Teaching English Online - Business English through Coaching and Conversation - Lesson Plan Ebook - 92 pages Are you an existing Online English Teacher with a desire to incorporate Business English into your teaching arsenal? This Ebook could be for you! As an experienced Online English Teacher with a background in HR and over 20 years of work experience, I largely specialise in Business English, teaching via the popular language-learning platform, Italki, in addition to offering private lessons on my website. The vast majority of my students are B1-C2 level ADULT PROFESSIONALS based in Russia, and across Europe. Many work in particular fields such as IT, Banking and HR. Students such as these may be working for an international company, are relocating to an English-speaking country, or may simply want to focus on their interview technique. The issue is, however, is that much of the Business English material available to teachers

has a tendency to focus on overly-formal language, outdated situations and generalised vocabulary which may not be relevant to individual students. Also, professionals may be able to describe the technical intricacies of their job role, but struggle when it comes to discussing behaviours. 2020 has also seen a change in Business English. Boardroom meetings have turned into Zoom calls, Job Interviews take place over Skype, and the use of informal language on modern communication platforms has become far more prominent. This Ebook is effectively the second half of my FULL Business English Ebook - this option is for any existing, experienced who are simply looking for some structured, conversational lesson plans to use with students. Classroom lessons and textbooks for advanced students are not necessarily useful. Advanced students want to have a conversation, build their confidence and learn new, relevant vocabulary. This Ebook consists of over 60 behavioural, skills-based, issues-based, and industry-specific conversational lesson plans. Each lesson plan contains useful prompts for the teacher, relevant phrasal verbs, idioms, and collocations for the student to use during a lesson, in addition to pre-work/technical prompts for both the student and teacher in the industry-specific topics. These lesson plans will last you forever!! You can also find examples of behavioural interview questions which are typically asked in modern times, particularly around failure and reflection, leadership skills and more, instead of the typical "What are your strengths and weaknesses" questions. Overall, Business English students need support with confidence. This can only be achieved through 1-2-1 coaching and conversation. If you are a

new teacher who would simply like further detail and guidance on the WHY and HOW of Business English through Coaching and Conversation, you can pick up the FULL Ebook on this site. Happy Teaching!

In today's competitive world, Spoken English is considered as a passport for success in life. The craze for learning spoken English has led to the growth of coaching institutes all over the country. Much as they may profess and advertise, it is not really possible to learn any language in 30 days. A person who

genuinely wants to learn the language needs to spend two to three hours every day for at least five or six months before he or she would feel confident to communicate in English. The prime objective of this book is to encourage students to learn English as a tool of communication and to enable them to understand the language thoroughly. The book basically takes off from the learner's point of view and guides them through cooperative learning methods in order to help master the effective communication skills in English. The book has been divided into four convenient units of Grammar, Pronunciation, Conversation and Vocabulary. Each chapter covers one main area of learning English - explained with examples. Carefully selected and graded exercises have also been included throughout the book to give readers ample practice and a complete understanding of the subject. In short, the book follows the modern functional approach to the study of English. So readers, it is definitely a one-stop solution for speaking English!

Are you an existing Online English Teacher with a desire to incorporate Business English into your teaching arsenal? Or, perhaps, you're planning to pursue Online Teaching as either a full-time profession or side-hustle.

Whichever box you fall into, this Ebook could be for you! As an experienced Online English Teacher with a background in HR and over 20 years of work experience, I largely specialise in Business English, teaching via the popular language-learning platform, Italki, in addition to offering private lessons on my website. Boardroom meetings have turned into Zoom calls, Job Interviews take place over Skype, and the use of informal language on

modern communication platforms has become far more prominent. This Ebook is split into three simple parts - WHY, HOW, AND WHAT. The 'Why' section is aimed at teachers who may have little to no experience in teaching Business English. What types of student need to improve their Business English through coaching and conversation? For what reasons? In what situations do students need to improve their Business English? The 'How' section describes useful teaching techniques I have used, such as an adapted PPP lesson plan, methods of building writing capability, a behavioural interview focus, and much more!

Classroom lessons and textbooks for advanced students are not necessarily useful. Advanced students want to have a conversation, build their confidence and learn new, relevant vocabulary. Keeping this in mind, the 'What' section consists of over 60 behavioural, skills-based, issues-based, and industry-specific conversational lesson plans. Each lesson plan contains useful prompts for the teacher, relevant phrasal verbs, idioms, and collocations for the student to use during a lesson, in addition to pre-work/technical prompts for both the student and teacher in the industry-specific topics. These lesson plans will last you forever!! Overall, Business English students need support with confidence. This can only be achieved through 1-2-1 coaching and conversation.
