Acoustics Mark F Hamilton Mark F. Hamilton and David T. Blackstock are Professors of Mechanical Engineering at The University of Texas at Austin.

Active in the series of International Symposia on Nonlinear Acoustics (ISNA), they were co-chairs of the 12th ISNA, held in 1990, and editors of the

proceedings Frontiers of Nonlinear Acoustics (Elsevier). Nonlinear Acoustics: Theory and Applications: Amazon.co.uk ... Mark F. Hamilton David T.

Blackstock Austin, Texas May, 2008 Preface to the Original Edition This book is an introductory text on the theory and applications of nonlinear

acoustics. For nearly 30 years the editors have, between them, taught a graduate course on this topic at the University of Texas at Austin. Nonlinear

Acoustics Mark F. Hamilton and David T ... Dr. Hamilton conducts research in the area of physical acoustics, particularly nonlinear acoustics. His

current research interests include acoustic radiation force on objects of arbitrary shape, nonlinear propagation in media characterized by fractional

wave equations, nonlinear wave propagation in biological tissue and granular media, diffraction phenomena in linear and nonlinear sound fields,

nonlinear acoustic metamaterials, and single-bubble sonoluminescence in elastic media. Mark F. Hamilton - Department of Mechanical

Engineering Mark F. Hamilton Through the design of subwavelength structures, nonlinear acoustic metamaterials can be engineered to exhibit regimes

of positive and negative incremental stiffness. Mark F. Hamilton's research works | University of Texas at ... problems in nonlinear acoustics: rayleigh
