The greatest story ever told by the world's most beloved sportsman, Roy of the Rovers, in his own words for the first time. For 44 years, Roy Race bestrode the world of football. As captain and later player-manager of Melchester Rovers, in a career of unprecedented majesty and extraordinary length, he knew the glory of 9 league titles, 8 FA Cup victories, 3 European Cups, and countless international appearances for England. But only now is he ready to tell his own story. Candid, emotional, optimistic, and never less than inspiring, the autobiography of the man all fans of the game know simply as 'Roy of the Rovers' will lay bare for the first time the truth behind soccer's ultimate fairy tale story. The shocking details of the five terrifying kidnappings that threatened to blight his playing career; the stomach-churning murder attempt in 1980, which left Roy in a life-threatening coma; the sickening car bomb attack that tragically killed 8 of Roy's team-mates while on a pre-season tour of Basran; the devastation of losing his wife, former Melchester club secretary Penny Laine, who died in a car accident that brought Roy closer than ever to quitting the game he loved. And finally the horrific helicopter crash in 1993 that resulted in the amputation of Roy's legendary left foot, finally bringing the curtain down on

his sensational, game-clinching, goalscoring exploits. From the first page to the last, it's Roy of the Rovers stuff. The greatest story ever told, by the world's most beloved sportsman. Roy of the Rovers. In his own words.

"For the residents of Yopougon, everyday life is good. It is the early 1970s, a golden time work is plentiful, hospitals are clean and well equipped, and school is obligatory. The Ivory Coast is as an island of relative wealth and stability in West Africa. For the teenagers of the town, though, worries are plentiful, and life in Yop City is far from simple. Aya tells the story of its nineteen-year-old heroine, the clear-sighted and bookish Aya, and her carefree and fun-loving friends Adjoua and Bintou. Navigating meddling relatives and neighbours, the girls spend a last summer of their childhood on the sun-warmed streets of Yop City sneaking out for dancing at open-air bars, strong solibra beer, chicken in peanut sauce and avoiding at all costs the scandal pages of the Calamity Morning . Aya is a captivating, colourful and hugely entertaining portrayal of an Africa we

rarely see, spirited and resilient, and full of the sounds, sights and smells of a prosperous town and its varied inhabitants."

[The Messianic Hope](#) Dark Horse Comics Cartoonists make us laugh—and think—by caricaturing daily events and politics. The essays, interviews, and cartoons presented in this innovative book vividly demonstrate the rich diversity of cartooning across Africa and highlight issues facing its cartoonists today, such as sociopolitical trends, censorship, and use of new technologies. Celebrated African cartoonists including Zapiro of South Africa, Gado of Kenya, and Asukwo of Nigeria join top scholars and a new generation of scholar-cartoonists from the fields of literature, comic studies and fine arts, animation studies, social sciences, and history to take the analysis of African cartooning forward. *Taking African Cartoons Seriously* presents critical thematic studies to chart new approaches to how African cartoonists trade in fun, irony, and satire. The book brings together the traditional press editorial cartoon with rapidly diverging subgenres of the art in the graphic novel and animation, and applications on social media. Interviews with bold and successful cartoonists provide insights into their work, their humor, and the dilemmas they face. This book will delight and inform readers from all backgrounds, providing a highly readable and visual introduction to key cartoonists and styles, as well as critical

engagement with current themes to show where African political cartooning is going and why.
