A Call to Reflection and Action Church Publishing, Inc.

Christian Faith is one of the most important works of Christian theology ever written. The author, known as the "father of theological liberalism," correlates the entirety of Christian doctrine to the human experience of and consciousness of God. A work of exhaustive scholarship written in deep sympathy with the ministry of congregations and church bodies, Christian Faith has inspired admiration and debate from all quarters of the Christian family since its first publication in 1821. This is the first full translation of Schleiermacher's Christian Faith since 1928 and the first English-language critical edition ever. Edited by top Schleiermacher scholars, this edition includes extensive notes that detail changes Schleiermacher made to the text and explain references that may be unfamiliar to contemporary readers. Employing shorter sentences and more careful tracking of vocabulary, the editors have crafted a translation that is significantly easier to read and follow. Anyone who wishes to understand theology in the modern period will find this an indispensable resource.

Catechism of the Catholic Church Wm. B. Eerdmans Publishing
Probing disturbing questions that beg for a response from the Christian community, a distinguished scholar of religion and popular writer analyzes the evidence about 9/11 and then explores a distinctively Christian perspective on these issues, taking seriously what we know about Jesus' life, death, and teachings.

50 Core Truths of the Christian Faith Cambridge University Press
This single volume of dogmatics is an introduction to the Christian faith as such, written from an intentionally ecumenical perspective. Although this book is written by a Lutheran, its aim is to draw from the deep wells of the Christian tradition, its creeds and confessions, common to all denominations. Denominational dogmatics tends to define and defend the teachings of the Christian faith from the perspective of a particular church, in distinction from others. Ecumenical dogmatics is a relatively new attempt to focus on the beliefs and teachings fundamental to all communities that call themselves Christian. Such a project aims

to be more irenic than polemical, intent on seeking and serving reconciliation and unity in Christ. The trinitarian and christological confessions of the first five centuries are foundational for all Eastern Orthodox, Roman Catholic, and Protestant Reformation churches and, despite all their subsequent differences and divisions, are quintessential in their journey toward reconciliation and reunion. These ancient creeds also suggest the appropriate outline for the organization of the contents of dogmatics even today, following the works of the triune God—creation, redemption, and sanctification.

A Response to Contemporary Challenges Ignatius Press
The New York Times bestselling author of *The Prodigal Prophet* uncovers the essential message of Jesus, locked inside his most familiar parable. Newsweek called renowned minister Timothy Keller "a C.S. Lewis for the twenty-first century" in a feature on his first book, *The Reason for God*. In that book, he offered a rational explanation of why we should believe in God. Now, in *The Prodigal God*, Keller takes his trademark intellectual approach to understanding Christianity and uses the parable of the prodigal son to reveal an unexpected message of hope and salvation. Within that parable Jesus reveals God's prodigal grace toward both the irreligious and the moralistic. This book will challenge both the devout and skeptics to see Christianity in a whole new way.

Mere Science and Christian Faith Baker Academic
Michael Horton's highly anticipated *The Christian Faith* represents his magnum opus and will be viewed as one of—if not the—most important systematic theologies since Louis Berkhof wrote his in 1932. A prolific, award-winning author and theologian, Professor Horton views this volume as "doctrine that can be preached, experienced, and lived, as well as understood, clarified, and articulated." It is written for a growing cast of pilgrims making their way together and will be especially welcomed by professors, pastors, students, and armchair theologians. Features of this volume include: (1) a brief synopsis of biblical passages that inform a particular doctrine; (2) surveys of past and current theologies with contemporary emphasis on exegetical, philosophical, practical, and theological questions; (3) substantial interaction with various Christian movements within the Protestant, Catholic and Orthodoxy traditions, as well as the hermeneutical issues raised by postmodernity; and (4) charts,

sidebars, questions for discussion, and an extensive bibliography, divided into different entry levels and topics.

Symbols of the Christian Faith IVP Books

A guide to living an authentic Christian life urges readers to seek an expression of faith that is personal, rather than in accordance with the belief systems of others, in a handbook that cites the examples of Jesus while offering a perspective on the unlimited nature of God.

Bridging the Divide with Emerging Adults InterVarsity Press
This book offers a comprehensive and lively look at the Christian faith by internationally-respected theologian, Colin Gunton. Distilling a lifetime's experience of teaching and thought, this is a book for those who wish to understand the meaning and relevance of the fundamental beliefs of Christianity. The order of the book follows the central themes of the Nicene Creed, the manifesto of the Christian faith. Beginning with consideration of creation and providence, it moves on to the person and work of Christ, and then to the human appropriation of belief and eschatology. A concluding chapter brings together, in a treatment of the Trinity, a discussion of the divine attributes and the doctrine of God that has been revealed in the process of the book's argument. No other book offers such a comprehensive, systematic and accessible overview of the Christian faith. It will prove invaluable to students of introductory theology, as well as anyone interested in the fundamental claims of Christianity.

Sometimes it is easy to view the Old Testament as difficult to apply to our day-to-day lives. As contemporary Christians, we may even wonder whether it is possible for us to establish our apostolic roots in the Old Testament. Christian Faith in the Old Testament helps us complete this daunting task with ease. In this intriguing and informative study, Gareth Lee Cockerill helps us view the New Testament as a fulfillment of the Old Testament, giving us a broad perspective on Scripture as a whole. Reasons for Faith (Foreword by Lee Strobel) Augsburg
 Fortress Pub

This is a popular account, by one of Europe's leading theologians, of the meaning of Christian faith and the serious contemporary challenges to that faith. Kasper has gathered together various lectures and revised and reworked them for publication. Not intended to be a theological treatise on faith, these very readable reflections address some of the real obstacles to the understanding and deepening of personal faith in today's world. Kasper examines the problem of "the handing on of the faith" that exists almost everywhere today. Faith itself is in question today, not simply the "how" of its being taught or handed on, but the "what" and "why" of faith. The knowledge of the faith has fallen to a new low today, and many of the fundamental attitudes of belief - reverence, humility, trust and devotion - have become foreign to us. Kasper provides profound insights into these problems and then give clear solutions to this modern dilemma.

Essential Truths of the Christian Faith Thomas Nelson

In this fascinating and fresh look at the Apostles' Creed, David Cunningham argues that reading fiction and film can lead Christians to a deeper, more precise, and more experiential knowledge of their faith. Drawing on novels, plays, and films by the likes of Dickens, Shakespeare, P. D. James, and Graham Greene, Cunningham discusses the Apostles' Creed in detail, using one primary text to illuminate each article. Cunningham begins with a brief history of the Christian creeds and their significance. In addition to plot summaries, each chapter includes discussion questions addressing the relationship between literature and faith and concludes with a works cited list and a list for further reading. This book will delight Christians who want to better understand the creeds and basic doctrinal confessions of the Christian faith. While academics, theologians, and literature and film aficionados will celebrate Cunningham's keen literary and theological insights, the book is equally readable for those with little background in these fields of study. Reading *Is Believing* is an ideal text for Christian education classes, adult Sunday school, and church-based book clubs. It will serve well as

a text in theology courses, as well as various courses in the humanities, ethics, and cultural and religious studies.

A Handbook on the Jewish Roots of the Christian Faith is a comprehensive handbook that serves as an introduction to the Jewish roots of the Christian Faith. It includes Old Testament background, Second Temple Judaism, the life of Jesus, the New Testament, and the early Jewish followers of Jesus. It is intended as a resource for college and/or higher education. It is no longer a novelty to say that Jesus was a Jew. In fact, the term Jewish roots has become something of a buzzword in books, articles, and especially on the internet. But what does the Jewishness of Jesus actually mean, and why is it important? This collection of articles aims to address those questions and serve as a comprehensive yet concise primer on the Jewish roots of the Christian faith. It consists of thirteen chapters, most of which are divided into four or five articles. It is in a handbook format, meaning that each article is brief but informative. The thirteen chapters are grouped into four major sections: (1) The Soil, (2) The Roots, (3) The Trunk, and (4) The Branches. Craig A. Evans, PhD, DHabil, is the John Bisagno Distinguished Professor of Christian Origins at Houston Baptist University in Texas. He is a frequent contributor to scholarly journals and the author or editor of over seventy books. Evans resides in Houston, TX. David Mishkin, PhD, serves on the faculty of Israel College of the Bible in Netanya, Israel. He is the author of *The Wisdom of Alfred Edersheim* and *Jewish Scholarship on the Resurrection of Jesus*. Mishkin resides in Fort Wayne,

Indiana.

Many Christians want to witness for their faith, but they are afraid they will not be able to answer questions that others may ask of

them. First Peter 3:15 reminds believers to always be prepared to "make a defense to anyone who asks you for a reason for the hope that is in you." Norman Geisler and Chad Meister realize the fear of facing questions about the Christian faith. Their book *Reasons for Faith* gives believers grounded biblical apologetics to help them defend their faith. By covering the importance of apologetics and then applying apologetics to popular culture and theological issues, these authors give all Christians the tools they need to stand firm in their faith and to be able to share that faith in today's society.

The Christian Faith Reasons for Faith (Foreword by Lee Strobel) Making a Case for the Christian Faith

"We live in a world increasingly separated from the Christian tradition and the basic understanding of the faith that previous ages might have taken for granted. The voices of faith seem increasingly strident and off-putting to many. There is a need for a calmer, basic introduction to faith that recognizes the value of doubt and the questions raised in a secular society. A systematic introduction to Christianity for newcomers needs to begin with a discussion of faith itself and then move on to a discussion of such

Christian basics as God, Trinity, Church, sin, atonement, prayer, and Christian living."

Global Migration and Christian Faith Zondervan Publishing Company

Emerging adults want to believe that science and faith can coexist peacefully, and Greg Cootsona argues that they can. In his book *Mere Science and Christian Faith* he holds out a vision for the integration of science and faith and how it can lead us more deeply into the conversations that confront the church today.
