private study, studio and network environments. nine tunes based on standards : play-a-long book & recording set Alfred Music Publishing Improvisations kursus for C-, B-, Es- og basnøgleinstrumenter. Hal Leonard Bass Method Hal Leonard Corporation The Portraits series fills one of the longtime gaps in student-level piano repertoire by presenting colorful, fun-to-play pieces in jazz, blues,

rock and other popular styles. Portraits invites you on a guided tour through the music of various artists in these styles, exploring what gives each artist his or her own special sound, while the progressively arranged original pieces allow you to try out these styles on your own. Each piece is accompanied by a biography and photo of the artist who inspired it, listening suggestions

and specially tailored preparatory exercises. While the Portraits books are recommended for students age 12 and older, younger musicians will certainly enjoy playing the pieces under the guidance of a teacher. A CD that demonstrates all the examples and allows you to play along (with solo keyboard or full band) is also available. The Portraits series is designed to complement all popular

piano methods, including adult methods. Eight classic jazz originals Alfred Music Publishing JazzTimes has been published continuously since 1970 and is the recipient of numerous awards for journalism and graphic design. A large cross-section of music aficionados and fans alike view JazzTimes as America's premier jazz magazine. In addition to insightful

profiles of emerging and iconic stars, each issue contains over 100 reviews of the latest CDs, Books and DVDs. Published ten times annually, JazzTimes provides uncompromising coverage of the American jazz scene. *Bassist's Guide to Scales Over Chords* Alfred Music Publishing Jazz improvisation exercises, lessons, performance pieces, and teaching

suggestions. **Giant steps** Hal Leonard Corporation The accompanying audio CD (CD#6301365 5) features a demonstration of every example in the book Alfred Music Publishing (Bass Method). The Hal Leonard Bass Method is designed for anyone just learning to play electric bass. It is based on years of teaching bass students of all ages, and it also reflects some of the best bass

teaching ideas from around the world! The second edition has been totally revised and features all new engravings and photos. The books have been updated to meet the needs of today's bass students by renowned bassist and author Ed Friedland. Book 1 teaches: tuning, playing position; musical symbols; notes within the first five frets; common bass lines,

patterns and rhythms; rhythms through eighth notes; playing tips and techniques; more than 100 great songs, riffs and examples; and more!

Published ten times annually, JazzTimes provides uncompromising coverage of the American jazz scene. **Teacher's Score, Score and CD Chop-**

Monster, Bk 1: Bass (Bass Instruction). Scales are no stranger to the bass player. We practice them up and down, in different sequences, and in different keys to improve our chops. But how many people really know how to apply them in a musical way? With Bassist's Guide to Scales Over Chords, you'll learn how these two topics are intertwined in a logical and fundamental manner. This key concept is paramount in learning how to create and improvise functional and memorable bass lines or solos reliably time and again. If you're stuck in a root-note rut or find yourself always coming back to the same old tired patterns, this book is for you. It includes 136 audio tracks and 17 extended backing tracks for download or streaming online. [Bass Method](#) Alfred Music Publishing From aspiring novice to inspired guitarist in just 48 pages. Susan Mazer's warm and encouraging teaching style motivates even the most casual hobbyist to learn how to play. Quickly and easily understand how to hold and tune the guitar and play single notes and basic chords with proper technique. The companion DVD uses split screens with close-ups of the hands and

synchronized music notation to ensure that you grasp every concept. 48 pages. Melodies, Chords, Lyrics (sheet Music Style), Transposed Parts for All Instrumentalists & Vocalists Hal Leonard Corporation Chop-Monster is a sequential jazz improvisation method by acclaimed jazz pianist and educator Shelly Berg that utilizes a "call-and-response" approach: students listen to a jazz idea,

imitate it until it is internalized, and then "try it on their own." In Chop-Monster 1, students will hear and improvise to the Ima7, iimi7, and V7 chords in the key of B-flat, plus a basic blues progression. In Chop-Monster 2 students will hear and improvise to the ii-V-I progression in three keys (concert B-flat, E-flat, F). **play-a-long book & recording set** Alfred Music

The Hal Leonard Bass Method is designed for anyone just learning to play electric bass. It is based on years of teaching bass

students of all ages, and it also reflects some of the best bass teaching ideas from around the world! The second edition has been totally revised and features all new engravings and photos. The books have been updated to meet the needs of today's bass students by renowned bassist and author Ed Friedland. Book 1 teaches: tuning, playing position; musical

symbols; notes within the first five frets; common bass lines, patterns and rhythms; rhythms through eighth notes; playing tips and techniques; more than 100 great songs, riffs and examples; and more! This e-book even includes audio for 44 full-band tracks for demonstration or play-along. **JazzTimes** Musicians Institute Press How low can you go? The 5-string bass stretches the

limits of normal bass playing to give you notes that are needed for many styles of contemporary music--- including gospel, Latin, funk, metal, and pop. This book teaches you how to incorporate the 5th string into all these styles and more. You'll learn how the 5th string can open up new fingering possibilities and allow you to play a wider range of pitches economically--without moving your left hand up

and down the neck. Opening your mind to these new possibilities is just a start; the bottom line of playing 5-string is playing notes you can really feel! All examples are notated in both standard music notation and TAB, and the CD included with the book allows you to hear the examples and play along. **Play-a-long Book & Recording Set** Mel Bay Publications JazzTimes has been published
