HAILIE SANAA

A New Translation by Peter Green Henry Holt and Company
 Though the subject of classical reception in early modern Europe is a familiar one, modern scholarship has tended to assume the dominance of Greece and Rome in engagements with the classical world during that period. The essays in this volume aim to challenge this prevailing view by arguing for the significance and familiarity of the ancient near east to early modern Europe, establishing the diversity and expansiveness of the classical world known to authors like Shakespeare and Montaigne in what we now call the 'global Renaissance'. However, global Renaissance studies has tended to look away from classical reception, exacerbating the blind spot around the significance of the ancient near east for early modern Europe. Yet this wider classical world supported new modes of humanist thought and unprecedented cross-cultural encounters, as well as informing new forms of writing, such as travel writing and antiquarian treatises; in many cases, and befitting its Herodotean origins, the ancient near east raises

questions of travel, empire, religious diversity, cultural relativism, and the history of European culture itself in ways that prompted detailed, engaging, and functional responses by early modern readers and writers. Bringing together a range of approaches from across the fields of classical studies, history, and comparative literature, this volume seeks both to emphasize the transnational, interdisciplinary, and interrogative nature of classical reception, and to make a compelling case for the continued relevance of the texts, concepts, and materials of the ancient near east, specifically, to early modern culture and scholarship.

C.S. Lewis is best known as the creator of the fanciful world of Narnia and writer of literary criticism and Christian apologetics. This book examines Lewis's early writings, under the pseudonym Clive Hamilton, analyzing the influence of his formative poetic aspirations upon his later prose. By looking at early diaries and letters, and the inclusion of four of Lewis's previously unpublished narrative poems and eleven previously unpublished short poems, this text explains the man through his writing.

Iliad & Odyssey London : Longman, Green, Longman, Roberts & Green

The All-Time Biggest Sports Jerks is short, sweet, and on-point—the skewering and roasting of the biggest hot dogs in baseball, boxing, golf, football, basketball, hockey, auto racing, media, and other fields of athletic play and extended adolescence. With a sardonic sense of humor that is befitting some of the more infamous characters in sports history, this collection is not simply a depressing recital of the pitfalls of the athletic rich and famous, but the careful documenting of the infamous 100 jerks is complemented by the interesting stories, rich anecdotes, weapons-grade one-liners, and stories that focus on some of the oddballs, weirdos, and even the oh-so-few good guys (and gals) in sports history.

Homer's Iliad, the oldest and greatest epic poem in our culture, was composed in the eighth century BC. It became the single most important literary resource in ancient Greek culture and has exercised a decisive influence on Western culture an influence which continues to this day. The poem tells the story of a quarrel between Achilles, the greatest of the Achaean warriors in the Greek expedition against Troy, and Agamemnon, the commander of the expedition—an argument which causes Achilles to withdraw from the fighting. The battles continue without him, and the ironic unfolding of events eventually leads him to rejoin the war and to seek out the great Trojan warrior Hector for a climactic single combat. The Iliad is our most important war poem. It constantly forces us to confront what goes on in battle, how men sustain themselves amid the horrors of the killing zone, and how the activity is simultaneous intensely and brutally destructive and also, by one of the strangest of all of life's ironies, intensely creative. Ian Johnston's abridged version of Homer's great poem is based upon his acclaimed translation of the complete epic (also published by Richer Resources Publications). The abridged text is approximately one third of the original and presents a coherent narrative poem in which every line is taken from Homer's text, with occasional short summaries to keep the story coherent. This shortened version is an ideal entry into Homer's vision of the world for those who are not yet ready or do not have the time to tackle the full poem. The text is accompanied by a few explanatory footnotes, a glossary of names, and a map indicating the origin of many of the major characters.

The Performance of Reading argues that there are distinct analogies between "silent" reading and artistic performance, and so fashions the new role of the reader as performer. An original and insightful exploration of the act of reading by the leading scholar in the field. Discusses the history of reading and the transitions from reading aloud to reading silently, and the changing role of literature as communal, active experience to a more private endeavor.

Reading the Ancient Near East in Early Modern Europe Wentworth Press

In a companion volume to his award-winning adaptation of The Odyssey, the incomparable graphic novelist Gareth Hinds masterfully adapts Homer's classic wartime epic. More than three thousand years ago, two armies faced each other in an epic battle that rewrote history and came to be known as the Trojan War. The Iliad, Homer's legendary account of this nine-year ordeal, is considered the greatest war story of all time and one of the most important works of Western literature. In this stunning graphic novel adaptation -- a thoroughly researched and artfully rendered masterwork -- renowned illustrator Gareth Hinds captures all the grim glory of Homer's epic. Dynamic illustrations take readers directly to the plains of Troy, into the battle itself, and lay bare the complex emotions of the men, women, and gods whose struggles fueled the war and determined its outcome. This companion volume to Hinds's award-winning adaptation of The Odyssey features notes, maps, a cast of characters, and other tools to help readers understand all the action and drama of Homer's epic.

"Adam Nicolson writes popular books as popular books used to be, a breeze rather than a scholarly sweat, but humanely erudite, elegantly written, passionately felt...and his excitement is contagious."—James Wood, The New Yorker Adam Nicolson sees the Iliad and the Odyssey as the foundation myths of Greek—and our—consciousness, collapsing the passage of 4,000 years and making the distant past of the Mediterranean world as immediate to us as the events of our own time. Why Homer Matters is a magical journey of discovery across wide stretches of the past, sewn together by the poems themselves and their metaphors of life and trouble. Homer's poems occupy, as Adam Nicolson writes "a third space" in the way we relate to the past: not as memory, which lasts no more than three generations, nor as the objective accounts of history, but as epic, invented after memory but before history, poetry which aims "to bind the wounds that time inflicts." The Homeric poems are among the oldest stories we have, drawing on deep roots in the Eurasian steppes beyond the Black Sea, but emerging at a time around 2000 B.C. when the people who would become the Greeks came south and both clashed and fused with the more sophisticated inhabitants of the Eastern Mediterranean. The poems, which ask the eternal questions about the individual and the community, honor and service, love and war, tell us how we became who we are.

Throughout history, men have prayed to gods and poets have interpreted ancient myths for new audiences. But what about women? With sections on teaching and modern writing, this collection of new essays examines how modern female poets--including H.D., Louise Gluck, Ruth Fainlight, Rita Dove, Sylvia Plath and others--have subverted classical expectations in interpreting such legends as Persephone, Helen and Eurydice. Other mythological figures are also explored and rewritten, including Buddhism's Kwan Yin, Celtic Macha, the Aztecs' Coatlicue, Pele of Hawaii, India's Sita, Sumer's Inanna, Yemonja of the Yoruba and many more.
