In order to familiarize learners with the question types of HSK, the workbooks at all levels provide the exact same types of exercises, arranged in the same order and structure also, with the content

focused on the specific lesson. In this way, learners will get familiar with HSK by using the course books alone rather than spending extra time in trying to get used to the form of the test.

Set during the height of World War II, a powerful and unsettling tale about a woodcutter and his wife, who finds a mysterious parcel thrown from a passing train. Once upon a time in

an enormous forest lived a woodcutter and his wife. The woodcutter is very poor and a war rages around them, making it difficult for them to put food on the table. Yet every night, his wife prays for a child. A Jewish father rides on a train holding twin babies. His wife no longer has enough milk to feed both children. In hopes of saving them both, he wraps his daughter in a shawl and

throws her into the forest. While foraging for food, the wife finds a bundle, a baby girl wrapped in a shawl. Although she knows harboring this baby could lead to her death, she takes the child home. Set against the horrors of the Holocaust and told with a fairytale-like lyricism, *The Most Precious of Cargoes* is a fable about family and redemption which reminds us that humanity can be found in

the most inhumane of places. Beginning during the summer that men first walked on the moon, and moving backward and forward in time to span three generations, Moon Palace is propelled by coincidence and memory, and illuminated by marvelous flights of lyricism and wit. Here is the most entertaining and moving novel yet from an author well known for his breathtaking imagination. From New York Times-

Greedy developers itch to exploit this forbidden knowledge,

risking permanent damage to their natural world. But Toby's father has refused to reveal his findings, causing the family to be exiled to the lower branches. Only Toby has managed to escape -- but for how long? And how can he bear to leave his parents to their terrible fate?

As war clouds gather on the distant horizon, Hugh, Edward, and Rupert Cazalet, along with their wives, children, and loyal servants, prepare to leave London for their annual pilgrimage to the family’s Sussex estate.</p>	<p>There, they will join their parents, William and Kitty, and sister, Rachel, at Home Place, the sprawling retreat where the three brothers hope to spend an idyllic summer of years gone by. But the First World War has left indelible scars. Hugh, the eldest of his siblings, was wounded in France and is haunted both by recurring nightmares of battle and the prospect of another war. adores his wife, Villy, a former dancer searching for meaning in life, yet he's incapable of remaining faithful to her. Rupert desires only to fulfill his potential as a painter, but finds that love and art cannot coexist. And devoted daughter Rachel discovers the joys—and limitations—of intimacy with another woman. A candid portrait of British life in the late 1930s and a sweeping depiction of a

world on the brink of war, *The Light Years* is a must-read for fans of *Downton Abbey*. Three generations of the Cazalet family come to unforgettable dramatic life in this saga about England during the last century—and the long-held values and cherished traditions that would soon disappear forever. *Rentrée des classes* Het boek is de neerslag van een onderzoek naar het gebruik van

seksstereotypen in schoolboeken voor het secundair onderwijs in België. Men komt tot de conclusie dat de vrouw ofwel wordt getoond in een onderworpen rol, ofwel wordt ontkend dat ze sowieso een rol speelt, of heeft gespeeld, in de maatschappij. Dit wordt overvloedig geïllustreerd voor de verschillende vakken. Verder wordt er gepeild naar de impact van

deze stereotypering op jongeren; of welke invloed kan het seksisme in de schoolboeken hebben op de leerlingen? Een pleidooi dus voor een	grondige vernieuwing van het lesmateriaal. <i>Les Femmes dans les livres scolaires Bibliographie de la France [formerly de l'Empire français] ou,</i>	<i>Journal général de l'imprimerie et de la librairie</i> Bibliographi e de la France Livre du professeur <i>Le Catalogue de l'édition française</i>
