and a lot more interesting: I am being re-educated.' Lucy Kellaway had a comfortable life. For years she had the same prestigious job, the same husband, and the same home. To the casual observer, she was both happy and successful. But one day, Lucy began to realise that the life she had built for herself no longer suited her. Was it too late to start again? The answer was no - so she

proceeded to tear down both marriage and career, and went back to school. Retraining as a teacher, Lucy discovers there is a world of new possibilities awaiting her - and learns that you can teach an old dog new tricks (providing they are willing to unlearn a few old ones along the way). A witty and moving story of one woman's pursuit of a new life, *Re-educated* is a celebration of education's power to

transform our lives at any age, and an essential companion for anyone facing the joy - and pain - of starting again. *No Place Like Earth* Faber & Faber Indestructibles are the books built for the way babies read. Rip It Up and Start Again is the first book-length exploration of the wildly adventurous music created in the years after punk. Renowned music journalist Simon Reynolds celebrates the futurist spirit of such bands as Joy Division, Gang of Four, Talking Heads, and Devo, which resulted in endless innovations in music, lyrics,

performance, and style and continued into the early eighties with the video-savvy synth-pop of groups such as Human League, Depeche Mode, and Soft Cell, whose success coincided with the rise of MTV. Full of insight and anecdotes and populated by charismatic characters, Rip It Up and Start Again re-creates the idealism, urgency, and excitement of one of the most important and

unleash your hidden potential. Most self-help books encourage you to think differently; to think yourself thin, imagine a richer self or to visualize the perfect you. This is difficult, time consuming and often doesn't work. Drawing on a dazzling array of scientific evidence, psychologist Richard Wiseman presents a radical new insight that turns conventional self-help on its

head: simple physical actions represent the quickest, easiest and most powerful way to instantly change how you think and feel. So don't just think about changing your life. Do it.

Publishing New York Times Bestseller Named one of the Best Gift Books of the Year by Entertainment Weekly, InStyle, House Beautiful, T: The New York Times Style Magazine, Better Homes & Gardens, Luxe Interiors + Design, People StyleWatch, Garden & Gun, The Los Angeles Times, The Chicago Tribune, New York Magazine, and more John Derian's home goods empire

reaches far and wide—in addition to the four John Derian stores he owns in New York and Massachusetts, his products are sold by more than 600 retailers worldwide, including Neiman Marcus, ABC, and Gump's in the United States; Conran and Liberty in the UK; and Astier de Villatte in Paris. It all started with his now-iconic collectible plates decoupage with 19th-century artwork

sourced from old and rare books, a process that credited him with elevating the decoupage technique into fine art. Over the past 25 years, the brand has expanded greatly to include home and general design gifts and products. Now, for the first time ever, comes the book John Derian fans have been waiting for. Culled from the thousands of images that have appeared in his biannual

collections, here is an astoundingly beautiful assortment of nearly 300 full-bleed images in their original form. From intensely colored flowers and birds to curious portraits, hand-drawn letters, and breathtaking landscapes, the best of John Derian is here. The result is an oversized object of desire, a work of art in and of itself, that brilliantly walks the line between

commerce and art, and that is destined to become the gift book of the season. Postpunk 1978-1984 Artisan Books Naji is a loose cannon addicted to gunsmoke, fast money, and making it happen at all costs. Nathan is college bound and determined to escape the streets.
