"[This book] gathers essays from twenty-seven leading figures in book publishing about their work. Representing both large houses and small, and encompassing trade, textbook, academic, and children's publishing, the contributors make the case for why editing remains a vital function to writers—and readers—everywhere. Ironically for an industry built on words, there has been a scarcity of written guidance on how to actually approach the work of editing. This book will serve as a compendium of professional advice and will be a resource both for those entering the profession (or already in it) and for those outside publishing who seek an understanding of it. It sheds light on how editors acquire books, what constitutes a strong author-editor relationship, and the editor's vital role at each stage of the publishing process—a role that extends far beyond

marking up the author's text. This collection treats editing as both art and craft, and also as a career. It explores how editors balance passion against the economic realities of publishing."--[Historically Black](#) Karl Blessing Verlag
Memoirs, autobiographies, and diaries represent the most personal and most intimate of genres, as well as one of the most abundant and popular. Gain new understanding and better serve your readers with this detailed genre guide to nearly 700 titles that also includes notes on more than 2,800 read-alike and other related titles. The popularity of this body of literature has grown in recent years, and it has also diversified in terms of the types of stories being told—and persons telling them. In the past, readers' advisors have depended on access by names or Dewey classifications and subjects to help readers find autobiographies they will enjoy. This guide offers an alternative, organizing the literature according to popular genres, subgenres, and themes that reflect common reading interests. Describing titles that range from travel and adventure classics and

celebrity autobiographies to foodie memoirs and environmental reads, *Life Stories: A Guide to Reading Interests in Memoirs, Autobiographies, and Diaries* presents a unique overview of the genre that specifically addresses the needs of readers' advisors and others who work with readers in finding books. *Diaspora Pride - People, Places, and Things (V4)* Bloomsbury Publishing
Between the world of Ta-Nehisi Coates and Christianity there appears to be the widest difference. Coates's brief comments on Christianity in his highly acclaimed *Between the World and Me* make clear that religious faith is alien to his own experience. Still, Christian audiences from congregations to theological schools engaged the text for its analysis of the state of race relations in the United States. In September 2015, Ta-Nehisi Coates tweeted, "Best thing about #BetweenTheWorldAndMe is watching Christians engage the work. Serious learning experience for me." This volume takes that tweet as an invitation to theologians, ethicists, and religious studies scholars to engage the

book, and as a challenge to do so in a way that is a learning experience for Coates, the authors, and readers.

We were eight years in power Agate Publishing
A collection of essays that blend the personal and the social, from the celebrated literary critic and novelist In these twenty-five essays, Darryl Pinckney has given us a view of our recent racial history that blends the social and the personal and wonders how we arrived at our current moment. Pinckney reminds us that “white supremacy isn’t back; it never went away.” It is this impulse to see historically that is at the core of *Busted in New York and Other Essays*, which traces the lineage of black intellectual history from Booker T. Washington through the Harlem Renaissance, to the Black Panther Party and the turbulent sixties, to today’s Afro-pessimists, and celebrated and neglected thinkers in between. These are capacious essays whose topics range from the grassroots of protest in Ferguson, Missouri, to the eighteenth-century Guadeloupien composer Joseph Bologne, from an unsparing portrait of Louis

Farrakhan to the enduring legacy of James Baldwin, the unexpected story of black people experiencing Russia, Barry Jenkins’s *Moonlight*, and the painter Kara Walker. The essays themselves are a kind of record, many of them written in real-time, as Pinckney witnesses the Million Man March, feels and experiences the highs and lows of Obama’s first presidential campaign, explores the literary black diaspora, and reflects on the surprising and severe lesson he learned firsthand about the changing urban fabric of New York. As Zadie Smith writes in her introduction to the book: “How lucky we are to have Darryl Pinckney who, without rancor, without insult, has, all these years, been taking down our various songs, examining them with love and care, and bringing them back from the past, like a Sankofa bird, for our present examination. These days Sankofas like Darryl are rare. Treasure him!”

Rad Dad: Dispatches from the Frontiers of Fatherhood combines the best pieces from the award-winning zine *Rad Dad* and from the blog

Daddy Dialectic, two kindred publications that have tried to explore parenting as political territory. Both of these projects have pushed the conversation around fathering beyond the safe, apolitical focus most books and websites stick to; they have not been complacent but have worked hard to create a diverse, multi-faceted space in which to grapple with the complexity of fathering. Today more than ever, fatherhood demands constant improvisation, risk, and struggle. With grace and honesty and strength, *Rad Dad’s* writers tackle all the issues that other parenting guides are afraid to touch: the brutalities, beauties, and politics of the birth experience, the challenges of parenting on an equal basis with mothers, the tests faced by transgendered and gay fathers, the emotions of sperm donation, and parental confrontations with war, violence, racism, and incarceration. *Rad Dad* is for every father out in the real world trying to parent in ways that are loving, meaningful, authentic, and ultimately revolutionary. Aufgewachsen in der Sklaverei, musste er als kleiner Junge miterleben, wie seine Mutter verkauft wurde und für immer verschwand. Doch sie hat ihm eine seltene Gabe vererbt. Als diese ihn vor dem Ertrinken rettet, beschließt er aus der Gefangenschaft zu fliehen. So beginnt für Hiram eine abenteuerliche Reise von den Tabakplantagen West Virginias über geheime Guerillazellen in der Wildnis des amerikanischen Südens nach Philadelphia, wo ihn ein völlig neues Leben in Freiheit zu erwarten scheint. Doch zuvor muss er noch eine alte Rechnung begleichen und

die Frau, die er liebt, und die, die ihn aufzog, in die Freiheit führen. Busted in New York and Other Essays The Beautiful Struggle Es ist ein Tag wie jeder andere im Leben des fünfjährigen Saroo: Auf dem Bahnhof einer indischen Kleinstadt sucht er nach Münzen und Essensresten. Schließlich schläft er vor Erschöpfung in einem wartenden Zug ein. Der fährt den kleinen Jungen ans andere Ende von Indien, nach Kalkutta. Völlig alleine an einem der gefährlichsten Orte der Welt schlägt er sich wochenlang auf der Straße durch, landet im Waisenhaus und gelangt so zu den Brierleys, die Saroo ein neues Zuhause in Australien schenken. Fünfundzwanzig Jahre später macht sich Saroo mit Hilfe von Google Earth auf die Suche nach seiner leiblichen Familie. Am Bildschirm fährt er Nacht für Nacht das Zugnetz von Indien ab. for us to exist, recognizing those who etched their indelible mark on our lives, and remembering those who went to the great beyond before us as expressed in the Salute to the Dearly Departed segment (People); our regions, areas, and territories; our locales, hotspots, and hangouts and places we love to visit and events we constantly attend in (Places), and the happenings and the things that we cherish to death - items, commodities, artifacts, and products (Things). PM Press Taking its cue from Perry Miller's 1956 classic of American literary criticism, *The Raven and the Whale: The War of Words and Wits in the Era of Poe and Melville,*

Caroline Chamberlin Hellman's new book examines ways in which contemporary multi-ethnic writers of the United States have responded to nineteenth- and early twentieth-century texts historically central to the American literary canon. Each chapter of *Children of the Raven and the Whale* looks down the roads American literature ultimately traveled, examining pairs and constellations of texts in conversation. In their rewritings and layerings of new stories over older ones, contemporary writers forge ahead in their interrogations of a spectrum of American experience, whether they or their characters are native to the United States, first- or second-generation immigrants, or transnational. Revealing the traces of texts by writers such as Walt Whitman, Herman Melville, Nathaniel Hawthorne, F. Scott Fitzgerald, Ernest Hemingway, Richard Wright, and James Baldwin lying beneath contemporary American literature by Chang-rae Lee, Jonathan Lethem, Jhumpa Lahiri, Junot Díaz, Joseph O'Neill, Colum McCann, and Ta-Nehisi

Coates, Hellman posits the existence of a twenty-first-century American renaissance.

In 2015, the Mexican state counted how many of its citizens identified as Afro-Mexican for the first time since independence. *Finding Afro-Mexico* reveals the transnational interdisciplinary histories that led to this celebrated reformulation of Mexican national identity. It traces the Mexican, African American, and Cuban writers, poets, anthropologists, artists, composers, historians, and archaeologists who integrated Mexican history, culture, and society into the African Diaspora after the

Revolution of 1910. Theodore W. Cohen persuasively shows how these intellectuals rejected the nineteenth-century racial paradigms that heralded black disappearance when they made blackness visible first in Mexican culture and then in post-revolutionary society. Drawing from more than twenty different archives across the Americas, this cultural and intellectual history of black visibility, invisibility, and community-formation questions the racial, cultural, and political dimensions of Mexican history and Afro-diasporic thought.

The Beautiful Struggle

Delacorte Press

This History explores innovations in African American autobiography since its inception, examining the literary and cultural history of Black self-representation amid life writing studies. By analyzing the different forms of autobiography, including pictorial and personal essays, editorials, oral histories, testimonials, diaries, personal and open letters, and even poetry performance media of autobiographies, this book extends the definition of African American

autobiography, revealing how people of African descent have created and defined the Black self in diverse print cultures and literary genres since their arrival in the Americas. It illustrates ways African Americans use life writing and autobiography to address personal and collective Black experiences of identity, family, memory, fulfillment, racism and white supremacy. Individual chapters examine scrapbooks as a source of self-documentation, African American autobiography for children, readings of African American persona poems, mixed-race life writing after the Civil Rights Movement, and autobiographies by African American LGBTQ writers.

Marvel bei Panini Comics
Adapted from the adult memoir by the #1 New York Times bestselling author of *The Water Dancer* and *Between the World and Me*, this father-son story explores how boys become men, and quite specifically, how Ta-Nehisi Coates became Ta-Nehisi Coates. As a child, Ta-Nehisi Coates was seen by his father, Paul, as too sensitive and lacking focus. Paul Coates

was a Vietnam vet who'd been part of the Black Panthers and was dedicated to reading and publishing the history of African civilization. When it came to his sons, he was committed to raising proud Black men equipped to deal with a racist society, during a turbulent period in the collapsing city of Baltimore where they lived. Coates details with candor the challenges of dealing with his tough-love father, the influence of his mother, and the dynamics of his extended family, including his brother "Big Bill," who was on a very different path than Ta-Nehisi. Coates also tells of his struggles at school and with girls, making this a timely story to which many readers will relate.

In this "urgently relevant"* collection featuring the landmark essay "The Case for Reparations," the National Book Award-winning author of *Between the World and Me* "reflects on race, Barack Obama's presidency and its jarring aftermath"*—including the election of Donald Trump. Award, the Los Angeles Times Book Prize, and the Dayton Literary Peace Prize Named One of the Best Books of the Year by The New York Times • USA Today • Time • Los Angeles Times • San Francisco Chronicle • Essence • O: The Oprah Magazine • The Week • Kirkus Reviews *Kirkus Reviews (starred review) "We were eight years in power" was the lament of Reconstruction-era black politicians as the American experiment in multiracial democracy ended with the return of white supremacist rule in the South. In this sweeping collection of new and selected essays, Ta-Nehisi Coates explores the tragic echoes of that history in our own time: the unprecedented election of a black president followed by a vicious backlash that fueled the election of the man Coates argues is America's "first white president." But the story of these present-day eight years is not just about presidential politics. This book also examines the new voices, ideas, and movements for justice that emerged over this period—and the effects of the persistent, haunting shadow of our nation's old and unreconciled history.

Coates powerfully examines the events of the Obama era from his intimate and revealing perspective—the point of view of a young writer who begins the journey in an unemployment office in Harlem and ends it in the Oval Office, interviewing a president. *We Were Eight Years in Power* features Coates's iconic essays first published in *The Atlantic*, including "Fear of a Black President," "The Case for Reparations," and "The Black Family in the Age of Mass Incarceration," along with eight fresh essays that revisit each year of the Obama administration through Coates's own experiences, observations, and intellectual development, capped by a bracingly original assessment of the election that fully illuminated the tragedy of the Obama era. *We Were Eight Years in Power* is a vital account of modern America, from one of the definitive voices of this historic moment.

Lange Zeit gehörte das Trinken so selbstverständlich zu Daniel Schreibers Leben wie die Arbeit. Manchmal fragte er sich, ob er nicht dabei war, eine Schwelle zu übertreten, doch

meistens war die Rechtfertigung so griffbereit wie das nächste Glas Wein. Bis ihm irgendwann klar wurde, dass er längst dabei war, sein Leben zu zerstören – und sich Hilfe suchte. Mit großer Aufrichtigkeit und literarischer Kraft erzählt Schreiber von den Mechanismen der Selbsttäuschung, die es so vielen Menschen erlauben, ihr Alkoholproblem zu ignorieren. Und er fragt, warum sich eine Gesellschaft eine Droge gestattet und dann diejenigen stigmatisiert, die damit nicht umgehen können.

Between 1963 and 1972 America experienced over 750 urban revolts. Considered collectively,

they comprise what Peter Levy terms a 'Great Uprising'. Levy examines these uprisings over the arc of the entire decade, in various cities across America. He challenges both conservative and liberal interpretations, emphasizing that these riots must be placed within historical context to be properly understood. By focusing on three specific cities as case studies - Cambridge and Baltimore, Maryland, and York, Pennsylvania - Levy demonstrates the impact which these uprisings had on millions of ordinary Americans. He shows how conservatives profited politically by constructing a misleading narrative of their causes, and also suggests that the riots did not represent a sharp break or rupture from the civil rights movement. Finally, Levy presents a cautionary tale by challenging us to consider if the conditions that produced this 'Great Uprising' are still predominant in American culture today.

A small and beautiful epic of growing up in 1980s Baltimore, from the author of *Between the World and Me* *The Beautiful Struggle* is an extraordinary memoir

from the most important new voice in the US race debate and the author of New York Times bestseller list no. 1 *Between the World and Me*, hailed by Toni Morrison as "required reading." This small and perfectly formed epic follows the lives of boys on the journey to manhood in black America and beyond in 1980s Baltimore, a city on the verge of chaos. These youngsters needed to learn fast, and Ta-Nehisi's father, Paul, was a fine teacher: a Vietnam vet who rolled with the Black Panthers, an old-school disciplinarian, and an autodidact who launched a publishing company in his basement. *The Beautiful Struggle* is a moving father-and-son story about the reality that tests us, and the love that saves us.

Requiem for the Massacre

Igor, ein asthmatischer kleiner Junge, der mit seinen Eltern in Leningrad lebt, wächst mit Sehnsüchten auf: nach Essen, nach Bestätigung, nach Wörtern. Als er fünf ist, schreibt er unter dem Einfluss seines Lieblingsbuchs «Die wunderbare Reise des kleinen Nils Holgersson mit den Wildgänsen» seinen ersten Roman, «Lenins wunderbare Wildgänse», und seine Großmutter gibt ihm für jede Seite eine Scheibe Käse. Damit er weiter zu Kräften kommt und auch seine Höhenangst überwindet, bringt sein Vater im Wohnzimmer eine Sprossenwand an, und trotz Schwindel und Schweißausbrüchen träumt Igor hoch droben, er werde Kosmonaut. Zwei Jahre später, 1979, wandert die jüdische Familie nach Amerika aus, aber erst unterwegs erfährt er mit Schrecken, wohin die Reise geht: «zum Feind». Und doch findet Igor, der sich nun Gary nennt, in New York seine erste Spielkameradin überhaupt, ein Mädchen,

dem ein Auge fehlt. «Ich bin Einwanderer, und sie hat nur ein Auge, also sind wir gleich.» Diese Geschichte eines Jungen, der von seinen Eltern zärtlich «kleiner Versager» genannt wird, weil man ihn zwar

abgöttisch liebt, aber nicht so recht an sein Glück und seinen Erfolg im Leben glaubt, ist ein an Menschenkenntnis und Emotionen beglückend reiches Buch – voller Humor, obwohl die Familie wegen Hitler und Stalin nicht viel zu lachen

hat und Alltagsnöte sich auf türmen wie Berge. Eine berührende und zugleich komische Kindheitsgeschichte: fesselnd, meisterhaft und – da sie Gary Shteyngarts eigene Geschichte ist – auch wahr.
