Do you ever find yourself wondering, is this really the best that we can do together at work? Too many of us are tired of feeling frustrated: no matter what position you hold, from the top of the organizational chart down we're either a child or a parent at work, we're never doing enough, we're always finding ourselves disappointed in each other. There is help for these "same-old, same-old" blues— Take the Lead! Full-Throttle Engagement Powered by Coaching What is full-throttle engagement? It's recognizing the fundamental and very important role you play in your organization—no matter what your position is, It's caring about other people's success as much

as we do about our own— It's accepting responsibility for building and growing ourselves and each other Regardless of your title, your position, your salary, or your grade level, you are not just a ___! Find out what it means to "lead from your seat"—and find out how fulfilling a work-day can be when you Take the Lead!

Consultation interventions are an increasingly popular alternative to clinical practice, allowing the practitioner to interact with and affect many different individuals and organizations. This type of work challenges mental health professionals, drawing on all the skills and resources they may possess, yet also offers some of the greatest rewards and opportunities for service. Filled with numerous case examples and checklists, *Consultation Skills for Mental Health Professionals* contains a wealth of information on this important area of practice. It provides a comprehensive source for working with a diverse clientele in a variety of settings, discussing both traditional mental health consultation models and the fast-growing field of organizational consulting. The guide is divided into four parts: Individual-Level Consulting Issues takes up individual career assessment and counseling, along with how organizational contexts affect individual jobs; leadership, management, and

supervision; executive assessment, selection, interviewing, and development; and executive coaching. *Consulting to Small Systems* discusses working with teams and groups; planning and conducting training and teambuilding; diversity in the workplace and in consultation. *Consulting to Large Systems* covers how to work with large organizations, including organizational structure, terms, culture, and concepts, as well as processes such as change and resistance; how to assess organizations, and the characteristics of healthy and dysfunctional workplaces; and issues involved in organizational intervention. Special Consulting Topics include issues such as the practical aspects of running a consulting practice; the skills required for successful clinical consultation; consultation services for special populations; and crisis consultation, including critical incident stress management, psychological first aid, disaster recovery, media communication, and school crisis response. *Six Steps to Building Your Million-Dollar Coaching Practice* John Wiley &

More than just fixing what ails them, many therapists today seek to help clients achieve personal and professional

goals and navigate life changes successfully-a variety of practice called life coaching. This book offers a complete strategy professionals can use to incorporate life coaching into their practices. Becoming a Life Coach compares the role of the therapist to that of the life coach; the role of the patient to that of the client; the service of the mentally ill to that of the mentally healthy; treatment to collaboration; and finally the differences in professional standing between these two endeavors. Using real coaching exercises, the book teaches therapists everything they need to know to start and maintain a successful coaching practice. It includes information about necessary skills, tips on integrating coaching and therapy, business models, marketing advice, and more.
