BollySwar is a decade-wise compendium of information about the music of Hindi films. Volume 8 chronicles the Hindi film music of the decade between 2001 and 2010. This volume catalogues more than 1000 films and 8000 songs, involving more than 2000 music directors, lyricists and singers. An overview of the decade highlights the key artists of the decade -

music directors, lyricists and singers - and discusses the emerging trends in Hindi film music. A yearly review provides listings of the year's top artists and songs and describes the key milestones of the year in Hindi film music. The bulk of the book provides the song listing of every Hindi film album released in the decade. Basic information about each film's cast and crew is provided and detailed music credits are provided. Where available, music credits go beyond information regarding music directors, lyricists and singers, and include the names of

session musicians, assistants, programmers, arrangers, mixers, recordists, etc. Where applicable, music related awards are listed. Interesting trivia is listed for most films, more than 1500 in all. This includes information about artist debuts, plagiarised or sampled songs, controversies and stories behind the making of the film and its music. This book is primarily meant as a quick reference for people looking for information related to a Hindi film or a song, but readers can also browse through the book to get an overview of the events that shaped Bollywood music in the decade. Given that Hindi films are a reflection of the Indian society, the reader can also glean insights about the country's socio-political and cultural environment from the book.

A remarkable insight into the films and times of India's greatest star-actor In an industry where fashions change every Friday, Amitabh Bachchan has been synonymous with cinematic entertainment for over thirty years. But beyond the labels of 'one-man industry' and 'star of the millennium', a number of issues pertaining to the star, his films and his era remain largely unaddressed. What is it that makes Amitabh Bachchan the star he is? Is it his undeniable genius as an actor, his ability to connect with

the masses and the classes alike, or is it his writers and directors who project him in varied roles? Did his films in his heyday reflect the angst of his time, or did they ferment the spirit of anger and rebellion in the first place? Was he really the rebel as his 'angry young man' image suggests, or was there, behind all the sound and fury, a conformist subtext that called for restoration of the status quo? How relevant is Amitabh Bachchan today? In *Amitabh: The Making of a Superstar*, Susmita Dasgupta answers these and other questions that lie buried in the trail of glory the star blazed. In a warm and insightful analysis, the author traces the world-view and philosophy that have shaped the films of Amitabh Bachchan—from the angry young man of *Zanjeer*, the tragic antihero of *Deewar*

and the entertainer of *Amar Akbar Anthony* to his more conservative turns in *Mahabbatein* and *Kabhi Khushi Kabhie Gham*. In the process, she not only chronicles the star's journey from a flop actor to a national icon but also brings to life a period in the history of Indian cinema which altered forever the economics of film-making in the country.

This book is directed at all those who take to Bollywood as a modern-day El Dorado movie hopefuls, aspiring filmmakers, wannabe stars, serious investors in cinema and anybody remotely curious about the myth and magic of Hindi cinema. While deconstructing some of the myths, the book seeks to answer the most common

and fundamental question: Is there a secret formula to a Bollywood hit? Through simple, easy to follow examples, the reader is introduced to ten basic principles, which eliminate all chances of failure and contribute to the making of a hit. These are listed as the Ten Mantras of Success . In essence, the book establishes that success in Bollywood is not a matter of chance or blind luck, but the reward for following a methodical and deliberated approach to cinema, backed by sound scientific reasoning and historically irrefutable facts.

Everybody Wants a Hit Routledge

This book interrogates the vocabulary used in theorizing about Indian cinema to reach into the deeper cultural meanings of philosophies and traditions

from which it derives its influences. It re-examines terms and concepts used in film criticism and contextualizes them within the aesthetics, poetics and politics of Indian cinema. The book looks at terms and concepts borrowed from the scholarship on American and world cinema and explores their use and relevance in describing the characteristics and evolution of cinema in India. It highlights how realism, romance and melodrama in the context of India appear in a culturally singular way and how the aggregation of constituent elements - like songs, action, comedy - in Indian film can be traced to classical theatre and other diverse religious and philosophical influences. These influences have characterized popular film and drama in

India which present all aspects of life for a diverse nation. The author explores concepts like 'fantasy', 'family' and 'patriotism' by using various examples from films in India and outside, as well as practices in the other arts. He identifies the fundamental logic behind the choices made by film-makers in India and discusses concepts which allow for a fresh theorizing on Indian cinema's characteristics. This book will be of great interest to students and researchers of film studies, media studies, cultural studies, literature, cultural history and South Asian studies. It will also be useful for general readers who are interested in learning more about Indian cinema, its forms, origins and influences.

### **On & Behind the Indian Cinema**

Oxford University Press

This book examines cinematic practices in Bollywood as narratives that assist in shaping the imagination of the age, especially in contemporary India. It examines historical films released in India since the new millennium and analyses cinema as a reflection of the changing socio-political and economic conditions at any given period. The chapters in *Historicizing Myths in Contemporary India: Cinematic Representations and Nationalist Agendas*

in Hindi Cinemas also illuminate different perspectives on how cinematic historical representations follow political patterns and market compulsions, giving precedence to a certain past over the other, creating a narrative suited for the dominant narrative of the present. From *Mughal-e-Azam* to *Padmaavat*, and *Bajirao Mastani* to *Raazi*, the chapters show how creating history out of myths validate hegemonic identities in a rapidly evolving Indian society. The volume will be of interest to scholars of film and media studies, literature and culture studies, and South Asian studies.

For years, research concerning masculinities has explored the way that men have dominated, exploited, and dismantled societies, asking how we might make sense of marginalized masculinities in the context of male privilege. This volume asks not only how terms such as men and masculinity are socially defined and culturally instantiated, but also how the media has constructed notions of masculinity that have kept minority masculinities on the margins. Essays explore marginalized masculinities as communicated through film, television, and new media, visiting representations and marginalized identity politics while also discussing the

dangers and pitfalls of a media pedagogy that has taught audiences to ignore, sidestep, and stereotype marginalized group realities. While dominant portrayals of masculine versus feminine characters pervade numerous television and film examples, this collection examines heterosexual and queer, military and civilian, as well as Black, Japanese, Indian, White, and Latino masculinities, offering a variance in masculinities and confronting male privilege as represented on screen, appealing to a range of disciplines and a wide scope of readers.
