flprep.com. Great German Composers Königshausen & Neumann A full-length study of monocollocable words, i.e. words whose usage is severely restricted to one or a few combinations only (such as English *ado* in without much/further *ado*), that brings together corpus-based data from the four languages along with studies analysing, along both general and language-specific lines, monocollocable words in terms of their frequency, lexical as well as morphosyntactic behaviour, and various facets of their peripheral status. Each of the four languages covered, namely, English, Italian, German and Czech also offers a short introduction of the respective languages written in English, Italian, German and Czech. A rare contribution to our knowledge of an as yet little studied field, the book will attract the attention of, and stimulate a new interest in, all who are ready to acknowledge that collocation is a core phenomenon of language – lexicologists, lexicographers with a focus on phraseology, language typologists, linguists with a contrastive and historical agenda, and language teachers alike. German frequency dictionary John

Benjamins Publishing Company Immerse yourself in this photographic guide to the key words and phrases in German. This attractive pocket-sized book is a perfect travel companion and provides a practical guide to German language and culture. Everyday words are arranged in themes with carefully selected up-to-date images to illustrate key words and phrases, and English and

German index help you to find words quickly as you learn. 3,000 essential words and phrases for modern life in Germany are at your fingertips with topics covering food and drink, home life, work and school, shopping, sport and leisure, transport, technology, and the environment. Great care has been given to represent modern German culture and enhance your

experience of Germany and its people, including customs, celebrations, and festivals. Plus, download your free audio to hear native speakers pronounce the word for each image and get your pronunciation pitch perfect.

A Frequency Dictionary of German is an invaluable tool for all learners

of German, providing a list of the 4,034 most frequently used words in the language. Based on a 4.2 million-word corpus which is evenly divided between spoken, fiction and non-fiction texts, the dictionary provides a detailed frequency-based list plus alphabetical and part of speech indexes. All entries in the rank frequency list feature the English equivalent, a sample

sentence plus an indication of major register variation. The dictionary also contains twenty-one thematically organized lists of frequently used words on a variety of topics as well as eleven special vocabulary lists. A Frequency Dictionary of German aims to enable students of all levels to maximize their study of German vocabulary in an efficient and engaging way. *2500 Most*

Common Italian Words Bantam
Unlike your average A-to-Z German/English dictionary, *Mastering German Vocabulary* presents more than 5,000 words in 41 separate categories. This arrangement allows students to understand the relationships of various words. Categories cover the human body, health and medicine, sports, culture and religion,

and dozens of other subjects. Engaging example sentences help illustrate the meanings of words and also inform readers on idiomatic expressions, grammatical exceptions, and cultural and geographical information. English-speaking readers will find help in translating those German words and phrases that may be too specialized to be found in ordinary alphabetically arranged

bilingual dictionaries. Engaging line art illustrations, charts, and a comprehensive alphabetical word index enhances this volume's usefulness. A fine school supplement for language teachers, students, and language labs, and an aid for anyone who must sometimes get information from German journals and other publications. **Regina** Routledge This dictionary contains the

2,500 most used Italian words, listed by frequency. When you know these words, you can understand 92% of all daily spoken Italian, and 82% of all written Italian texts. Also included are 2,500 Italian to English example sentences, and phonetic spelling to help you pronounce Italian correctly. *Core Vocabulary for Learners* Harmony A Frequency Dictionary of

French is an invaluable tool for all learners of French, providing a list of the 5000 most frequently used words in the language. Based on a 23-million-word corpus of French which includes written and spoken material both from France and overseas, this dictionary provides the user with detailed information for each of the 5000 entries, including English equivalents, a sample sentence, its

English translation, usage statistics, and an indication of register variation. Users can access the top 5000 words either through the main frequency listing or through an alphabetical index. Throughout the frequency listing there are thematically-organized lists of the top words from a variety of key topics such as sports, weather, clothing, and family terms. An engaging

and highly useful resource, the Frequency Dictionary of French will enable students of all levels to get the most out of their study of French vocabulary. Deryle Lonsdale is Associate Professor in the Linguistics and English Language Department at Brigham Young University (Provo, Utah). dictionary of Spanish currently available, this is an invaluable tool for all learners of Spanish that provides a list of the 5,000 most commonly used words in the language. Based on a twenty million word corpus evenly divided between spoken, fiction and non-fiction texts from both Spain and Latin America, the Dictionary provides a detailed frequency-based list, as well as alphabetical and part-of-speech indexes to ensure maximum ease of access to the information and efficiency of use. All entries in the rank frequency list feature the English equivalent, a sample sentence and, where applicable, an indication of major register variation. The Dictionary also contains thirty thematically organized lists of frequently used words on a variety of topics, such as animals, weather, materials, and family terms. A CD version is available to purchase separately. Designed for use by corpus and computational linguists it provides the full text in a format that researchers can process and turn into suitable lists for their own research work

The Bantam New College German & English Dictionary
Routledge
German Reading Skills for Academic Purposes

allows researchers and learners with no prior understanding of German to gain an understanding of written German at CEFR C2/ACTFL Intermediate-High level that will allow them to read a variety of German texts, including research articles and monographs. This is achieved by looking closely at the elements of German grammar required for the understanding

of written German along with practical advice and observations. One of the main themes running through the textbook is that it uses a toolkit approach that puts deductive reasoning and decoding skills at its heart to allow learners to engage with a wide variety of texts.
