Craft a Life You Love

Harper Trophy

In 1325, the great Arab traveler Ibn Battutah set out from his native Tangier in North Africa on pilgrimage to Mecca. By the time he returned nearly thirty years later, he had seen most of the known world, covering

three times the distance allegedly traveled by the great Venetian explorer Marco Polo—some 75,000 miles in all. Captivated by Ibn Battutah's account of his journey, the Arabic scholar and award-winning travel writer Tim Mackintosh-Smith set out to follow in the peripatetic Moroccan's footsteps. Traversing Egyptian deserts and

remote islands in the Arabian Sea, visiting castles in Syria and innumerable souks in medieval Islam's great cities, Mackintosh-Smith sought clues to Ibn Battutah's life and times, encountering the ghost of "IB" in everything from place names (in Tangier alone, a hotel, street, airport, and ferry bear IB's name), to dietary staples to an Arabic online dating service—and introducing us to a world of unimaginable wonders. By necessity, Mackintosh-Smith's journey may have cut some corners ("I only wish I had the odd thirty years to spare, and Ibn Battutah's enviable knack of extracting large amounts of cash, robes and slaves from compliant rulers.") But in this wry, evocative,

and uniquely engaging travelogue, he spares no effort in giving readers an unforgettable glimpse into both the present-day and fourteenth-century Islamic worlds.

'Girl on a Train meets The Talented Mr Ripley under the Moroccan sun. Unputdownable' The Times The perfect read for fans of Daphne du Maurier and Patricia Highsmith, set in 1950s Morocco, *Tangerine* is a gripping

psychological literary thriller. The last person Alice Shipley expected to see since arriving in Tangier with her new husband was Lucy Mason. After the horrific accident at Bennington, the two friends - once inseparable roommates - haven't spoken in over a year. But Lucy is standing there, trying to make things right. Perhaps Alice should be happy. She has not adjusted to life in Morocco, too afraid to venture out into the bustling medinas and oppressive heat. Lucy, always fearless and independent, helps Alice emerge from her flat and explore the country. But soon a familiar feeling starts to overtake Alice - she feels controlled and stifled by Lucy at every

turn. Then Alice's husband, John, goes missing, and Alice starts to question everything around her: her relationship with her enigmatic friend, her decision to ever come to Tangerine, and her very own state of mind. Tangerine is an extraordinary debut, so tightly wound, so evocative of 1950s Tangerine, and so cleverly plotted that it will leave you absolutely breathless.

Essential oils are also known as volatile oils, ethereal oils or aetherolea, or simply as the oil of the plant

from which they were extracted. Essential oils are generally used in perfumes, cosmetics, soaps and other products, for flavoring food and drink, and for adding scents to incense and household cleaning products. Various essential oils have been used medicinally at different periods in history. Medical applications proposed by those who sell medicinal oils range from skin treatments to remedies for cancer, and often are based solely on historical accounts of use of essential oils for these purposes. Interest in essential oils has revived in recent decades with the popularity of aromatherapy, a branch of alternative medicine that claims

that essential oils and other aromatic compounds have curative effects. Oils are volatilized or diluted in carrier oil and used in massage, diffused in the air by a nebulizer, heated over a candle flame, or burned as incense. This book describes about the physicochemical properties, chemical composition, distillation, yield, quality of essential oils, process of extraction of essential oils, manufacture of essential oils, products derived from essential oils and so on. The book in your hands contains formulae, processes, and test parameters of different types of essential oils derived from different natural sources. This is very helpful book for new entrepreneurs,

professionals, institutions and for those who are already engaged in this field. Tangerine and Kiwi Visit the Sugar Bush Dorling Kindersley Ltd Bienvenido a Tangerine. Este lugar es más raro de lo que parece. Paul Fisher ve el mundo a través de anteojos tan gruesos que parece un insecto del espacio exterior. Pero no está tan ciego como para no ver que hay algunas cosas muy poco normales en la nueva casa de su familia, en el condado de Tangerine, Florida. ¿En dónde más un socavón se traga la escuela de la localidad, el fuego arde debajo de la tierra por años y caen rayos a la misma hora todos los días? Con todo este caos, mezclado con el acoso constante de su

hermano —quien es una estrella del fútbol americano—, acoplarse a la vida en Tangerine no es fácil para Paul. Hasta que se une al equipo de fútbol de la escuela media donde estudia. Con la ayuda de sus nuevos compañeros de equipo, Paul descubre lo que se esconde bajo la extraña superficie de su nuevo lugar de residencia. Y también obtiene el coraje para enfrentar algunos de los secretos que su familia le ha estado ocultando por demasiado tiempo. En Tangerine, tal parece, cualquier cosa es posible.

"It was a project I've always wanted to do, but I never had the courage or found the time to attempt it... But

when we were locked down at the start of the year, I started to go through all of my journals I've written in for the past five years and found so much material. So I started to compile all of the good ones, sent some off to magazines and kept some for myself. That's how it started." Adolescence is a painfully awkward, angsty and confusing period in our lives. This is a time where most of us fall in love for the first time, question our place in the universe and figure out who we want to be. Underpinned by a love of music, language and philosophy, Joey Groves' sensational debut explores the journey through adolescence; sharing his intimate relationship with

anxiety and the small triumphs of growth and change. Written between the ages of fifteen and twenty, *TANGERINE: OR, HOW I LEARNED TO TRUST THE PROCESS* is a collection of poetry and prose about exuberant love, despair and growing pains. *Tangerine* Syrian immigrant Khadra Shamy is growing up in a devout, tightly knit Muslim family in 1970s Indiana, at the crossroads of bad polyester and Islamic dress codes. Along with her brother Eyad and her African-American friends, Hakim and Hanifa, she bikes the Indianapolis streets exploring the fault-lines between "Muslim" and "American." When her picture-perfect marriage goes sour,

Khadra flees to Syria and learns how to pray again. On returning to America she works in an eastern state -- taking care to stay away from Indiana, where the murder of her friend Tayiba's sister by Klan violence years before still haunts her. But when her job sends her to cover a national Islamic conference in Indianapolis, she's back on familiar ground: Attending a concert by her brother's interfaith band The Clash of Civilizations, dodging questions from the "aunties" and "uncles," and running into the recently divorced Hakim everywhere. Beautifully written and featuring an exuberant cast of characters, *The Girl in the Tangerine Scarf* charts the

spiritual and social landscape of Muslims in middle America, from five daily prayers to the Indy 500 car race. It is a riveting debut from an important new voice.

In Venice, Frances Croy is working to leave the previous year behind: another novel published to little success, a scathing review she can't quite manage to forget, and, most of all, the real reason behind her self-imposed exile from London: the incident at the Savoy.

Sequestered within an aging palazzo, Frankie finds comfort in the emptiness of Venice in winter, in the absence of others. And then Gilly appears. A young woman claiming a

connection from back home, one that Frankie can't quite seem to recall, Gilly seems determined for the two women to become fast friends. But there's something about her that continues to give Frankie pause, that makes her wonder just how much of what Gilly tells her is actually the truth. Those around Frankie are quick to dismiss her concerns, citing what took place that night at the Savoy. So too do they dismiss Frankie's claims that someone is occupying the other half of the palazzo, which has supposedly stood empty since after the war. But Frankie has seen the lights across the way, has heard the footsteps too-and what's more, knows she isn't mad. Set in the days before and

after the 1966 flood - the worst ever experienced by the city of Venice - the trajectory of the disaster that forever altered the city mirrors Frankie's own inner turmoil as she struggles to make sense of what is and is not the truth, ultimately culminating in a tragedy that leaves her questioning her own role and responsibility - as well as her sanity.

Tom Wolfe's debut collection of essays - a brilliant, form-bending dive into the future of

America as it careened through the 1960s In 1965, Tom Wolfe dropped like a bomb onto the American literary scene with his first book, *The Kandy-Kolored Tangerine-Flake Streamline Baby*, an incandescent panorama of American counter-culture, its dances, bouffant hairdos, customised cars and rock concerts. Capturing the energy of the age in its portraits of Phil Spector, Cassius Clay, Las Vegas and the Nanny Mafia - as well as asking, why do doormen hate Volkswagens? - Wolfe's flamboyant essay collection remains one of the great, revolutionary landmarks of modern non-fiction. 'Journalism, it is said, is the first draft of history.'

From the bestselling author of *Tangerine*, a "taut and mesmerizing follow up...voluptuously atmospheric and surefooted at every turn" (Paula McLain, author of *The Paris Wife* and *When the Stars Go Dark*). It's 1966 and Frankie Croy retreats to her friend's vacant palazzo in Venice. Years have passed since the initial success of Frankie's debut novel and she has spent her career trying to live up to the expectations. Now, after a particularly scathing review of her

most recent work, alongside a very public breakdown, she needs to recharge and get re-inspired. Then Gilly appears. A precocious young admirer eager to make friends, Gilly seems determined to insinuate herself into Frankie's solitary life. But there's something about the young woman that gives Frankie pause. How much of what Gilly tells her is the truth? As a series of lies and revelations emerge, the lives of these two women will be tragically altered as the catastrophic 1966 flooding of Venice ravages the city. Suspenseful and transporting, Christine Mangan's *Palace of the Drowned* brings the mystery of Venice to life while delivering a twisted tale of ambition

and human nature.

In a world where children are

increasingly attached to their screens, and their memories often are only held digitally, this ebook offers a creative analogue solution. It is a fun how-to e-guide to engaging with the world around us through mindfulness activities and journaling tips. Little ones are taken through activities, from physical and mental exercises to crafting and writing tasks, which teach them to value the little things in their lives. They learn crafts to calm a busy mind, discover Buddhist meditation, and explore the outdoors mindfully. Some activities encourage kids to create something physical to remember special events, friends, or holidays, so

memories aren't restricted to pictures on a screen. Each activity and thought encourages a sense of calm or wellbeing, which helps children to live in the moment and make memories in the real world. The ebook features an environmental awareness, too, with activities encouraging sustainability and recycling. Beautiful, soothing colours and a fun scrapbook aesthetic combine to make a how-to e-guide to cherish.
