The second book in the blockbuster phenomenon The Maze Runner series now features chapters from The Fever Code, the highly-anticipated conclusion to the MAZE RUNNER SERIES—the novel that finally reveals how the maze was built! Thomas was sure that escape from the Maze would mean freedom for him and the Gladers. But WICKED isn't done yet. Phase Two has just begun. The Gladers have two weeks to cross through the Scorch—the most

burned-out section of the world. And WICKED has made sure to adjust the variables and stack the odds against them. Friendships will be tested. Loyalties will be broken. All bets are off. There are others now. Their survival depends on the Gladers' destruction—and they're determined to survive. The Maze Runner and Maze Runner: The Scorch Trials are now major motion pictures featuring the star of MTV's Teen Wolf, Dylan O'Brien; Kaya Scodelario; Aml Ameen; Will Poulter; and Thomas

The Death and Life of Charlie St. Cloud tells the haunting story of a young man who narrowly survives a terrible car wreck that kills his little brother. Years later, the brothers' bond remains so strong that it transcends the normal boundaries separating life and death. Charlie St. Cloud lives in a snug New England fishing village. By day he tends the lawns and monuments of the ancient cemetery

where his younger brother, Sam, is buried. Graced with an extraordinary gift after surviving the accident, he can still see, talk, and even play catch with Sam's spirit. But townsfolk whisper that Charlie has never recovered from his loss. Into his carefully ordered life comes Tess Carroll, a captivating, adventuresome woman training for a solo sailing trip around the globe. Fate steers her boat into a treacherous storm that blows her back to harbor, to a charged encounter

with Charlie, and to a surprise more overwhelming than the violent sea itself. Charlie and Tess discover a beautiful and uncommon connection that leads to a race against time and a desperate choice between death and life, between the past and the future, between holding on and letting go. Luminous, soulful, and filled with unforgettable characters, *The Death and Life of Charlie St. Cloud* is one of those rare, wise books that reveal the mysteries of the unseen world

around us, gently transforming the worst pain of loss into hope, healing, and even laughter. Suspenseful and deeply moving, its startling climax reminds us that sometimes tragedies can bring about miracles if we simply open our hearts.

Imagine a land where all the animals are free . . .
To the creatures of the woodland, the land of *Animalia* sounds like a dream - a tropical island where all the animals live

in harmony. They are over-shadowed by a much more evil community; the polluted Megatropolis, whose dirty skyscrapers block the horizon. And then one day, Wirral the Squirrel's woodland is destroyed by developers and he is thrown into the nightmare world of Megatropolis. But Wirral believes in Animalia and he joins with Froggo, a world-class amphibian balloonist, and Wilhamina, a girl squirrel, to lead the enslaved animals of the city to a new life. So begins an exciting

adventure through the mean streets of Megatropolis, over the sea and through the sky. Developed out of an exceptional fusion of creative talents, this story explodes onto every page. The plot is fast, furious and funny; the illustrations are full of rich depth and colour; and the characters live on long after you have turned the final page. It will delight children of all ages and is sure to become an enduring classic. 'Young audiences will delight in the clever wordplay and

smartly-drawn comic characters.'
