postmodernism, this volume provides close readings of all his major works of fiction. Although critics sometimes label Wallace a postmodern writer, Boswell argues that he should be regarded as the nervous leader of some still-unnamed (and perhaps unnamable) third wave of modernism. In charting a new direction for literary practice, Wallace does not seek to overturn postmodernism, nor does he call for a return to modernism. Rather his work moves resolutely forward while hoisting the baggage of modernism and postmodernism heavily, but respectfully, on its back. Like the books that serve as its primary subject, Boswell's study

directly confronts such arcane issues as postmodernism, information theory, semiotics, the philosophy of Ludwig Wittgenstein, and poststructuralism, yet it does so in a way that is comprehensible to a wide and general readership—the very same readership that has enthusiastically embraced Wallace's challenging yet entertaining and redemptive fiction.

On Tennis Bloomsbury Publishing USA
A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, Infinite Jest explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our

desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, Infinite Jest bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, *The Atlantic*
The Reading of David Foster Wallace's "Infinite Jest" as Play Infinite Jest
"A gripping guide to the modern taming of the infinite."—The New York Times.

With a new introduction by Neal Stephenson. Is infinity a valid mathematical property or a meaningless abstraction? David Foster Wallace brings his intellectual ambition and characteristic bravura style to the story of how mathematicians have struggled to understand the infinite, from the ancient Greeks to the nineteenth-century mathematical genius Georg Cantor's counterintuitive discovery that there was more than one kind of infinity. Smart, challenging, and thoroughly rewarding, Wallace's tour de force brings immediate and high-profile recognition to the bizarre and fascinating world of higher mathematics.

Every Love Story Is a Ghost Story

Back Bay Books

The acclaimed New York

Times–bestselling biography and “emotionally detailed portrait of the artist as a young man” (Michiko Kakutani, *The New York Times*) In the first biography of the iconic David Foster Wallace, D.T. Max paints the portrait of a man, self-conscious, obsessive and struggling to find meaning. If Wallace was right when he declared he was “frightfully and thoroughly conventional,” it is only because over the course of his short life and stunning career, he wrestled intimately and relentlessly with the fundamental anxiety of being human. In his characteristic lucid and quick-witted style, Max untangles Wallace’s anxious sense of self, his volatile and sometimes abusive connection with women, and above all, his fraught relationship with

fiction as he emerges with his masterpiece *Infinite Jest*. Written with the cooperation of Wallace's family and friends and with access to hundreds of unpublished letters, manuscripts and journals, this captivating biography unveils the life of the profoundly complicated man who gave voice to what we thought we could not say.

The Sky is Yours Cambridge University Press

Histories of the book often move straight from the codex to the digital screen. Left out is nearly 150 years of audio recordings. Matthew Rubery uncovers this story, from Edison to today's billion-dollar audiobook industry, and breaks from convention by treating audiobooks as a distinctive art form that has profoundly influenced the way we read.

A Supposedly Fun Thing I'll Never Do Again Little, Brown

Navigating their burned-out, futuristic city home under constant threat from a pair of dragons circling the skies, three young people are forced to flee and confront challenges ranging from fire and conspiracies to taboo drugs and dragon-worshippers.

[Everything and More: A Compact History of Infinity](#) BoD - Books on Demand

The story of an intelligent but zany dysfunctional family is set in a drug-and-alcohol addicts' halfway house and a tennis academy and follows such themes as heartbreak, philosophy, and advertising.

Jonathan Strange and Mr Norrell

Little, Brown

"Elegant Complexity is the first critical

work to provide detailed and thorough commentary on each of the 192 sections of David Foster Wallace's masterful *Infinite Jest*. No other commentary on *Infinite Jest* recognizes that Wallace clearly divided the book into 28 chapters that are thematically unified. A chronology at the end of the study reorders each section of the novel into a sequential timeline that orients the reader and that could be used to support a chronological reading of the novel. Other helpful reference materials include a thematic outline, more chronologies, a map of one the novel's settings, lists of characters grouped by association, and an indexed list of references. *Elegant Complexity* orients the reader at the beginning of each section and keeps commentary separate for those readers

who only want orientation. The researcher looking for specific characters or themes is provided a key at the beginning of each commentary. Carlisle explains the novel's complex plot threads (and discrepancies) with expert insight and clear commentary. The book is 99% spoiler-free for first-time readers of *Infinite Jest*. "--Publisher's website.

[Symbolism 15](#) Little, Brown

While paratexts – among them headnotes, footnotes, or endnotes – have never been absent from American literature, the last two decades have seen an explosion of the phenomenon, including (mock) scholarly footnotes, to an extent that they seem to take over the text itself. In this Special Focus we shall attempt to find the reasons for this astonishing development. In our first

(diachronic) section we shall explore such texts as might have fostered the present boom, from fictions by Edgar Allan Poe to Vladimir Nabokov to Mark Z. Danielewski. The second (synchronic) section, will concentrate on paratexts by David Foster Wallace, perhaps the “father” of the post-postmodern footnote, as well as those to be found in novels by Bennett Sims, Jennifer Egan and Junot Diaz, among others. It appears

that, while paratexts definitely point to a high degree of self-reflexivity in the author, they equally draw attention to the textual and authorial functions of the works in which they exist. They can thus cause a reflection on the boundaries between genres like fiction, faction, and autobiography, as well as serving to highlight a host of pedagogical and social concerns that exist in the interstices between fiction and reality.
