When a fire leaves twelve-year-old Scarlet in a different foster home than her autistic little brother, she tracks a bird to find her way back to him in this deeply moving illustrated novel from the author of *Wild Wings*. Scarlet doesn't have an easy life. She's never known her dad, her mom suffers from depression, and her younger brother Red has Asperger's and relies heavily on her to make the world a safe place for him. Scarlet does this by indulging Red's passion for birds, telling him stories about the day they'll go to Trinidad and see all the wonderful birds there (especially his beloved Scarlet Ibis), saving her money to take him to the zoo, helping him collect bird feathers, and even caring for a baby pigeon who is nesting outside his window. But things with her mom are getting harder, and after a dangerous accident, Scarlet and Red are taken into foster care and separated. As Scarlet struggles to cope with the sudden changes in her life and her complex feelings towards her mom, the one thing she won't give up on is finding Red. Nothing is going to get in her way—even if it might destroy the new possibilities offered to her by her foster family.

*The Whispering Trees*, award winning writer Abubakar Adam Ibrahim's debut collection of short stories, employs nuance, subtle drama and deadpan humour to capture colourful Nigerian

lives. There's Kyakkyawa, who sparks forbidden thoughts in her father and has a bit of angels and witches in her; there's the mysterious butterfly girl who just might be an incarnation of Ohikwo's long dead mother; there's also a flummoxed white woman caught between two Nigerian brothers and an unfolding scandal, and, of course, the two medicine men of Mazade who battle against their egos, an epidemic and an enigmatic witch.

The accolades speak for themselves: "Fritz draws the readers into scenes from her youth in the turbulent China of the mid-twenties. One comes to appreciate the generous affection of her nurse/companion Lin Nai-Nai, the isolating distance in her mother's grief over losing a second child, the dynamics of a suffering population venting its hostility on foreigners, and most of all, the loneliness of a child's exile from a homeland she has imagined constantly but never seen....A remarkable blend of truth and storytelling." --Booklist, starred review "An insightful memory's-eye-view of her childhood...Young Jean is a strong character, and many of her reactions to people and events are timeless and universal." --School Library Journal, starred review "Told with an abundance of humor--sometimes wry, sometimes mischievous and irreverent--the story is vibrant with atmosphere, personalities, and a palpable sense of place." --The Horn Book "Every now and then a book comes along that makes me want to send a valentine to its author. Homesick is such a book....Pungent and delicious." --Katherine Paterson, *The Washington Post*

Knopf Books for Young Readers

<Disabling Characters provides detailed analyses of selected young adult (YA) novels and short stories. It looks at the relative agency of the disabled character, the behavior of the other characters, the environment in which the character must live, the assumptions that seem to be underlying certain scenes, and the extent to which the book challenges or perpetuates an unsatisfactory status quo. Class discussions about disability-themed literature, however well intentioned, have the potential to reinforce harmful myths or stereotypes about disability. In contrast, discussions informed by a critical disability studies perspective can help readers develop more sophisticated views of disability and contribute to a more just and inclusive society. The book examines discussion questions, lesson plans, study guides, and other supplemental materials aimed at students studying these texts, and it suggests more critical questions to pose about these texts and the positive and/or negative work they do, perhaps subliminally, in our culture. This book is a much-needed addition to college classes in YA literature, literary analysis, methods of teaching literature, disability studies, cultural studies, contemporary criticism, special education, and adolescent literacy.

**To Kill a Mockingbird** Corwin Press

The Landlady is a brilliant gem of a short story from Roald Dahl, the master of the

sting in the tail. In *The Landlady*, Roald Dahl, one of the world's favourite authors, tells a sinister story about the darker side of human nature. Here, a young man in need of room meets a most accommodating landlady . . . The Landlady is taken from the short story collection *Kiss Kiss*, which includes ten other devious and shocking stories, featuring the wife who pawns the mink coat from her lover with unexpected results; the priceless piece of furniture that is the subject of a deceitful bargain; a wronged woman taking revenge on her dead husband, and others. 'Unnerving bedtime stories, subtle, proficient, hair-raising and done to a turn.' (San Francisco Chronicle ) This story is also available as a Penguin digital audio download read by Tamsin Greig. Roald Dahl, the brilliant and worldwide acclaimed author of *Charlie and the Chocolate Factory*, *James and the Giant Peach*, *Matilda*, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, *Roald Dahl's Twisted Tales* by Jeremy Dyson. Roald Dahl's stories continue to make readers shiver today.

*Hunger for Memory* is the story of Mexican-American Richard Rodriguez, who begins his schooling in Sacramento, California, knowing just 50 words of English, and concludes his university studies in the stately quiet of the reading room of the British Museum. Here is the poignant journey of a "minority student" who pays the cost of his social assimilation and academic success with a painful alienation — from his past, his parents, his culture — and so describes

the high price of “making it” in middle-class America. Provocative in its positions on affirmative action and bilingual education, *Hunger for Memory* is a powerful political statement, a profound study of the importance of language ... and the moving, intimate portrait of a boy struggling to become a man.

*The Landlady (A Roald Dahl Short Story)*

Houghton Mifflin Harcourt

*The Box Social & Other Stories* gathers together nine of James Reaney's short fictions written in the 40s and early 50s and never previously collected in book form. The collection takes its title from a short piece the author originally published in the *University College Undergrad* and which provoked a firestorm of eight hundred angry letters from subscribers when it was republished nationally in the *New Liberty* in the late 40s. It also thwarted the young author's designs on the editorship of the *Undergrad* because of his clear moral unsuitability for such an august position. (This is doubtful, because the *Undergrad* eventually came to be edited, thirty years later, by PQL publisher Tim Inkster.) *'The Box Social'* is remarkable, not only that it introduced the theme of date rape to Canadian literature some thirty years before the phrase was coined, but also that it is told from Sylvia's point of view, and yet again that it ends with one of the quietest lines of

literary vitriol imaginable ... *'I hated you so much,'* she said softly.' If Alice Munro has put the sexually awakening female under glass in *Lives of Girls and Women*, then *The Box Social* could just as easily have been titled *Lives of Boys and Men*. In *'The Bully'*, the brutality of what passes for etiquette in secondary school is contrasted with the simpler life of the farm personified in Noreen who drops grain in the shape of letters to feed her chickens -- *'so that when the hens ate the grain they were forced to spell out Noreen's initials or to form a cross and circle. There were just enough hens to make this rather an interesting game. Sometimes, I know, Noreen spelled out whole sentences in this way, a letter or two each night, and I often wondered to whom she was writing up in the sky.'* *'The Bully'* was included in *The New Oxford Book of Canadian Short Stories* edited by Margaret Atwood and Robert Weaver. The young Margaret Atwood first encountered *'The Bully'* as an undergraduate. She read the story, oddly enough, in an anthology edited by Robert Weaver, and the experience was apparently seminal to her own development as a writer of fiction ...

A unique field guide and reference,  
*Where to Watch Birds in South America*  
is designed to help the avid birder and  
the general wildlife enthusiast organize  
eventful journeys throughout the richest  
continent for birds, where the species  
number over three thousand. This book  
covers more than two hundred of the  
best sites for birdwatching, and includes  
the archipelagos of Trinidad and Tobago,  
the Galapagos and Falkland Islands, the  
Netherland Antilles, and part of  
Antarctica. The reader will find details of  
every species that is endemic to  
particular countries, and will learn where  
and when best to see such birds as the  
scarlet ibis, Andean condor, harpy eagle,  
sunbittern, macaw, toucan, jacamar,  
antbird, and cotinga. The text is  
enhanced by nearly one hundred maps  
and fifty line drawings. There are even  
hints as to where species not seen for  
decades may be rediscovered. This  
guide begins with an introduction to the  
continent and its birds then deals with  
particular countries and archipelagos.  
The site details include bird lists, a list of  
other wildlife present, and the latest  
advice on where to look for birds. For the  
traveler, there is information on  
transport, accommodations, safety, and  
health, and answers to various strategic  
questions: Which countries support the  
most species? How many sites must be  
visited to see most of them? How long  
does this take? When is the best time to  
go? Whether a first-time visitor to South  
America or a seasoned traveler there,  
the reader will find this guide immensely

useful in making the most out of the trip.

My Own Story Prentice Hall

A New Norm is a poetic tale that is  
intended to reflect the feelings of those  
of us who struggle with anxiety,  
depression, grief, anger, doubt, shame,  
fear and more, yet provide  
encouragement that difficulties such as  
these can be overcome. It expresses  
how routine thoughts of negativity can  
sometimes cloud our reality making it  
difficult to enjoy life, to appreciate what  
is truly good, to have positive  
relationships, or to develop to one's full  
potential. It is a story that reminds us  
that perception is reality. That if one is  
willing to look, willing to accept, and  
willing to try, that there is a light both  
within and beyond available to not only  
illuminate, but change our world for the  
better. Our hope is that this story and  
the discussion guide that follows will  
become a springboard for a conversation  
with ourselves and/or with others to  
define what our dark clouds are and how  
we can make efforts to find the light of  
our new norm. A New Norm is the result  
of a partnership between Avera  
Behavioral Health and Children's Home  
Society of South Dakota in a joint effort  
to promote mental wellness. Purchases

of this book will benefit the mission of helping kids and families served by both of these organizations.

In this sequel to *Conversations with Kentucky Writers*, L. Elisabeth Beattie brings together in-depth interviews with sixteen of the state's premiere wordsmiths. This new volume offers the perspectives of poets, journalists, and scholars as they discuss their views on creativity, the teaching of writing, and the importance of Kentucky in their work. They talk frankly about how and why they do what they do. The writers speak for themselves, and their thoughts come alive on the page. Beattie's

interviews reveal the allegiances and alliances among Kentucky writers that have shaped literary trends by bringing together people with shared interests, values, subjects, and styles. The interviewees include authors who are captivated in other writers and in what they have to say about the process and craft of writing; educators who are interested in Kentucky writers and what their work reveals about the nature of creativity; and historians who are concerned with Kentucky's literary and cultural heritage. The interviews reveal patterns in Kentucky literature from mid-century to the millennium, as authors talk about how their sense of place has changed over the decades and reveal the ways in which the roots of Kentucky writing have produced a literary flowering at the century's end. Includes: Sallie Bingham, Joy Bale Boone, Thomas D. Clark, John Egerton, Sarah Gorham, Lynwood Montell, Maureen Morehead, John Ed Pearce, Ameilia Blossom Pegram, Karen Robards, Jeffrey Skinner, Frederick Smock, Frank Steele, Martha Bennett Stiles, Richard Taylor, and Michael Williams.

*The Scarlet Ibis* Child's World

What if you had just learned that your days are about to come to an end? Would you quietly accept your destiny, or would you fight this one final battle? And what if the demons of your past disturb the delicate reconciliation you thought you had found? These are the questions facing John Kadel in "If only I could..." a simple story about love. This is not a romance. It is a tale of the true and lasting love each of us dreams about, the undeniable love only some of us find in a lifetime of searching. John Kadel is a stubborn, single old man with a colorful past and questions for which he has no answers. Not long after his

doctor hands him a death sentence, John runs into someone from his past.
