For the Fatherland A&C Black

THIS IS the story of the search for “Faceless Fritz”—the most difficult and frightening camera-hunt ever undertaken by ace photographer-reporter Margaret Bourke-White. “Fearless Fritz” was cable shorthand for one of several LIFE assignments that brought Miss Bourke-White and her camera to Germany some months before its fall. She was to pin down the private German citizens—to find out what kind of human being it was who, multiplied by millions, made up the Nazi terror. Was he cruel? Was he a villain? Or was he a jolly, gemütlich, beer-drinking, music-loving sentimentalist so many of us remembered, who had really been helpless in the power of a small gang of madmen? By the time Margaret Bourke-White arrived in Germany on this mission, she had seen much death and danger. She had been in Moscow during its fiercest bombings. In Italy she had come closer to the enemy lines than any American woman before her. But it was in Germany that cold horror overtook her. The Germany that Miss Bourke-White saw and recorded in this book puts to shame Dali’s most grotesque nightmares. It is a physical and spiritual chamber of horrors, a cuckoo-cloud land whose inhabitants live in a lost dream. They are the people whose faces are as usual and recognizable as neighbors’, but whose reactions do not seem to make sense. “Dear Fatherland, Rest Quietly,” which was first published in 1946, takes its title from the words of the anthem, “Die Wacht am Rhein,” to which German soldiers have marched three times in the memory of many now living. It brings new light to bear on the German people—in the hope that through a more immediate understanding of them, a fourth march may be averted... Richly illustrated throughout with 128 of her photographs, with detailed captions, forming an integral part of Margaret Bourke-White’s important report on conquered Germany.

The book is an against-the-grain study of Primo Levi’s lifelong concerns about agency, both personal and political. It moves from

fresh readings of his lesser-known short story and novels to a major reinterpretation of the testimonial works at the center of his legacy.

Berlin, 1964. Depuis que les forces de l'Axe ont gagné la guerre en 1944, la paix nazie règne sur l'Europe. Seule, l'Amérique a refusé jusqu'ici le joug. Excerpt from *Memories of the Fatherland* Of all the memories of Germany and the Germans that linger in my mind, although those connected with the Prussian Court, where I spent seven interesting and not unhappy years assisting in the education of the Emperor's daughter, naturally emerge with the greatest prominence and frequency from the background of the past, yet there are many other recollections of certain phases of German life, experiences met with away from the somewhat stilted and

wearisome atmosphere of the Court, the memory of which returns to me in the light of recent tragic events with a renewed and stimulated interest. The German nation and the policy that guides its destinies have recently been put to the test, while the psychology of its people has been analysed and explained as surely the soul of no race in the records of history has ever before been analysed and explained. “A fascinating, provocative, and highly eccentric volume” (The New York Times) exploring the true story of Elisabeth Nietzsche’s maniacal attempt to found a utopian colony in the jungles of Paraguay in the late nineteenth century—from the bestselling author of *Prisoners of the Castle*. In 1886, Elisabeth Nietzsche, the bigoted, imperious sister of the famous philosopher, founded a “racially pure” colony in Paraguay with her husband, anti-Semitic agitator Bernhard Förster, and a band of fair-skinned fellow Germans. More than a century later, Ben Macintyre tracked down the survivors of Nueva Germania to discover the remains of this bizarre colony, and found a strange, tight-lipped people, still interbreeding to the point of genetic deterioration. Digging into recently opened German archives, Macintyre unfolds how Elisabeth, who returned to Germany in 1893, grafted her anti-Semitic, nationalist ideas onto her brother’s philosophy, building a mythic cult around him, and how she later became a mentor to Hitler—her stately funeral in 1935 attended by a tearful Führer. Laced with mordant irony, Macintyre’s brilliant piece of investigative journalism explores how the Nazis perverted Friedrich Nietzsche’s ideas to justify their evil deeds, and unearths a rich and disturbing vein of the twentieth century’s

dark history.

Fatherland By: Johanna Moore Baxandall An artfully crafted narrative of child- and young womanhood in Germany during the Nazi regime. The author, daughter of a beloved, often persecuted Communist father, exposes the conflicted and complex psychology of her early years navigating the political climate of the Third Reich. "A debut memoir recounts a German child's perilous life under Hitler's tyranny. . . A gripping war remembrance told with poetical poignancy." – Kirkus Reviews Fatherland BRILL

Fatherland is a bold, ambitious show about contemporary fatherhood in all its complexities and contradictions. Created by Frantic Assembly's Scott Graham, Karl Hyde from Underworld and playwright Simon Stephens (Punk Rock, The Curious Incident of the Dog in the Night-Time), this daring collage of words, music and movement confronts the complexities and contradictions of contemporary fatherhood. A vivid, urgent and deeply personal portrait of 21st-century England at the crossroads of past, present and future, the play is inspired by conversations with fathers and sons from the writers' home towns in the heart of the country. Tender and tough, honest and true, Fatherland is a vital and necessary show about what we were, who we are and what we'd like to become. The world premiere of Fatherland took place at the Royal Exchange Theatre, Manchester on 5 July 2017 as part of Manchester International Festival. This is a revised version of the original text which coincides with performances in London at the Lyric Hammersmith as part of LIFT 2018.

Are ideologies a pair of binoculars that enable us to see far? Or are they a pair of blinkers that keep us from seeing even that which is at hand? How is it that communists; equipped as they are with the one great Theory that explains everything; fumble ever so often in seeing the obvious? How did the Theory lead them to declare the Second World War as an 'Imperialist War' one day; and a 'People's War' the next? How did it lead them to undertake to sabotage the Quit India Movement for the British? How did it lead them to trumpet the demand for Pakistan 'better than the Muslim League'? To declare in 1947 that India had not really become independent? To insist that Pandit Nehru was just "a

running dog of imperialism"? To launch an insurrection in 1949 on the premise that India was ripe for an armed revolution? To fumble so much in their response to the end of the communist bloc? Arun Shourie; one of the most respected commentators on current affairs in India today; illustrates the malady by reconstructing what the communists did during the Quit India Movement. In the process he uncovers the secret negotiations they conducted and the secret understanding they struck with the British; the reports they submitted to the imperial rulers about the work they were doing to subvert the movement Mahatma Gandhi had launched. He concludes with a review of the reactions of Indian communists to the break-up of the Soviet empire; showing how their mental make-up and habits have not changed in the six decades since independence.

An informative glimpse into the world of German Protestants in the difficult Hitler era, Faith and Fatherland approaches the history of the Church Struggle from the "bottom up," using sources like pastors' correspondence, parish newsletters, local newspaper accounts, district superintendents' reports, and local church statistics. While Jantzen confirms the general understanding that German Protestants failed to resist or even critique the Nazi regime, he reveals a surprising diversity of opinion and variety of action, including the successful efforts of some Lutheran pastors and parishioners to resist the nazification of their churches.

Germany is the most important and powerful country in Europe. And yet it remains strangely little understood - by itself, as much as by the rest of the world. It is in a state of remarkable flux, confronting the demons of the past, whilst also seeking to make the West and the East into one country - a much greater challenge than it seemed. The coming enlargement of the European Union, which will bring much of formerly communist Eastern Europe into the EU, will make Germany more pivotal than ever. So what makes this country tick? For decades after the Second World War, the country remained strongly polluted by the Nazi legacy; there was little attempt to confront the past. For today's younger generation, by contrast, Nazism was a weird aberration that they themselves have difficulty in understanding.

The book will explore those changes, and how German society itself is still in the midst of enormous change. The story takes us through three periods: Before the Poison (pre-1933), The Poison (1933-45) and - the heart of the book - the period of Coming to Terms, and the changes that this period has brought to the shape of the country. The coming to terms with the past overlaps, from 1990 onwards, with the East-West story, where mutual misunderstanding has been rife.

In 1975 Nina Bunjevac's mother fled her marriage and her adopted country of Canada and took Nina back to Yugoslavia to live with her parents. Peter, her husband, was a fanatical Serbian nationalist who had been forced to leave his country at the end of World War II and migrate to Canada. But even there he continued his activities, joining a terrorist group that planned to set off bombs at the homes of Tito sympathisers and at Yugoslav missions in Canada and the USA. Then in 1977, while his family were still in Yugoslavia, a telegram arrived to say that a bomb had gone off prematurely and Peter and two of his comrades had been killed. Nina Bunjevac tells her family's story in superb black-

From extensive research, including a remarkable interview with the unrepentant chief of Hitler's Women's Bureau, this book traces the roles played by women - as followers, victims and resisters - in the rise of Nazism. Originally publishing in 1987, it is an important contribution to the understanding of women's status, culpability, resistance and victimisation at all levels of German society, and a record of astonishing ironies and paradoxical morality, of compromise and courage, of submission and survival.
