There is an untapped goldmine that exists within each and every one of us, a tremendous treasure trove that defies imagination. If you want to discover this, then keep reading...

Are you looking for something more than just another self-help book? Do you often feel overwhelmed, exhausted, and emotionally drained? Do you often ask yourself why you're not happy? Do you get sick often? Do you have difficulty staying in relationships or gravitate toward unhealthy attractions? Do you tend to

overthink and worry too much about the future? Are you becoming increasingly cynical and feeling at odds with the world? Do you lack inspiration and creativity and often feel stifled? Do you sometimes wonder why you are here, and what life is all about? Or - are you generally happy in your life but still wonder what it's all about? Your dormant third eye is most likely the cause. How do you feel about learning how to open it and transform your life? Since the beginning of human history, the third eye chakra has been recognized and revered by ancient cultures as a powerful entity that is the gateway from the physical world into the non-physical world. It has been described as

"the seat of the soul", "the eye of wisdom", "the inner eye", and "the mind's eye." Awakening the third eye to harness its amazing powers has long been the pursuit of many spiritual schools, including Buddhism and Hinduism. Today, it remains the pursuit of those seeking happiness, health, and wellbeing. When awakened, the third eye allows us to fathom into the non-physical (but very real) spiritual realm, where we can find the true enrichment and purpose that we lack. This is the realm of our higher consciousness where we can claim our deepest intuition, our highest wisdom, and inner abundance to become healthier, more productive, and

happier human beings. Today, slowly but surely, science has begun to confirm this. This book is a step-by-step guide that contains all you need to know about your inner eye and the steps required to awaken it. This is not your typical book on spirituality. This is a book about "actionable spirituality," meaning that you will learn very real and effective techniques to awaken, empower, and nurture your dormant third eye. After all, what good are vague theories and spiritual platitudes if you can't apply them to get tangible results? You will learn: How to awaken your third eye to bring your physical and spiritual body into harmony, empowering you to live as your

highest possible self. How the amazing and mysterious pineal gland is related to your third eye. Basic groundwork techniques for opening the third eye. Powerful meditations for opening and balancing the third eye. How to nurture your third eye with diet, crystals, color, essential oils and affirmations. How to balance the chakra system. Preparing yourself for the spiritual gifts of psychic dreams, seeing auras and clairvoyance. How to see and read auras. How to interpret psychic dreams and intuitive messages. And much more, including visualizations, lifestyle changes, and simple tips and methods to add to your routine. It's

unfortunate that many people are skeptical of the spiritual aspect of our being and the role it can play in reconnecting us with ourselves and with the world around us. The powerful takeaways and the results you will experience will make this very clear. This book will take you on a magnificent adventure that will end with you experiencing inner peace, incredible wisdom, immense gratitude, and the discovery of realms you never knew existed. So, start this journey that will transform your life forever, by ordering this book today!

T. Lobsang Rampa was preordained to be a Tibetan priest, a sign

from the stars that could not be ignored. When he left his wealthy home to enter the monastery, his heart was filled with trepidation, with only a slight knowledge of the rigorous spiritual training and physical ordeal that awaited him.

Usually, you perceive the world by using your five senses: sight, taste, smell, touch, and hearing. But there is a sixth sense, an inner eye that can open the gateway to subtler realms of existence. Developing this inner eye will enable you to view a previously invisible world of multiple dimensions, spiritual planes filled with light, and alternate realities of indescribable wonders.

This eye of wisdom, knowledge, illumination, and intuition is aptly named the third eye. Using the methods in *Awaken Your Third Eye*, you will learn how to develop supersensory perception, and how to use your third eye in your everyday life to receive guidance, healing, wisdom, inspiration, creativity, and spiritual awakening. [Guided Meditation to Open Your Third Eye, Expand Mind Power, Intuition, Psychic Awareness, and Enhance Psychic Abilities](#) Colchis Books *Mirror of the Eye* concludes the Third Eye Trilogy with continued switchbacks, turns and action all the way to the end. A twist leads Clay and Shali in a totally different

direction with the regression protocols. Gaining experience from the past, they discover new ways to combat the Illuminati-like organization that has been trying to destroy them and their work for years. The dichotomy of their quest not only counters their nemesis, it reveals a future that could have only been forecast by the most powerful and wisest of oracles. Why Buy Book 3 of the Trilogy: > The Trilogy has 5 Star Reviews on 5 Continents > Thought provoking as well as action packed reading > Unique in merging multiple genres; mystery, thriller, suspense, literary, historical and religious Is the Trilogy right for me? Yes! This is a mystery/ thriller built

on the principles of reincarnation and hypno-therapeutic regressions. The novel may appeal to those of most Eastern philosophies because of their view toward those concepts. If you question or do not believe in the possibility of reincarnation, think of the Trilogy as a fantastic story of science fiction, time-travel, zombies, vampires or Harry Potter. No matter what your beliefs, sit back, sip on a cup of tea and enjoy the adventure. Readers Compare Through the Third Eye to: > Da Vinci Code & Angels and Demons > The Indiana Jones adventure series > The Torah Codes and the Bible Codes Background on the Third Eye Trilogy:

Nearly six years of research went into Book 1 of Third Eye Trilogy. Much of that was garnering details on the historical characters portrayed through the possibility of reincarnation. The author scoured documented historical details to make interconnections between historical figures across thousands of years. He also conducted extensive research on hypnotic regression techniques used by psychologists, psychiatrists and therapist in their practices. This laid a foundation for the techniques used by Clay and Shali to find their secrets. The author personally visited many of the geographical settings portrayed in the story

to ensure a high degree of accuracy for the reader's benefit. Please get your copy today.

The Opening of the Third Eye: The human brain is a priceless computer lying perfectly maintained but almost silent! None of us uses the full potential of this amazing instrument, yet we all possess a secret 'trigger' for activating its mechanism. Called 'the Third Eye' in occult language, this 'trigger' can release a vortex of psychic energy for the extension of awareness in new dimensions, for speeding up or slowing down time as experienced on our planet, and achieving one hundred per cent personality integration. Dr. Baker reveals that the Third Eye derives its power from the pineal, pituitary and carotid glands, allied to

'whirlwinds' of energy known as 'chakras' or force centres. There are seven of these centres in the human body, their physical location being the base of the spine, the solar plexus, the spleen, the heart, the throat, the brow, and the top of the head. Five safe techniques for arousing the Third Eye are provided. They have been practised by the author 'without hazard and with many rewards for over forty years.' In our present condition we can only observe the outer surface of the planet, manifesting in gaseous, liquid and solid form. We are completely unaware of the subtler states of matter beneath these outward appearances. But the Third Eye reveals all underlying structures. 'This means

that one could observe the termites in apparently solid wooden paneling; or, more constructively, man's inner organs could be observed and all traces of disease in them immediately recognised, with consequent enormous benefits to medical progress.'
