Politics, Culture, and Class in the French Revolution Prentice Hall

The French Revolution is a time of history made familiar from Dickens, Baroness Orczy, and Tolstoy, as well as the legends of let them eat cake, and tricolours. Beginning in 1789, this period of extreme political and social unrest saw the end of the French monarchy, the death of an extraordinary number of people beneath the guillotine's blade during the Terror, and the rise of Napoleon, as well as far reaching consequences still with us today, such as the enduring ideology of human rights, and decimalization. In this Very Short Introduction, William Doyle introduces the French old regime and considers how and why it collapsed. Retelling the unfolding events of the revolution, he analyses why the revolutionaries quarrelled with the king, the church and the rest of Europe, why this produced Terror, and finally how it accomplished rule by a general. Doyle also discusses how and why the revolution destroyed the age-old cultural, institutional, and social structures in France and beyond. In this new edition, Doyle includes new sections highlighting the main developments in the field since the first edition, before exploring the legacy of the revolution in the form of rationality in public affairs and responsible government. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

A Study in Historical Criticism Cambridge University Press

"In the opening section, the author examines Europe and the world on the eve of the revolution, describing in detail not only the countries which were immediately affected by the cataclysm in France but also those which awakened slowly to the call of liberty. He then presents a vivid narrative of events in France, analyzing the series of revolts--by the aristocracy, the bourgeoisie, the towns, and the peasantry--which set in motion the inexorable course of social, economic, and political upheaval. The forces that propelled the revolution, as well as the personalities responsible for day-to-day decisions during this momentous period, are described with great insight."--From publisher. Harvard University Press

This new edition of the most authoritative, comprehensive history of the French Revolution of 1789 draws on a generation of extensive research and scholarly debate to reappraise the most famous of all revolutions. Updates for this second edition include a generous chronology of events, plus an extended bibliographical essay providing an examination of the historiography of the Revolution.

Opening with the accession of Louis XVI in 1774, the book traces the history of France through revolution, terror, and counter-revolution, to the triumph of Napoleon in 1802, and analyses the impact of events both in France itself and the rest of Europe. William Doyle shows how a movement which began with optimism and general enthusiasm soon became a tragedy, not only for the ruling orders, but for the millions of ordinary people all over Europe whose lives were disrupted by religious upheaval, and civil and international war. It was they who paid the price for the destruction of the old political order and the struggle to establish a new one, based on the ideals of liberty and revolution, in the face of widespread indifference and hostility.

*The Women of Paris and Their French Revolution* Historical Materialism

An entertaining and eye-opening look at the French Revolution, by Stephen Clarke, author of 1000 Years of Annoying the French and A Year in the Merde. The French Revolution and What Went Wrong looks back at the French Revolution and how it's surrounded in a myth. In 1789, almost no one in France wanted to oust the king, let alone guillotine him. But things quickly escalated until there was no turning back. The French Revolution and What Went Wrong looks at what went wrong and why France would be better off if they had kept their monarchy.

*A Short History of the French Revolution, 1789-1799* Harvard University Press

How did the French Revolution's ideals of liberty, equality, and fraternity descend into violence and terror? Timothy Tackett offers a new interpretation of this turning point in world history. Penetrating the mentality of Revolutionary elites on the eve of the Terror, he reveals how suspicion and mistrust escalated and helped propel their actions.

**Festivals and the French Revolution** e-artnow

Publisher Description

*Selected Essays* Baylor University Press

A wide-ranging collection of essays exploring the question 'How did the French Revolution become thinkable?'

*What was Revolutionary about the French Revolution?* Univ of California Press

This book reasserts the importance of the French Revolution to an understanding of the nature of modern European politics and social life. Livesey argues that the European model of democracy was created in the Revolution, a model with very specific commitments that differentiate it from Anglo-American liberal democracy.

*The French Revolution* Columbia University Press

If you want to discover captivating stories of people and events of the French Revolution, then keep reading... Two captivating manuscripts in one book: The French Revolution: A Captivating Guide to the Ten-Year Revolution in France and the Impact Made by Napoleon Bonaparte Marie Antoinette: A Captivating Guide to the Last Queen of France Before and During the French Revolution, Including Her Relationship with King Louis XVI Few historical events are as greatly revered and entirely

misunderstood as the French Revolution that began in 1789. The memory of this complicated and lengthy political, violent uprising has been generally painted in broad--and oversimplified--strokes. While the French Revolution was certainly centered around two lavish monarchs and an enlightened common class, there was so much more going on behind the scenes. Even after the abolition of the French monarchy, France struggled to find a balance between public self-governance and European stability. A fragile government, merely a shell of its former self following the Reign of Terror under Robespierre, was no match for the military and political prowess of Napoleon I. Some of the topics covered in part 1 of this book include: A Brief History of the French Monarchy Philosophies of the Times France in the 18th Century Marie Antoinette, Madame Deficit Taxes, Famine, and the Enlightenment Sieyes' "What is the Third Estate?" The National Assembly Death of the Dauphin Bastille Day The First Mayor of Paris Declaration of the Rights of Man...and The Women's March France at War The Flight to Varennes Storming the Tuileries The Monarchy is Outlawed The Fate of the Colonies The Louisiana Purchase The Reign of Terror The New French Calendar Emperor Napoleon Bonaparte In the Days and Years Afterward And much, much more! Some of the topics covered in part 2 of this book include: An Archduchess is Born Maria Antonia Becomes Marie Antoinette The Dauphine Queen at Nineteen A Marriage at Odds with Itself The Issue of Heirs Madame Deficit Count Axel von Ferson The Lost Children The Diamond Necklace Scandal Queen of Fashion The French Revolution The October Chapter Anxious Days at the Tuileries An Attempt to Flee Death of the Monarchy And much more! So if you want to learn more about the French Revolution, click the "add to cart" button!

Revolutionary Acts Oxford ; New York : Pergamon Press

In this stirring and persuasive defense of the classical Marxist view of the French Revolution as a bourgeois and capitalist revolution, Henry Heller lays to rest the stylish revisionism on the subject that still dominates in academic circles. Based mainly on articles published in the journal *Historical Materialism*, Heller that the rise of a bourgeois capitalist class in France stretches back to the sixteenth century, and that the Revolution itself played a large role in strengthening this nascent class politically and economically.

The Oxford Handbook of the French Revolution Black Rabbit Books

From King Louis XVI to Napoleon Bonaparte, readers will discover the incredible people, ideas, and battles that lived and occurred during the French Revolution. The captivating photos and images and compelling facts work in conjunction with the supportive text, glossary, and index to provide an engaging and exciting reading experience as children learn about the storming of the Bastille, the Declaration of the Rights of Man and Citizens, Robespierre, and King Louis XVI's wife, Marie Antoinette.

**A People's History of the French Revolution** Verso Books

In the French Revolution, Jocelyn Hunt examines the major issues and background to the revolution, including its causes, and disputes as to when it ended. The author also surveys the views of historians on this period and looks at wider questions such as the nature of revolution. Beginning with the pre-revolution economic and political situation, and covering through to the fall of Robespierre and the rise of Bonaparte, this book provides both challenging analysis and a concise introduction.

The Coming of the Terror in the French Revolution Harper Collins

In this acclaimed work, Christopher Hibbert charts the French Revolution from its beginnings at an impromptu meeting on a tennis court at Versailles in 1789 right through to 1795 and the rise to power of Napoleon.

**From Enlightenment to Tyranny** Columbia University Press

The object of this book is not to recount once more the history of the Revolution: that can be followed in any one of a hundred text-books. Its object is rather to lay, if that be possible, an explanation of it before the non-French readers; so that they may understand both what it was and how it proceeded, and also why certain problems hitherto unfamiliar to people outside of France have risen out of it. Contents: The Political Theory of the Revolution Rousseau The Characters of the Revolution The Phases of the Revolution The Military Aspect of the Revolution The Revolution and the Catholic Church

The French Revolution Profile Books

The second of four volumes of papers from a set of major international symposia commemorating the Bicentenary of the French Revolution. A discussion of the political culture of the Revolution itself, from the declaration of the principle of national sovereignty by the National Assembly until the creation of the Consulate.

Theater, Democracy, and the French Revolution Routledge

Examines the principal causes and events of the Revolution as well as its impact on France in the years that followed.

Inventing the French Revolution ` Routledge

The French Revolution was one of the greatest events in world history, filled with remarkable characters and dramatic events. From its beginning in 1789 to the Reign of Terror in 1793-94, and through the ups and downs of the Directory era that followed, the Revolution showed humanity at its optimistic best and its violent worst; it transformed the lives of all who experienced it. The French Revolution: Faith, Desire, and Politics offers a fresh treatment of this perennially popular and hugely significant topic, introducing a bold interpretation of the Revolution that highlights the key role that religion and sexuality played in determining the shape of the Revolution. These were issues that occupied the minds and helped shape the actions of women and men; from the pornographic pamphlets about queen Marie-Antoinette to the puritanical morality of revolutionary leader Maximilien Robespierre, from the revolutionary catechisms that children learned and to the anathemas hurled on the Revolution from clandestine priests in the countryside. The people who lived through the French Revolution were surrounded by messages about gender, sex, religion and faith, concerns which did not exist outside of the events of the Revolution. This book is an essential resource for students of the French Revolution, History of Catholicism and Women and Gender.

*Faith, Desire and Politics* OUP Oxford

"This concise introduction to the French Revolution explains the origins, development, and eventual decline of a movement that defines France to this day. Through an accessible chronological narrative, Sylvia Neely explains the complex events, conflicting groups, and rapid changes that characterized this critical period in French History. She traces the fundamental transformations in government and society that forced the French to come up with new ways of thinking about their

place in the world and led to liberalism, conservatism, terrorism, and modern nationalism. All readers interested in France and revolutionary history will find this a rewarding read."--BOOK JACKET.

**Terror and Triumph** Modern Language Association

Originally published in 1956, this masterly essay weaves together the results of research with an independence of judgement which could only come from a long-established expert in the field of Revolutionary studies. The book examines the causes of the French Revolution and the economics involved in the weakness of France's pre-revolutionary form of government as well as the administrative complexity which was an effective stumbling block in the way of monarchy. As well as charting key events in the revolution, the conclusion discusses the significance of the French Revolution in the context of other revolutions in both the nineteenth and twentieth centuries.

The French Revolution Princeton University Press

A bold new history of the French Revolution from the standpoint of the peasants, workers, women and sans culottes. The legacy of the French Revolution has remained a fascinating and contentious subject for over two centuries. Instead of seeing the revolution as an aberrant bloodbath on the path to a liberal society, this new book, the first significant history of the French Revolution in over twenty years, maintains that it fundamentally changed the Western world. Looking at history from the bottom up, the history of working people and peasants, Hazan asks: How did they see their opportunities? What were they fighting for? What was the Terror and could it be justified? And how was the revolution stopped in its tracks? This is vivid historical writing - the multitude of voices of the Revolution come to life. Hazan shows how only through the people can we fully understand the legacy of the French Revolution.
