**The Digital Media Handbook** Addison-Wesley Professional  
 "Uncharted Corners of Consciousness: A Guidebook for Personal and Spiritual Growth" A unique and provocative handbook for those who are ready to begin or continue on their spiritual journey. This is a practical, pragmatic and peaceful book for seekers who want to move from reading to doing. Combining exercises and direction for integrating the spiritual into our daily experiences, this book will become a valuable guide for individuals and therapists alike. Gerbrig Berman and Shelly Siskind were shaken from their comfortable lives and introduced to a teaching team from a different dimension who provided lessons from ancient and modern traditions. The authors invite you to meet your own team and this book shows you how. The superb collection of meditative writings and drawings leap off the page and lead you on an exciting inward journey - to the very core of your being. With more than forty years of study and application, both in their personal and professional lives, the authors enable you to be an active participant in your own well-being. Uncharted Corners of Consciousness is a marvelous guide for making sense of the mystical.

The rapid rise in Covid-19 infection to a pandemic stage in the face of lack of few choices for treatment, prevention has taken a special purpose in this battle. The 1918 Spanish Flu with no vaccine to protect against the infection and no antibiotics to treat secondary bacterial infections associated with influenza infections, control efforts worldwide were limited to non-pharmaceutical interventions including, isolation, quarantine, good personal hygiene, use of disinfectants, and limitations of public gatherings, which were applied unevenly. These same measures hold good for Covid-19 pandemic today. Nutraceuticals and Functional foods for many reasons, largely its perceived safety, have gained popularity in disease prevention. Also, in the last 2-3 decades there have been well designed and controlled basic and clinical investigations that have steadily added credence to nutraceuticals for disease prevention. This book is a compilation of reviews of data on different nutraceuticals that may be of relevance to Covid-19 pandemic. These include, probiotics, melatonin, plant bioactive, liponic acid, curcumin, selenium, zinc, magnesium and boron to name some.

Public Interest Design Education Guidebook: Curricula, Strategies, and SEED Academic Case Studies presents the pedagogical framework and collective curriculum necessary to teach public interest designers. The second book in Routledge's Public Interest Design Guidebook series, the editors and contributors feature a range of learning competencies supported by distinct teaching strategies where educational and community-originated goals unite. Written in a guidebook format that includes projects from across design disciplines, this book describes the learning deemed most critical to pursuing an inclusive, informed design practice that meets the diverse needs of both students and community partners. Featured chapter themes include Fundamental Skills, Intercultural Competencies, Engaging the Field Experience, Inclusive Iteration, and Evaluating Student Learning. The book consists of practice-based and applied learning constructs that bridge community-based research with engaged learning and design practice. SEED (Social Economic Environmental Design) academic case studies introduce teaching strategies that reinforce project-specific learning objectives where solving social, economic, and environmental issues unites the efforts of communities, student designers, and educators. This comprehensive publication also contains indices devoted to learning objectives cross-referenced from within the book as well as considerations for educational program development in public interest design. Whether you are a student of design, an educator, or a designer, the breadth of projects and teaching strategies provided here will empower you to excel in your pursuit of public interest design.
