*Big Blue Book of Bicycle Repair* Hove Books

The most comprehensive and most up-to-date, Step by Step Repair Manual for Cuckoo Clock Owners. 220 pages and hundreds of photos and diagrams. Why does a Cuckoo Clock stop Working? Most likely it is because the works are dirty, needs oiling or most likely both. When the clock stops, think of it as the oil light is on. It's a cry for help. Without oil, the metal parts grind on each other causing serious wear and damage. Oil also attracts dust which can make the oil "gummy" and add drag to its operation until it can no longer overcome the friction. This book will teach you how to get it running happily again. Covered: Regula, Baduf, Hubert Herr, Schatz, Rack & Snail, Count Wheel, Bellows and Weights, Movement ID, Cleaning and Oiling, Complete Step by Step Repair Procedure.

Recently appointed as the new U. S. Poet Laureate, Ted Kooser has been writing and publishing poetry for more than forty years. In the pages of The Poetry Home Repair Manual, Kooser brings those decades of experience to bear. Here are tools and insights, the instructions (and warnings against instructions) that poets—aspiring or practicing—can use to hone their craft, perhaps into art. Using examples from his own rich literary oeuvre and from the work of a number of successful contemporary poets, the author schools us in the critical relationship between poet and reader, which is fundamental to what Kooser believes is poetry's ultimate purpose: to reach other people and touch their hearts. Much more than a guidebook to writing and revising poems, this manual has all the comforts and merits of a long and enlightening conversation with a wise and patient old friend—a friend who is willing to share everything he's learned about the art he's spent a lifetime learning to execute so well.
