### KYLER ROBERSON

The Mountain Throne Aurum

Grab a stake, a fistful of garlic, a crucifix and holy water as you enter the dark, blood-curdling world of the original pain in the neck in this ultimate collection of vampire facts and fiction! What accounts for the undying fascination people have for vampires? How did encounters with death create centuries-old myths and folklore in virtually every culture in the world? When did the early literary vampires—as pictured by Goethe, Coleridge, Shelly, Polidori, Byron, and Nodier as the personifications of man’s darker side—transform from villains into today’s cultural rebels? Showing how vampire-like creatures organically formed in virtually every part of the world, *The Vampire Almanac: The Complete History* by renowned religion expert and fearless vampire authority J. Gordon Melton, Ph.D., examines the historic, societal, and psychological role the vampire has played—and continues to play—in understanding death, man’s deepest desires, and human pathologies. It analyzes humanity’s lusts, fears, and longing for power and the forbidden! Today, the vampire serves as a powerful symbol for the darker parts of the human condition, touching on death, immortality, forbidden sexuality, sexual power and surrender, intimacy, alienation, rebellion, violence, and a fascination with the mysterious. The vampire is often portrayed as a symbolic leader advocating an outrageous alternative to the demands of conformity. Vampires can also be tools for scapegoating such as when women are called “vamps” and bosses are described as “bloodsuckers.” Meet all of the villains, anti-heroes, and heroes of myths, legends,

books, films, and television series across cultures and today’s pop culture in *The Vampire Almanac*. It assembles and analyzes hundreds of vampiric characters, people, and creatures, including Buffy the Vampire Slayer, Vlad the Impaler, Edward Cullen and *The Twilight Saga*, Bram Stoker, Lestat De Lioncourt and *The Vampire Chronicles*, Lon Chaney, *True Blood*, Bela Lugosi, *Dracula*, *Dark Shadows*, Liliith, *Vampire Weekend*, *Batman*, *Nosferatu*, and so many more. There is a lot to sink your teeth into with this deep exhumation of the undead. Quench your thirst for facts, histories, biographies, definitions, analysis, immortality, and more! This gruesomely thorough book of vampire facts also has a helpful bibliography, an extensive index, and numerous photos, adding to its usefulness.

Read the series that's sold more than 2 million copies--if you dare! Warning: this description has not been authorized by Pseudonymous Bosch. As much as he'd love to sing the praises of his book (he is very vain), he wouldn't want you to hear about his brave 11-year old heroes, Cass and Max-Ernest. Or about how a mysterious box of vials, the Symphony of Smells, sends them on the trail of a magician who has vanished under strange (and stinky) circumstances. And he certainly wouldn't want you to know about the hair-raising adventures that follow and the nefarious villains they face. You see, not only is the name of this book secret, the story inside is, too. For it concerns a secret. A Big Secret.
