Dave Grohl - Times Like His: Foo Fighters, Nirvana & Other Misadventures Orca Book Publishers
 Originally released in 2007, "Year of Rumi," to coincide with the poet's 800th birthday, by the pre-eminent Rumi poet Coleman Barks. In Rumi: Bridge to the Soul, Coleman Barks—who holds an honorary doctorate in Persian language and literature by the University of Tehran for his decades-long translations of Rumi—has collected and translated ninety new poems, most of them never published before in any form. The "bridge" in the title is a reference to the Khajou Bridge in Isphahan, Iran, which Barks visited with Robert Bly in May of 2006—a trip that in many ways prompted this book. The "soul bridge" also suggests Rumi himself, who crosses cultures and religions and brings us all together to listen to his words, regardless of origin or creed. Open this book and let Rumi's poetry carry you into the interior silence and joy of the spirit, the place that unites conscious knowing with a deeper, more soulful understanding.

Award Winning Finalist in the 'Poetry: Inspirational' category of the 2013 International Book Awards Are you feeling 'soul sick' and disconnected? Maybe you know there's something more to you than your physical self, yet you can't seem to reach it. "Your Angels Called and Left a Message" is a book that can assist you in connecting with that missing part of you, and help you feel whole again. You don't have to live as a 'half person', stuck in your very own Groundhog Day. Hemat Malak brings to you wisdom beyond the physical world through these poetic messages from the angelic realm. These beautiful messages will not only inspire and comfort you; they will also help strengthen your connection to your spiritual self. In "Your Angels Called and Left a Message" you will - find new meaning in your life and your experiences - transform the way you see the world and other people - feel completely loved and accepted, just the way you are - know with joy that you are never alone. As a SPECIAL BONUS, this edition includes a valuable chapter, The Practice of Meditation. Meditation can transform your life and this chapter, written by best-selling author and mystical teacher, Michele Blood, will give you the guidance you need to easily add meditation to your day, or to deepen your existing practice through contemplative meditation. What others are saying about "Your Angels Called and Left a Message": "This book by Hemat Malak is truly inspired from the Light. Be inspired by these angel Light messages, and transform to a higher vibration- this is a priceless gift for your soul." -Michele Blood, best-selling author and mystical teacher "Hemat, through her inspired words, helped me rediscover some forgotten pieces of me." -DR Rudina Thanasi (Europe) "The words in this book are of grace... I feel these words that are used come from pure Source." -William Scannell (Ireland) "These messages have awakened my inner self and connected to me true love and God. This book encourages you to listen to your higher self to increase your happiness, joy and peace in your life. I have not ever read a book like this with such profound and loving messages throughout. I read the messages over and over to get more meaning each time. They are such a blessing to read." -Gary Barwig (USA) "I enjoyed it from my heart VERY MUCH. Thank you." -Zuzana Fancovicova (Europe) "Thank you for what can only be called an experience of wisdom and truth." -Susan Kowalczyk (USA) "Hemat's messages from the angels energize me with delightful reminders of our beauty, connectedness, and how much we are loved. While reading the messages, I felt my spirit take flight with joy and delight. I highly recommend "Your Angels Called and Left a Message" to everyone wishing to soar and celebrate life " -Susanne Rothschild (USA) "Simply go into the silence and know your true inner self will guide you to the perfect right message for YOU right NOW...your life will profoundly change in such a beautiful way. For each message is a pearl of Divine Light; these are truly messages from the Divine." -Zobeeda Madsen (Spain) "When I read Angels I immediately felt a peace and calm in my body. My breathing became more purposeful and I could feel the depth of the words as I was drawing each breath. Thank you for your love, and blessings to you." -Sabah

The fifth installment of the Space-Girl Michelle series. Kao Mabbie was described as a handsome man with a friendly face. On Earth, he would be a movie star. People found him easy to trust. He used every opportunity available to rise to power in an effort to betray the United Free Planets. He was defeated in his treason by Space-Girl Therese and again defeated by her as he tried to take the galaxy by force. Kao Mabbie, the great evil in the shadows, continues to seek the destruction of the United Free Planets. The galaxy again turns to Space-Girl Therese for one more war to save freedom. Therese must become Space-Girl Michelle as the team fights for their lives against a cunning enemy who seems to always be several moves ahead of them. The mysterious Space-Girl Allyson Fox returns from the grave to avenge her own death at the hands of Kao Mabbie. Julie, the Shadowbird, fights to save her family and her friends as she solves the mystery of Allyson Fox. The Phram, Motons, Skoa, Vax, and Grey remnants will give all to kill her. Space-Girl Michelle is the dark comedy romantic coming-of-age science-fiction series that started with Space-Girl Michelle fan club, where Therese Bundy of Earth survives high school to regain her best friend for life and join the Space-Girls. Book 2, Space-Girl Michelle Anthems continues the saga as Therese's team fights to save Earth and the galaxy. Book 3, Space-Girl Michelle Anthems brings back the depth of the series as Therese fights to keep her friends alive and travels back in time to relive the most difficult time of her life. Book 4, Space-Girl Michelle Mr Dangersworth explains the origins of Space-Girl Michelle and the Shadowbird, while Therese's sister Julie joins the team with her own pack of teenage misfits. Now, it all comes together in Space-Girl Michelle Kao Mabbie.

Collecting together numerous examples of Augustine's musical imagery in action, Laurence Wuidar reconstructs the linguistic laboratory and the hermeneutics in which he worked. Sensitive and poetical, this volume is a reminder that the metaphor of music can give access not only to human interiority, but allow the human mind to achieve proximity to the divine mind. Composed by one of Europe's leading musicologists now engaging an English-speaking audience for the first time, this book is a candid exploration of Wuidar's expertise. Drawing on her long knowledge of music and the occult, from antiquity to modernity, Wuidar particularly focuses upon Augustine's working methods while refusing to be distracted by questions of faith or morality. The result is an open and at times frightening vista on the powers that be, and our complex need to commune with them.

Optically stimulated luminescence has developed into one of the leading optical techniques for the measurement and detection of ionizing radiation. This text covers, in a readable manner, advanced modern applications of the technique, how it can play a useful role in different areas of dosimetry and how to approach the challenges presented when working with optically stimulated luminescence. The six chapters are as follows: Introduction, including a short history of OSL and details of successful applications Theory and Practical Aspects Personal Dosimetry Space Dosimetry Medical Dosimetry Other Applications and Concepts, including retrospective and accident dosimetry, environmental monitoring and UV dosimetry Throughout the book, the underlying theory is discussed on an as-needed basis for a complete understanding of the phenomena, but with an emphasis of the practical applications of the technique. The authors also give background information and relevant key references on each method, inviting the reader to explore deeper into the subject independently. Postgraduates, researchers, and those involved with radiation dosimetry will find this book particularly useful. The material is both relevant and accessible for both specialists and those new to the field, therefore is fundamental to any academic interested in modern advances of the subject.

If everyone loves the world's hottest band, who's trying to destroy them? Most people would love to be Lorna Powell, travelling the globe with her brother and his mega-famous band. Then again, most people don't realise just how annoying four handsome rock stars can be. A new home and a new school seem like the start of a normal life – until Lorna overhears a chilling plot to silence the band forever. Soon Lorna is drawn into a frantic attempt to identify the killer before they strike. But it's not easy to track suspects around the world when she's got homework to do and secrets to protect. And when gorgeous lead singer Marius starts to act strangely, Lorna wonders if she's had the wrong idea all along . . .

Everyone wants to be happy. But it's a lot easier said than done. Most books on happiness are fixated on particular routes to happiness, such as wealth, NLP, positive thinking, or mindfulness. This book takes a more joined-up approach, using each of these techniques, but also including the latest scientific research on what really makes us happy (clue: it's not the things you think).

The award-winning, much-loved memoir of renowned author and musician Anna Goldsworthy about her first steps towards a life in music. In this remarkable story, Anna Goldsworthy recalls her journey from childhood piano lessons with a local jazz muso to a successful career as a concert pianist. As she discovers passion and ambition, and confronts doubt and disappointment, she learns about much more than technique. Piano Lessons captures the hopes and uncertainties of youth, the fear and exhilaration of performing, and the complex bonds between teacher and student. An unforgettable cast of characters joins her: her family; her friends and rivals; and her teacher, Mrs Sivan, who inspires and challenges her in equal measure, and who transforms what seems an impossible dream into something real and sustaining. This is a story of the getting of wisdom, tender and bittersweet. 'I loved this book. Anna Goldsworthy's memoir left me awed, inspired and humbled.' --Alice Pung 'Marvellous. Enlightenment and joy on every page' --Helen Garner 'An expertly spun narrative, told with wry, self-effacing charm, elegant economy and the genuine love of a student for her teacher' The Australian 'A brilliant memoir ... Goldsworthy is a fine writer.' Big Issue Winner of Newcomer of the Year in the 2010 Australian Book Industry Awards Shortlisted for the Melbourne Prize for Best Writing Shortlisted for the Colin Roderick Award Shortlisted in the NSW Premier's Literary Awards

After Sound considers contemporary art practices that reconceive music beyond the limitation of sound. This book is called After Sound because music and sound are, in Barrett's account, different entities. While musicology and sound art theory alike typically equate music with pure instrumental sound, or absolute music, Barrett posits music as an expanded field of artistic practice encompassing a range of different media and symbolic relationships. The works discussed in After Sound thus use performance, text scores, musical automata, video, social practice, and installation while they articulate a novel aesthetic space for a radically engaged musical practice. Coining the term "critical music," this book examines a diverse collection of art projects which intervene into specific political and philosophical conflicts by exploring music's unique historical forms. Through a series of intimate studies of artworks surveyed from the visual and performing arts of the past ten years-Pussy Riot, Ultra-red, Hong-Kai Wang, Peter Ablinger, Pauline Boudry and Renate Lorenz, and others-After Sound offers a significant revision to the way we think about music. The book as a whole offers a way out of one of the most vexing deadlocks of contemporary cultural criticism: the choice between a sound art effectively divorced from the formal-historical coordinates of musical practice and the hermetic music that dominates new music circles today.
