Portrait of Lozana Testbook.com

This powerful account of the oppression of women in the Muslim world remains as shocking today as when it was first published, more than a quarter of a century ago. Nawal El Saadawi writes out of a powerful sense of the violence and injustice which permeated her society. Her experiences working as a doctor in villages around Egypt, witnessing prostitution, honour killings and sexual abuse, including female circumcision, drove her to give voice to this suffering. She goes on to explore the causes of the situation through a discussion of the historical role of Arab women in religion and literature. Saadawi argues that the veil,

polygamy and legal inequality are incompatible with the essence of Islam or any human faith. This edition, complete with a new foreword, lays claim to The Hidden Face of Eve's status as a classic of modern Arab writing.

However, in this inspirational book, Louise Hay reveals that true changes come from within. She points out that when

we, as women, are willing to shift our internal ground, we operate on a much more expanded level in life. Louise's goal was to see all women experience self-love, self-worth, self-esteem, and a powerful place in society. You'll see how Louise's penetrating insights from decades ago are still just as relevant today. In her inimitably warm and forthright manner, she demonstrates how women of all ages and backgrounds can make the coming years the most productive, fulfilling, and empowering ones ever.
