The Marriage Riddle CCB Publishing

Marriage is not at all without its challenges. 80% of all failed marriages are logged in the system as having failed due to 'irreconcilable differences.' More than 50% of marriages end in divorce. But, the truth is the failure of a marriage stems from a couple simply not knowing how to be married and their refusal to learn! We learn to say, "I do," but in truth, our words have limitations because we are a people conditioned to believe there is an alternative to any and every thing, rather than accept that GOD never intended marriage to end in divorce. And no matter how bad it is or how bad it seems, it too can be fixed! 'Christian and Married- How To Be One Without Losing The Other' is not just another marriage self-help book for believers. It's an accountability book, a testimony and a strife diffuser. Your marriage can survive! Come on and learn, laugh, live and fall in love all over again! Great for couples and singles alike!

Marriage and the Family Augsburg Books

To say that marriage is today facing unprecedented crises is to be guilty of a chronic understatement. Soaring divorce rates have been fuelled by inadequate preparation for marriage, ignorance about its purpose, premarital sex, and counterfeit incarnations like polygamy, polyandry, and cohabitation. Additionally, economic pressures, increasing global amorality, and the determination to redefine marriage are further sounding the death knell for marriage. The good news is that there is nothing new under the sun, and this institution, which has survived every onslaught in every community across every age, will continue to do so. The purpose of this book is to heal marriages in this generation and, more significantly, equip the next generation to approach, prepare for, and conduct marriage as God intended. In this candid, practical, Bible-inspired treatise, you will discover the following: The purpose of marriage and lessons from the first marriage How clearly defined roles determine your marriage's success and insulate you from the scourge of unmet expectations A spiritual and practical checklist for picking the right spouse in the first place Three critical principles of communication Learning to fight properly by mastering conflict resolution techniques How not to make outlaws of your in-laws and parents "I can't live without you!" myth or fact? If sex can be good and at the same time godly; also, what is sexually permissible for a Christian couple What happens when the initial attraction fades or love dies What to do when your spouse is attracted to or involved with an external party The key to raising godly offspring The pervading theme from which the book derives its title is that men and women are different by design. Marriages totter and collapse because spouses do not realise this divine inbuilt design imperative to the success of their connubial experience. Enjoy discovering the truth this book exposes you to and the liberty it engenders in your marital walk.

Everyone disagrees on some things; this is inevitable. The question is, how can we disagree with those we love but increase the odds that we will live and love to fight another day? In other words, how can we fight fair? In this companion to *One of Us Must Be Crazy...* and *I'm Pretty Sure It's You* (a treatise on making sense of the differences that divide us), Tim and Joy Downs aren't playing around. This time they concentrate less on how to make sense of our differences and more on winning at conflict without losing at love. When couples fight, tempers flare, tongues loosen, and behavior occurs that can cause major damage to the relationship. *Fight Fair!* teaches couples how to have healthy disagreements. It is a candid and realistic "rulebook" for married couples to ensure that their conflict is God-honoring and respectful of their partner. There is also plenty of immediate application to ensure that future conflicts don't create permanent scars.
