His Excellency Macmillan

Wrongfully imprisoned for 14 years,  
Edmond Dantès escapes to the island of  
Monte Cristo. What awaits him there is a  
fortune in gold--and a new identity with  
which to pursue his revenge and  
redemption.

"[...]moving from one house to another  
'without giving notice of such removal to  
the chief of police!' Thus much for our  
welcome by the authorities of Cuba! The  
Cubans themselves are, however, more  
obsequious. Long before we have  
anchored in the Cuban bay, the news of  
our arrival has reached the ears of my  
companion's friends, who hasten to  
greet us from little canoes with white  
awnings to ward off the rays of the  
scorching sun. Having landed, and  
satisfied the authorities, we are[...]".

**A Story of Science, the High Seas,  
and the First Woman to**

**Circumnavigate the Globe** SUSAETA

Collects several stories and features  
"Notes from Underground," in which the  
narrator leaves his life as an official and  
goes underground, where he makes  
obsessive observations on utopianism  
and the irrational nature of humankind.  
Political Cultures in the Andes, 17501950

Headline

What would it be like to explore a largely  
unknown swath of the world -- from the  
air? That's exactly what the intrepid  
explorers in Jules Verne's *Five Weeks in  
a Balloon* set out to do in this novel, an  
early entrant in the literature describing  
European exploration of Africa. Like  
many of Verne's novels, this tale is so  
richly detailed and historically accurate  
that you'll feel like you've actually come  
along for the ride.

**Fireflies** Simon and Schuster  
The provocateur and cult sensation Carlos Velazquez has earned comparisons to Hunter S. Thompson, Charles Bukowski and William S. Burroughs, and has been called 'a grand storyteller' (Diario Jornada), 'an icon'(Frente) and 'one of the most original and entertaining voices of contemporary Mexican literature' (Revista Gatopardo). His English-language debut, a collection of seven surreal, unrelentingly ironic and unsettling tales, portrays the comedy and brutal tragedies of a region that occupies a unique place in the North American imagination.

*Monografías* Argentinian Literature  
This book-length intellectual biography of Andrés Bello, first published in 2001,

is the first to appear in English. Bello, the most important intellectual of nineteenth-century Latin America, made enduring contributions to the fields of international law, civil legislation, grammar and philology. He was also a poet of note, a literary critic and an influential statesman whose contributions to nation-building and Spanish American identity are widely recognized across the region. In this book, Jaksic provides an archival-based critical account that challenges the celebratory literature that has dominated Bello studies. He demonstrates how knowledge of Bello's contributions illuminate not only Latin American history, but also current issues of imperial fragmentation, nationalism and language.

*English Reprints [no. 1-30]*. University of Arizona Press

This volume elucidates Bourbon colonial policy with emphasis on Madrid's efforts to reform and modernize its American holdings. Set in an Atlantic world context, the book highlights the interplay between Spain and America as the Spanish empire struggled for survival amid the fierce international competition that dominated the eighteenth century. The authors use extensive research in the repositories of Spain and America, as well as innovative consultation of the French Foreign Affairs archive, to bring into focus the poorly understood reformist efforts of the early Bourbons, which laid the foundation for the better-known agenda of Charles III. As the book unfolds, the narrative puts flesh on the

men and women who, for better or worse, influenced colonial governance. It is the story of power, ambition, and idealism at the highest levels.

A Model Kit BRILL

"Featuring compelling biographical essays on individuals from the key groups who experienced the rapid shifts in national boundaries in the Gulf region, this work opens an exciting new perspective on the problems of identity and loyalty in a transnational world."-- Rafe Blaufarb, author of "Bonapartists in the Borderlands" "A sparkling set of insightful essays that illuminates the interplay of natives, settlers, maroons, and slaves in a pivotal borderland contested by rival empires. Local, imperial, and racial identities overlapped in a shifting kaleidoscope of power,

resistance, and adaptation."--Alan Taylor, author of "The Divided Ground: Indians, Settlers, and the Northern Borderland of the American Revolution" "This expert handling of a crucial period that saw the emergence of the modern nation-states promises to become indispensable reading for specialists and students alike."--Serge Ricard, Emeritus, Sorbonne Nouvelle "Clearly shows how the contest for empire across the Gulf Borderlands between 1763 and 1821 not only shifted international boundaries but also challenged the political loyalties and personal identities of this region's multiethnic and multicultural inhabitants."--Steve Hackel, University of California, Riverside Between 1760 and 1820, many groups in North America grappled with differences of identity,

nationality, and loyalty tested by revolutionary challenges. "Nexus of Empire" turns the focus on the people who inhabited one of the continent's most dynamic borderlands--the Gulf of Mexico region--where nations and empires competed for increasingly important strategic and commercial advantages. The essays in this collection examine the personal experiences of men and women, Native Americans, European colonists, free people of color, and slaves, analyzing the ways in which these individuals defined and redefined themselves amid a world of competing loyalties. This volume humanizes the promise and perils of living, working, and fighting in a region experiencing constant political upheaval and economic uncertainties. It offers

intriguing glimpses into a fast-changing world in which individuals' attitudes and actions reveal the convoluted balancing acts of identities that characterized this population and this era.

**revista de educación, bibliografía i agricultura** University of Chicago Press  
This book introduces readers to the evolution of modern fiction in Spanish-speaking Latin America. Presents Latin American fiction in its cultural and political contexts. Introduces debates about how to read this literature. Combines an overview of the evolution of modern Latin American fiction with detailed studies of key texts. Discusses authors such as Mario Vargas Llosa, Gabriel García Márquez, Jorge Luis Borges and Isabel Allende. Covers nation-building narratives,

'modernismo', the New Novel, the Boom, the Post-Boom, Magical Realism, Hispanic fiction in the USA, and more.

**Early Bourbon Spanish America** New Directions Publishing

First published in 1993, The Ultimate Cigar Book has become a classic in its field, and is generally credited with having helped launch the current cigar smoking craze. It has been reprinted numerous times in the United States, and is now sold worldwide. No other book contains as much detailed and factual information on virtually every facet of cigar making and cigar smoking. And now this trendsetting been has been revised in this fourth edition for the aficionado of the future! Forget 1492. This book starts out in B. C. (Before Columbus) and transports the cigar

enthusiast on a fun and fact-filled adventure into virtually every realm of today's popular and growing cigar smoking pastime. Written by one of the most knowledgeable and internationally-celebrated pipe and cigar authors of our time, Richard Carleton Hacker's well-known wit and wisdom will keep the reader enthralled with every turn of the page, as he takes you on an information-packed would tour of cigars. Starting off with a history of cigar smoking, the author then shows us how cigars are made today (handmade, handrolled, and machine made), divulges the secrets of finding the "perfect" cigar, and discusses the ritual of smoking and how to properly care for and store our cigars. From there the book lists a number of innovative cigar accessories, suggests

which beers, wines, whiskeys, brandies, and cognacs go with what cigars, enlightens us with a chapter on cigar smoking celebrities, and concludes with the world's first International Compendium of virtually every cigar brand known today, complete with histories and observations on taste, according to the author's HPH (Highly Prejudiced Hacker-Scale) ratings. If that was not enough, there is even a dictionary of CigarSpeak! The Ultimate Cigar Book is the most comprehensive, factual, and up-to-date book for the cigar smoker or for those who just want to learn more about the fascinating and popular world of cigar smoking. *The Discovery of Jeanne Baret* Fastprint Publishing  
Ever since children have learned to read,

there has been children's literature. *Children's Literature* charts the makings of the Western literary imagination from Aesop's fables to Mother Goose, from Alice's Adventures in Wonderland to Peter Pan, from *Where the Wild Things Are* to Harry Potter. The only single-volume work to capture the rich and diverse history of children's literature in its full panorama, this extraordinary book reveals why J. R. R. Tolkien, Dr. Seuss, Laura Ingalls Wilder, Beatrix Potter, and many others, despite their divergent styles and subject matter, have all resonated with generations of readers. *Children's Literature* is an exhilarating quest across centuries, continents, and genres to discover how, and why, we first fall in love with the written word. "Lerer has accomplished

something magical. Unlike the many handbooks to children's literature that synopsise, evaluate, or otherwise guide adults in the selection of materials for children, this work presents a true critical history of the genre. . . . Scholarly, erudite, and all but exhaustive, it is also entertaining and accessible. Lerer takes his subject seriously without making it dull."—Library Journal (starred review)  
 "Lerer's history reminds us of the wealth of literature written during the past 2,600 years. . . . With his vast and multidimensional knowledge of literature, he underscores the vital role it plays in forming a child's imagination. We are made, he suggests, by the books we read."—San Francisco Chronicle  
 "There are dazzling chapters on John

Locke and Empire, and nonsense, and Darwin, but Lerer's most interesting chapter focuses on girls' fiction. . . . A brilliant series of readings."—Diane Purkiss, Times Literary Supplement  
*Children's Literature* Duke University Press

A rather eccentric but charming homage to cigars and the smoking, storage, and benefits of some of the world's finest. An important book in the cigar aficionado's library.--Amazon.com.

Lucas Corso's search for the original copy of a book of the occult takes him from Madrid to Paris and into a secret society of antiquarians.

Sonora Macmillan

Though Cuba was among the first countries in the world to utilize rail transport, the history of its railroads has been little studied. This English translation of the prize-winning *Caminos para el azúcar* traces the story of railroads in Cuba from their introduction in the nineteenth century through the 1959 Revolution. More broadly, the book uses the development of the Cuban rail transport system to provide a fascinating perspective on Cuban history, particularly the story of its predominant agro-industry, sugar. While railroads facilitated the sugar industry's rapid growth after 1837, the authors argue, sugar interests determined where railroads would be built and who would benefit from them. Zanetti and Garcia explore the implications of this symbiotic

relationship for the technological development of the railroads, the economic evolution of Cuba, and the lives of the railroad workers. As this work shows, the economic benefits that accompanied the rise of railroads in Europe and the United States were not repeated in Cuba. *Sugar and Railroads* provides a poignant demonstration of the fact that technological progress alone is far from sufficient for development.

**The Cuban Thing** The Floating Press

The explosion of a jetliner over India triggers an Apocalyptic battle that sweeps across the subcontinent. Reprint.

*Elegy for Joseph Cornell* is at once a monologue; a collection of metafictional microfictions; a series of prose poems; an artist's quest; the hero's journey; a filmography, biography, bibliography, and inventory; a travel scrapbook; and a guidebook for creativity. Argentinian writer María Negroni transcends form and genre as she explores, with both luminous and illuminating results, the life of Joseph Cornell, a solitary urban artist whose work also defied conventional classification.

[A Short Introduction](#) Cambridge

University Press

A major contribution to debates about Latin American state formation, *Political Cultures in the Andes* brings together comparative historical studies focused on Colombia, Ecuador, Bolivia, and Peru from the mid-eighteenth century to the mid-twentieth. While highlighting patterns of political discourse and practice common to the entire region, these state-of-the-art histories show how national and local political cultures depended on specific constellations of power, gender and racial orders, processes of identity formation, and socioeconomic and institutional structures. The contributors foreground the struggles over democracy and citizens' rights as well as notions of race, ethnicity, gender, and class that have

been at the forefront of political debates and social movements in the Andes since the waning days of the colonial regime some two hundred years ago. Among the many topics they consider are the significance of the Bourbon reform era to subsequent state-formation projects, the role of race and nation in the work of early-twentieth-century Bolivian intellectuals, the fiscal decentralization campaign in Peru following the devastating War of the Pacific in the late nineteenth century, and the negotiation of the rights of "free men of all colors" in Colombia's Atlantic coast region during the late colonial period. *Political Cultures in the Andes* includes an essay by the noted Mexicanist Alan Knight in which he considers the value and limits of the

concept of political culture and a response to Knight's essay by the volume's editors, Nils Jacobsen and Cristóbal Aljovín de Losada. This important collection exemplifies the rich potential of a pragmatic political culture approach to deciphering the processes involved in the formation of historical polities. Contributors. Cristóbal Aljovín de Losada, Carlos Contreras, Margarita Garrido, Laura Gotkowitz, Aline Helg, Nils Jacobsen, Alan Knight, Brooke Larson, Mary Roldan, Sergio Serulnikov, Charles F. Walker, Derek Williams

Mea Cuba Houghton Mifflin Harcourt

Against a background of perceived attacks on established religion by the politicians of the day, and the introduction of the newfangled cinematograph to the city of Ourense,

the local bishop, His Excellency, faces dissent in the ranks. His assistant, Don Xenaro, while struggling to preserve his loyalty to the bishop, is drawn to side with the canon theologian, Don Telesforo, who is vehemently opposed to the new invention. No less an opponent is the much revered, and soon to be sainted, local nun, Sister Sabina, who appeals to the bishop to save his soul. The bishop seeks solace in food, in the once intellectual but now ailing company of his aged vicar, in memories of a better time, when he studied at the seminary, but ghosts rarely lie down easily, and he will have to chase them away if he doesn't wish to be defeated. A visit to the cinema, where he witnesses the rowdy atmosphere, the impressive images and the poverty of its pioneers,

an indulgent attitude... If he's not careful, others at the start of this tumultuous twentieth century will take matters into their own hands, and dissent will turn into open revolt. A hilarious look at the internal politics of a

cathedral chapter, at the confrontation between conservative and liberal elements, His Excellency is one of Galician writer Carlos Casares' best-loved and most enduring novels.
