Spanish Pre-intermediate to Intermediate Sentence Builders is a workbook aimed at beginner to pre-intermediate students co-authored by two modern languages educators with over 40 years of extensive classroom experience between the two, both in the UK and internationally. This 'no-frills' book contains 15 units of work on very popular themes, jam-packed with graded vocabulary-building, reading, translation, retrieval practice and

writing activities. Key vocabulary, lexical patterns and structures are recycled and interleaved throughout. Each unit includes: 1) A sentence builder modelling the target constructions; 2) A set of vocabulary building activities; 3) A set of narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text; 4) A set of retrieval-practice translation tasks; 5) A set of writing tasks targeting essential micro-skills such as spelling, lexical retrieval, syntax, editing and communication of meaning. Based on the Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the student to process and produce each item many times over. Alongside the macro-units you will find: Question-skills units: two pages on understanding and creating questions. These micro-units occur after every unit in the book, so as to recycle the same question patterns in different linguistic contexts; Revision workouts: these are retrieval practice tasks aimed at keeping the previously learnt vocabulary alive. They too occur at regular intervals, after every other unit. Please note that The Language Gym language-gym.com website is an ideal supplement to this booklet. Our website recycles every single lexical and structural item found in this book many times over via self-marking vocabulary, reading & listening workouts, in addition to engaging and fun games and a

powerful Verb, Listening Trainer and Vocab Trainer.
