A Leadership Playbook for Addressing Rapid Change in Education provides educational leaders with a simple, step-by-step approach for addressing rapid change. Drawing on the model of appreciative inquiry, this book provides detailed examples of educational problems

and provides the who, what, where, when, why, and how to achieve change.

Author Teresa L. San Martín emphasizes the traits of outstanding and exceptional leaders: trust; collaborative efforts; communicating with empathy and care.

Detailed play-by-play examples are provided that show how school administrators are able to solve relevant problems of practice such as how to create productive and focused high school teacher teams, how educational leaders can increase teacher retention, and how district administrators can provide innovative and meaningful staff development opportunities. This timely book—which supports educators as

they continue to grapple with the effects of the pandemic—provides real solutions, equipping school administrators with the tools necessary to confront perpetual change occurring in today’s complex educational environment.
