English-Latvian Learner's Dictionary (Arranged by Themes, Beginner - Elementary Levels) Multi Linguis
 English Writing Exercise for Second Language Learners An
 English Grammar workbook for ESL Students (Book II) This is the
 second workbook for my academic English writing classes. It
 contains questions and answers on topics associated to
 developing and improving your academic English writing skills.
 The questions are typical of those asked in exams for an English
 diploma for university entrance. These writing exercises are
 practical exercises to help support my previous three "Academic
 Writing Skills" series books: "Learn English Paragraph Writing
 Skills - Paragraph Essentials for ESL Students" "Practical
 Academic Essay Writing Skills - Essay Essentials for ESL Students"
 "The 5 Step Essay Writing Process - English Essay Writing Skills
 for ESL Students" "English Writing Exercises for International
 Students - English Grammar Workbook for English Writing" The
 20 exercise groups with more than 200 questions cover grammar
 areas required for fluent and confident academic English writing

skills. They include: General theory Sentence errors: Fragments,
 Run ons, and Comma splices Capitalization Commas Sentence
 combining Appositives Sentence Structure: Simple, Compound,
 and Complex Subject / Verb agreement As well as the common
 grammar questions, I have included questions to aid in improving
 paragraph and essay writing skills. These include: Topic
 sentences Supporting sentences Quotations Paragraph Unity
 Paragraph Coherence Prepositional phrases Some examples of
 transition signals I would recommend ESL Students in low-
 intermediate to low-advanced English classes use this workbook
 for developing their academic English writing skills. As I said in
 my last book, "Academic essay writing is an essential skill for
 universities, colleges, and other tertiary educational institutions.
 Moreover, English writing skills form a part of the assessment
 requirements of many courses at university, college, or even high
 school." Thus, I believe it is extremely important you can do all
 these various kinds of English writing exercises to become a
 competent academic English writer for university. I sincerely
 hope you find some value in the questions and fun in answering a
 combination of multiple choice and written answers. The best
 part is you get immediate feedback whether you are right or
 wrong through the answer key. The whole idea is to help you

speech or keywords, but never by the alphabet. Different types of dictionaries are offered for the same language. They are designed in an original way to be convenient and efficient. All of them are available in epub format. Multi Linguis is presently able to publish such books for more than 70 languages. It's planned to improve them and increase their number. You can find more dictionaries in this store.

Preston Lee's Read & Write English Lesson 1 - 60 For Khmer Speakers MIT Press

This is a unique learning aid for making rapid headway in the acquisition of comprehension and speaking ability in Khmer, the language of Cambodia. In recent years, Cambodia has moved from a society menaced by war to a society orientated to commerce. With this shift in attention from military to social and economic matters has come an increase in the numbers of foreign visitors and residents in the country for the purposes of tourism, aid work or investment-related activities. Many of these foreigners or 'chun bor-tay' speak English as a first or second language, but know little of written or spoken Khmer. This dictionary is designed to enable residents and visitors to better understand both the country and its people through speaking to Cambodians in their own language. With more than 6,000 key word entries, the "English-Spoken Khmer Dictionary" has the distinctive feature of presenting Khmer words in an all-new easily grasped Romanized writing system. Incorporating phrases is essential for tourists, business travellers, scholars and long term Cambodia residents who wish to become more familiar with a country poised to play an increasingly significant role in the area.

English-Thai Learner's Dictionary (Arranged by Steps and Then by Themes, Beginner - Elementary Levels) Routledge

Multi Linguis offers you a frequency-thematic learner's dictionary of the Persian language. It includes up to 3000 essential words and phrases belonging to the levels from Beginner to Elementary (A1 - A2 CEFR). The entries are divided into 150 vocabulary themes as well as 2 learning steps. They are arranged by themes, not by the alphabet. The book is intended to help you try out and learn this language but can also be applied for translating or entertaining. You may use it separately or as an additional tool for any suited educational course. The Multi Linguis Project is based on the Wiktionary corpus and created by one person. The database of the Learner's Dictionaries includes 9 000 lemmas (words and phrases), their translations in many languages as well as transcriptions, transliterations and grammar information. All these lemmas are divided into 6 learning steps of 1500 entries each and also 150 vocabulary themes grouped in 30 super themes. They can be arranged by themes, steps, parts of speech or keywords, but never by the alphabet. Different types of dictionaries are offered for the same language. They are designed in an original way to be convenient and efficient. All of them are available in epub format. Multi Linguis is presently able to publish such books for more than 70 languages. It's planned to improve them and increase their number. You can find more dictionaries in this store.

Preston Lee's Beginner English For Khmer Speakers Multi Linguis

Cambodian is in many respects a typical Southeast Asian language, whose syntax at least on first acquaintance seems to approximate that of any SVO pidgin. On closer acquaintance, however, because of the richness of its idioms, the language seems to be a forbiddingly alien form of "Desesperanto" - a language of which one can read a page and understand every word individually, and have no inkling of what the page was all about. Like many of the languages of its genetic (Austroasiatic)

family, its basic root vocabulary seems to consist largely of sesquisyllabic or iambic words, although there are an enormous number of unassimilated borrowings from Indic languages (which seem to play the same role in Cambodian that Latinate borrowings do in English). Morphologically, Cambodian has a fairly elaborate system of derivational affixes, and it is possible that the genesis of many of the most common of these affixes is related to (and undoes) the constant reduction of unstressed initial syllables in sesquisyllabic words. Again like many of the languages of Southeast Asia, Cambodian exhibits in its lexicon a penchant for symmetrical decorative compounding, a phenomenon which is so marginally attested in Western languages that the phenomenon has received little attention in the typological literature.

English-Serbian Learner's Dictionary (Arranged by Steps and Then by Themes, Beginner - Elementary Levels) John Benjamins Publishing

Multi Linguis offers you a frequency-thematic learner's dictionary of the Serbian language. It includes up to 3000 essential words and phrases belonging to the levels from Beginner to Elementary (A1 - A2 CEFR). The entries are divided into 150 vocabulary themes as well as 2 learning steps. They are arranged by steps and then by themes, not by the alphabet. The book is intended to help you learn this language step by step but can also be applied for translating or entertaining.
