A Darker Shade of Magic, from #1 New York Times bestselling author V.E. Schwab Kell is one of the last Antari—magicians with a rare, coveted ability to travel between parallel Londons; Red, Grey, White, and, once upon a time, Black. Kell was raised in Arnes—Red London—and officially serves the Maresh Empire as an ambassador, traveling between the frequent bloody regime changes in White London and the court of George III in the dullest of Londons, the one without any magic left to see.

Unofficially, Kell is a smuggler, servicing people willing to pay for even the smallest glimpses of a world they'll never see. It's a defiant hobby with dangerous consequences, which Kell is now seeing firsthand. After an exchange goes awry, Kell escapes to Grey London and runs into Delilah Bard, a cut-purse with lofty aspirations. She first robs him, then saves him from a deadly enemy, and finally forces Kell to spirit her to another world for a proper adventure. Now perilous magic is afoot, and treachery lurks at every turn. To save all of the worlds, they'll first

need to stay alive. "A Darker Shade of Magic has all the hallmarks of a classic work of fantasy. Schwab has given us a gem of a tale...This is a book to treasure."—Deborah Harkness, New York Times bestselling author of the All Souls trilogy

Darker Than Black: Kuro No Keiyakusha

ON A COLD, SNOWY NIGHT IN 1985, TWO MEN BEGGED FOR THEIR LIVES. In 1985, two 27-year-old friends left their suburban Detroit homes for a hunting trip in rural Michigan. When they did not return, their families and police suspected foul play. For 18 years, no one could prove a thing. Then, a relentless investigator got a witness to talk, and a horrifying story emerged. FOR NEARLY TWO DECADES, THEIR KILLERS WENT FREE. In 2003, this bizarre case hit the glare of the criminal justice system, as prosecutors charged two brothers, Raymond and

Donald Duvall, with murder. With no bodies ever found, the case hinged on the testimony of one terrified witness who saw a bloody scene unfold-and who was still nearly too frightened to talk. THEN A WITNESS TOLD HER CHILLING STORY Now, the truth behind an 18-year-old mystery is revealed against the backdrop of an unusual, electrifyingly dramatic trial. Raymond and Donald Duvall bragged to friends that they killed their victims, chopped up their bodies and fed them to pigs. A Michigan jury soon had evidence of this brutally methodical execution-evidence that would lead a shocked courtroom through the heart of evil and beyond a shadow of a doubt.

But most people know nothing of the Contractors in their midst, and high-schooler Kana Shinoh is no exception. Still struggling to pick up the pieces after her father's death last year, Kana has never troubled herself with the rumors about Hell's Gate. Fortunately, she is rescued from the clutches of death by Hei, the most wanted Contractor in Tokyo. In the second book of the Blue Gemini trilogy, Air Force Majors Scott Ourecky and Drew Carson

continue to fly highly classified missions to intercept and destroy suspect Soviet satellites. But after experiencing numerous close calls in orbit, the astronauts soon discover that not all perils reside in the sky. With his marriage already at risk because he cannot explain his frequent absences and strange activities to his wife, Ourecky learns that his unborn child may be in grave danger as a radiation consequence of his flights into space. Even as the Ourecky and Carson accumulate successful mission after successful mission in space, other crucial events occur much closer to home. Interservice rivalries reach new heights as a caustic but highly influential Navy admiral schemes to steal control of the Project from the Air Force. Realizing that a Soviet GRU agent is operating in their midst, a shadowy team of counter-intelligence operatives scramble to shield the Project's secrets from discovery, leading to a confrontation that bears fatal consequences. As they train to accomplish more difficult missions against complicated targets, Ourecky and Carson are asked to

volunteer to risk their lives one more time in an extremely hazardous rescue mission. The stakes are high; even as they leave the launch pad, there is no certainty that either man will return. Even in 1960s Detroit, race isn't everything. Tom Daniels and "Cookie" Marsh will be the first to tell you that race isn't everything. But it did

shape the way they experienced the world growing up in Detroit in the 1950s and 60s. Tom "Cookie" Marsh grew up in a black neighborhood on Detroit's west side. Tom Daniels grew up in a mixed, working-class neighborhood on Detroit's east side. Both men grew up in strict households where they "always got what we needed, and sometimes what we wanted" and both saw their city, their country, and their world transform around them through the Civil Rights movement, riots, and the Viet Nam War. But sometimes parallel lines intersect. As each man tells his story, it is apparent that race isn't just "black and white" but it is part of what makes their friendship extraordinary. Their experiences will show you that race made for huge differences in their experiences, while, in spite of race, there are also touching similarities that made it possible for two men, in their older years, to overcome decades of racial turbulence of their upbringing to become lifelong friends. Follow Tom and Cookie. Hear about their lives, their upbringing, their successes and regrets

growing up in black and white Detroit - and how when it boils down to it, the things that are truly important are actually black and white, like you and me.
