KLEIN JOHNSON

An Inspiring and Heartwarming Story about an Amazing Best Friend

BRILL
Early in his relationship with his beloved Border Collie, Jeff Maziarek had a sense that "beneath the fur" there was a sentient being with far deeper insights into life than commonly thought. And, in their last year together some mystical events completely confirmed the accuracy of that feeling. In Codi's Journey, Jeff describes these events within the context of an inspiring and heartfelt narrative illustrating the very challenging circumstances Codi faced during her final 12 months. Any dog owner who has ever shared stories about the "humanness" of

their pet, as well as any adult who has ever loved & lost a beloved animal companion, will surely find this work captivating. To provide even greater depth into Codi's story, Jeff details how this feisty canine became a part of his family. He likewise shares many engaging anecdotes about her personality and several of her more memorable adventures over the years. A charming photo gallery with 42 captioned images further brings Codi to life, featuring snapshots from the night she arrived as a 10-week-old puppy to the final week of her life. "Codi's story is one told with great heart; you will care about this dog as you think about your own dogs. Anyone who has ever loved

and lost canine companions will definitely identify with this work."- Steve Dale, syndicated radio host: WGN Radio; "Pet World;" syndicated columnist, USA Weekend Contributing Editor "This book captures the dynamics of being a pet owner and the guilt, grief, and commitment that many pet owners go through in loving and losing a pet. As someone who has "been there," it was reassuring that I am not the only one to feel those things, to do whatever it took to save them and, when the time came, to let them go. Any book that can stir laughter as well as tears is a wonderful story. Codi's Journey is awesome." - Terri Wernert, Great Lakes Border Collie Rescue "I've

experienced the extraordinary love and grievous loss that comes when we're lucky enough to share our lives with amazing creatures. Codi's Journey tells that story with candor, joy & tears. Since they cannot stay long, our four-legged kids teach so much about the importance of honoring each and every moment we're given with them, a lesson we might do well to apply elsewhere. A friend once told me that dogs are angels sent down to look after us. Codi's Journey affirms that belief " - Catherine Crier, Author, Former Judge, Award-Winning Journalist, and TV Broadcaster "For anyone who has experienced a spiritual canine connection, Codi's Journey is a

must read. It's a touching tribute to a man's search for a very special pup and the heart-warming life journey they shared." - Eugenia Last, Internationally Syndicated Astrologist and Author "This is a remarkable story of a man's best friend and the powerful bond between dog and owner that will make you laugh, as you read about Codi's playful way of teaching wisdom, and cry as man & friend prepare for the next steps in life's great journey. It is a definite "must-read" for dog lovers who have lost a dear canine friend." - Pete Koerner, author of "The Belief Formula" Author's Personal Note: My foremost intention with this work is to share an authentic story with

two key messages. First, that our pets actually are "sages with fur" with a far greater understanding of life (and us) than commonly thought. Second, that it's perfectly normal to feel intense & long-lasting grief at the loss of a pet. This is particularly so when that animal served as an adult's primary companion for years. In this regard, I sincerely want any reader who also has experienced such a loss to know that someone truly does understand the sadness and emptiness they felt when their beloved pet passed on. Finally, it's my hope that such readers come to understand how important it is to fully process their feelings of grief by really feeling them

Harlequin / SB Creative Wordplay involving

several linguistic codes represents an

important modality of ludic language. It is

attested in different epochs,

communicative

situations, genres, and

contexts of use. The

translation of wordplay,

which is generally seen as a challenging enterprise, illustrates another dimension of crossing linguistic borders in wordplay.

The third volume of the series *The Dynamics of Wordplay* unites

contributions from different disciplines

which study the

creative and playful

use of elements from

different languages

and the transfer of

ludic language into

other linguistic

systems. It sheds light

on the multi-

dimensionality, special

linguistic make-up, and

specific interactive

potential of wordplay

at the interface of

different languages

and cultures. The

individual studies

collected in this

volume will be of

interest to scholars

from different scientific

fields, such as linguistics and literary studies as well as cultural and media studies.

Memory, Performance, and Oral Poetry Walter de Gruyter GmbH & Co KG

The roots of modern capitalism go back to the Italian banking system of the late Middle Ages and the Renaissance. In the fifteenth century, the Medici Bank succeeded in overshadowing its competitors, the Bardi and the Peruzzi, who were the giants of the fourteenth century, and grew into a vast establishment with branches in most of the large cities of Western Europe. A study of its operations is essential to an understanding of the economic conditions in Europe in the fifteenth

century. From a careful study of pertinent documents, including a set of *libri segreti* (confidential ledgers) discovered in 1950, Professor de Roover has reconstructed the details of the bank's organization and operating methods; its loan policies, which reflected the Church's doctrine on usury; its trading and industrial investments; its roles within the Florentine gild system and tax structure; and its activities as financial agent of the Church. He covers every aspect of the bank's history, from its early years under the management of Giovanni di Bicci de' Medici to its collapse with the expulsion of the Medici from Florence. "An invaluable contribution

to the economic history of the period...A splendid book.”—Harry A. Miskimin, *The American Economic Review* “The most important work in English on a medieval or Renaissance bank.”—*The Economist* “The best book ever written on the medieval banking system.”—John T. Noonan, Jr., *Harvard Law Review* “The most authoritative treatment of its subject in any language.”—Rondo Cameron, *The Accounting Review* [Crossing Languages to Play with Words](#) Palgrave Macmillan The history of the Black Sea as a source of Mediterranean slaves stretches from ancient Greek colonies to human trafficking networks in the present day. At its

height during the fourteenth and early fifteenth centuries, the Black Sea slave trade was not the sole source of Mediterranean slaves; Genoese, Venetian, and Egyptian merchants bought captives taken in conflicts throughout the region, from North Africa, sub-Saharan Africa, the Balkans, and the Aegean Sea. Yet the trade in Black Sea slaves provided merchants with profit and prestige; states with military recruits, tax revenue, and diplomatic influence; and households with the service of women, men, and children. Even though Genoa, Venice, and the Mamluk sultanate of Egypt and Greater Syria were the three most important strands in the web of the Black

Sea slave trade, they have rarely been studied together. Examining Latin and Arabic sources in tandem, Hannah Barker shows that Christian and Muslim inhabitants of the Mediterranean shared a set of assumptions and practices that amounted to a common culture of slavery. Indeed, the Genoese, Venetian, and Mamluk slave trades were thoroughly entangled, with wide-ranging effects. Genoese and Venetian disruption of the Mamluk trade led to reprisals against Italian merchants living in Mamluk cities, while their participation in the trade led to scathing criticism by supporters of the crusade movement who demanded

commercial powers use their leverage to weaken the force of Islam. Reading notarial registers, tax records, law, merchants' accounts, travelers' tales and letters, sermons, slave-buying manuals, and literary works as well as treaties governing the slave trade and crusade propaganda, Barker gives a rich picture of the context in which merchants traded and enslaved people met their fate. Penn State Press

The first epic poem written in Italian is the *Teseida delle nozze di Emilia* (*Theseid of the Nuptials of Emilia*) by Giovanni Boccaccio, the well-known author of the *Decameron*. Conceived and composed during the Florentine author's stay in Naples, it

combines masterfully both epic and lyric themes in a genre that may be defined as an epic of love. Besides its intrinsic literary value, the poem reflects the author's youthful emotions and nostalgia for the happiest times of his life.

Digital forensics deals

with the acquisition,

preservation, examination, analysis and presentation of electronic evidence. Networked computing, wireless communications and portable electronic devices have expanded the role of digital forensics beyond traditional computer crime investigations. Practically every crime now involves some aspect of digital evidence; digital forensics provides the techniques and tools to articulate this evidence. Digital forensics also has myriad intelligence applications. Furthermore, it has a vital role in information assurance - investigations of security breaches yield valuable information that can be used to design more secure

systems. Advances in Digital Forensics V describes original research results and innovative applications in the discipline of digital forensics. In addition, it highlights some of the major technical and legal issues related to digital evidence and electronic crime investigations. The areas of coverage include: themes and issues, forensic techniques, integrity and privacy, network forensics, forensic computing, investigative techniques, legal issues and evidence management. This book is the fifth volume in the annual series produced by the International Federation for Information Processing (IFIP) Working Group

11.9 on Digital Forensics, an international community of scientists, engineers and practitioners dedicated to advancing the state of the art of research and practice in digital forensics. The book contains a selection of twenty-three edited papers from the Fifth Annual IFIP WG 11.9 International Conference on Digital Forensics, held at the National Center for Forensic Science, Orlando, Florida, USA in the spring of 2009. *Advances in Digital Forensics V* is an important resource for researchers, faculty members and graduate students, as well as for practitioners and individuals engaged in research and development efforts for

the law enforcement and intelligence communities.

A Lace Guide for Makers and Collectors Alpha Edition

"This workbook is packed with exercises that makes learning fun! The proven activities can support your child's success in school by teaching important lessons in language arts, math, science, and social studies. With over 300 pages of practice, your child will work and learn for many happy hours."--

Peter Lang Pub Incorporated
This book offers a critical biography of John of Moravia, illegitimate member of the Luxembourg dynasty, provost of Vyšehrad, bishop of

Litomyšl and eventually patriarch of Aquileia († 1394), in the wider context of the Czech and Italian history.

The Medieval Gospel of Nicodemus Springer

The book includes research papers on current developments in the field of soft computing and signal processing, selected from papers presented at the International Conference on Soft Computing and Signal Processing (ICSCSP 2018). It features papers on current topics, such as soft sets, rough sets, fuzzy logic, neural networks, genetic algorithms and machine learning. It also discusses various aspects of these topics, like technologies, product implementation, and application issues.

Dante's Inferno

Haynes Publications
Discusses the history of the two Supreme Court cases that were responsible for changing the laws regarding the death penalty in America and polarizing the nation.

Moral Lessons from Hell W. W. Norton & Company

This book highlights the close interactions between plants, plant knowledge, politics, and social life in Padua during the age of revolution. It explores the lives and thoughts of two brothers, the lawyer Andrea Meneghini (1806–1870) and the botanist Giuseppe Meneghini (1811–1889), illustrating the world of Padua's social and intellectual elite in the decades before the 1848 revolution. A

closer look at park designs, gardening associations and networks, flower exhibitions, agricultural societies, organicist metaphors, and botanical research on the organization of living bodies opens up unexpected parallels between actors and ideas of two apparently distant areas: botany and political economy. It reveals unspoken dreams of progress and a new social order, but also sheds light on the ambiguous relationship between the Paduan elite and the Austrian rule.

Studies in the History of

Accounting Springer Nature

This book provides a recipe for healthy moral and personal transformation. Belliotti takes seriously

Dante's deepest yearnings: to guide human well-being; to elevate social and political communities; to remedy the poisons spewed by the seven capital vices; and to celebrate the connections between human self-interest, virtuous living, and spiritual salvation. By closely examining and analyzing five of Dante's more vivid characters in hell—Piero della Vigna, Brunetto Latini, Farinata degli Uberti, Cavalcante de' Cavalcanti, and Guido da Montefeltro—and extracting the moral lessons Dante intends them to convey, and by conceptually analyzing envy, arrogance, pride, and human flourishing, the author challenges readers to interrogate

and refine their modes of living.

They Chose Beenleigh

BRILL

Vertical Readings in Dante's Comedy is a reappraisal of the poem by an international team of thirty-four scholars. Each vertical reading analyses three same-numbered cantos from the three canticles: Inferno i, Purgatorio i and Paradiso i; Inferno ii, Purgatorio ii and Paradiso ii; etc. Although scholars have suggested before that there are correspondences between same-numbered cantos that beg to be explored, this is the first time that the approach has been pursued in a systematic fashion across the poem. This collection – to be issued in three

volumes – offers an unprecedented repertoire of vertical readings for the whole poem. As the first volume exemplifies, vertical reading not only articulates unexamined connections between the three canticles but also unlocks engaging new ways to enter into core concerns of the poem. The three volumes thereby provide an indispensable resource for scholars, students and enthusiasts of Dante. The volume has its origin in a series of thirty-three public lectures held in Trinity College, the University of Cambridge (2012-2016) which can be accessed at the 'Cambridge Vertical Readings in Dante's Comedy' website.
John of Moravia

between the Czech Lands and the Patriarchate of Aquileia (ca. 1345–1394)
Springer Science & Business Media
In Italian Readers of Ovid from the Origins to Petrarch, Julie Van Peteghem examines Ovid's influence on Italian poetry from its beginnings, through

Dante, to Petrarch, situating it within the history of reading Ovid in medieval and early modern Italy.
