Routledge  
Perspectives on  
Management Capacity  
Building provides a lively  
spectrum of views on the  
problems and prospects  
of improving the  
management and  
performance of municipal

governments in the  
United States. Leading  
specialists in public  
administration probe the  
management needs of  
local governments and  
explore ways in which  
they can improve their  
capacity to manage.  
Today, state and local  
governments are caught  
in the transition between  
the expansionism of the

post-World War II years  
and the retrenchment era  
of the late seventies and  
eighties. Improved  
management capacity has  
emerged as the most  
effective way for local  
governments to ride out  
the economic and political  
pressures confronting  
them. This book first  
investigates the meaning  
of the term "management

capacity." It then considers how management needs have changed in the post-war period and how these needs vary among large cities, suburbs, and rural communities. Two of the contributions explore the organizational politics of management improvement while others look at the functional areas of computers and financial management. The book also addresses human resource problems such as labor relations, management development, and training

of municipal legislators, and concludes with several viewpoints on federal efforts to improve local management capacity.

Young V. Old Bloomsbury Publishing USA

Today we find ourselves at a crossroads of two powerful, unrelenting currents that are completely at odds with one another. The movement for legal recognition of same-sex unions has gone beyond the separate but equal status of civil unions to demand equality in

marriage for all couples. Progress is being made on many fronts: mayoral action, clergy officiating at same-sex marriage and union ceremonies, state legislative responses, and street protests, to name a few. Meanwhile, opposition to same-sex marriage has also been gathering strength. The struggle is sure to continue unabated for some time to come, pitting those who believe in the traditional definition of marriage as a union between a man and a woman—and who seek to

codify this belief in the U.S. Constitution—against those who find the basis for marriage between two loving, committed individuals not only in the history of our civil rights legislation and court decisions, but also in scripture and sacred religious traditions. Those who believe in extending to same-sex couples the 1,049 rights conferred by marriage as well as the supportive embrace of religious communities seek to strengthen the institution of marriage by making it inclusive and by

passing laws and broadening doctrines to uphold marriage rights for all couples. This three-volume set clarifies the legal, political, religious, cultural, and social ramifications of same-sex marriage for gay and lesbian couples and their families and friends, and for the general public interested in the future of civil rights in the United States.

'American Government in  
a Changed World' is a

compendium of original essays that analyze how the events of September 11, 2001, have impacted various aspects of our political system. It is written by Longman's roster of American government authors and organized for use in an American government course.

**Quest for Equality in  
Freedom** Longman  
Publishing Group

This classic text provides a rich and nuanced discussion of American national security policymaking. American

National Security remains the ideal foundational text for courses in national security, foreign policy, and security studies. Every chapter in this edition has been extensively revised, and the book includes discussion of recent security policy changes in the Trump administration. Highlights include: • An updated look at national security threats, military operations, and homeland security challenges • An analysis of the evolving roles of the president, Congress, the intelligence

community, the military, and other institutions involved in national security • A revised consideration of the strengths, limitations, and employment of instruments of national power, including diplomacy, information, economic tools, and armed forces • An exploration of the economic and national security implications of globalization • An enhanced examination of the proliferation of transnational threats, including security

challenges in space and in cyberspace • A new assessment of how international, political, and economic trends may change US leadership of the post-World War II international order • A comprehensive update on changing dynamics in key states and regions, including Russia, China, East Asia, the Middle East, South Asia, Europe, Sub-Saharan Africa, and Latin America An authoritative book that explains US national security policy, actors, and processes in a wide-ranging yet

understandable way, American National Security addresses key issues, including challenges to the free and open international order, the reemergence of strategic competition among great powers, terrorism, economic and fiscal constraints, and rapid advances in information and technology.

During the past two decades, many countries in the world have peacefully undergone a transition to more popular forms of self-governance. The United States represents the world model for evolving forms of democracy. This volume details how government currently

works in America. Forty essays examine the condition of all five levels of government in America--city, county, regional, state, and federal. They describe and examine the structures, operations and services provided by each level, as well as how they are financed.

ALERT: Before you purchase, check with your instructor or review your

course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting

from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check

with the seller prior to purchase. -- This access code card gives you access to all of MyPoliSciLab's grade-boosting resources...PLUS a complete e-book of your textbook! MyPoliSciLab is a state-of-the-art interactive and instructive solution for introductory American government courses that combines multimedia simulations, video debates, research support, and practice tests to make learning fun! This is the product access code card for MyPoliSciLab and does not

include the actual bound book. Updated in a new 15th edition, *Government in America: People, Politics, and Policy*, illustrates the impact that government has on the daily lives of each and every American, particularly its effect on students. Designed around the theme that “politics matters,” this descriptive text emphasizes public policy — what government actually does. It contains recent political developments and policy on the global economic

recession and addresses President Barack Obama's impact on our current government.

*Grain Bins* Aspen Publishing

The sixth edition of *American National Security* has been extensively rewritten to take into account the significant changes in national security policy in the past decade.

Thorough revisions reflect a new strategic context and the challenges and opportunities faced by the United States in the early twenty-first century.

Highlights include:

- An examination of the current international environment and new factors affecting U.S. national security policy making
- A discussion of the Department of Homeland Security and changes in the intelligence community
- A survey of intelligence and national security, with special focus on security needs post-9/11
- A review of economic security, diplomacy, terrorism, conventional warfare, counterinsurgency, military intervention, and

nuclear deterrence in the changed international setting• An update of security issues in East Asia, South and Southeast Asia, the Middle East, Sub-Saharan Africa, Russia and Central Asia, and Latin America and the Caribbean• New material on globalization, transnational actors, and human security Previous editions have been widely used in undergraduate and graduate courses. -- James Schlesinger, former Secretary of Defense, from the foreword American Government

Routledge  
This book describes and analyzes the gravest crisis now facing constitutional democracy: the fundamental conflict between liberal and egalitarian values. Particularly stressed in this analysis are such aspects of the crisis as its origins, ideological tensions, and public policy ramifications. Defending Same-sex Marriage: The freedom-to-marry movement : education, advocacy, culture, and the media CQ Press

Managing Urban America guides students through the challenges, politics, and practice of urban management—including managing conflict through politics, adapting to demographic and social changes, balancing budgets, and delivering a myriad of goods and services to citizens in an efficient, equitable, and responsive manner. The Eighth Edition has been thoroughly updated to include a discussion of the difficulties cities confront as they deal with the lingering economic

challenges of the 2008 recession, the concept of e-government and how it affects the theory and practice of management, and the implications of environmental issues for urban government management.

Diese Einführung wendet sich an Studierende der Politikwissenschaft, die sich mit dem politischen System der USA vertraut machen wollen. Das Buch vermittelt Grundwissen. Die Arbeitsweise der Institutionen (Kongress, Präsident und Supreme Court) wird vorgestellt und Politikprozesse werden erklärt. Welche Rolle spielen Parteien und Interessenverbände im politischen System der USA? Wie gestalten sich die Beziehungen zwischen der Bundesebene und den Einzelstaaten? Wieso sind

religiöse Bezugnahmen in der US-Politik so häufig? Einen breiten Raum nehmen die amerikanischen Wahlen ein. Wie wird der amerikanische Präsident gewählt? Wie finanzieren die Kandidaten für den Senat und das Repräsentantenhaus ihre Wahlkämpfe? Dort wo es nützlich erscheint, werden als Kontrast Bezüge zum politischen System der Bundesrepublik Deutschland hergestellt. Dem Einführungscharakter dieses Buches dienen die

kurzen Fazite sowie die weiterführende Literatur am Ende der Kapitel und das Glossar, das englische Fachtermini erläutert.

American National Security JHU Press

This edition features the exact same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books à la Carte also offer a great value for

your students--this format costs significantly less than a new textbook.

Updated in a new 15th edition, *Government in America: People, Politics, and Policy*, illustrates the impact that government has on the daily lives of each and every American, particularly its effect on students. Designed around the theme that "politics matters," this descriptive text emphasizes public policy - what government actually does. It contains recent political developments and policy

on the global economic recession and addresses President Barack Obama's impact on our current government.

*Das politische System der USA* C.H.Beck

With an emphasis on public policy, and through the use of its resonant "politics matters" theme, *Government in America*, Brief Ninth Edition, illustrates the impact that government has on the daily lives of each and every American, motivates students to become active participants in all aspects

of our political system, and overcomes apathy toward American government. The Brief Ninth Edition contains all the information included in the comprehensive version, in a more compact form for ease of use.

### **Government in America**

HarperCollins College  
Das politische System der Vereinigten Staaten unterscheidet sich erheblich von dem unsrigen, so dass eine übersichtliche Darstellung auf dem aktuellen Stand für das Verständnis der

Politik Amerikas unerlässlich scheint. Nach einem kurzen Überblick über die Entwicklung der Vereinigten Staaten von den Urkolonien bis heute beschreiben die Autoren die Entwicklung des Staatsgebietes und der Immigration, den Föderalismus, die Interessenverbände, die Parteien, die Wahlen, die Massenmedien, die Beziehungen zwischen Präsident und Kongress, das Gerichtswesen und die politische Kultur des Landes. Vergleiche mit der Bundesrepublik

erleichtern das Verständnis. Die 7., überarbeitete und aktualisierte Auflage wurde um Aspekte erweitert, die in den vergangenen Jahren an Bedeutung gewonnen haben. Hierzu zählen die Kostenexplosion der Wahlkämpfe, die Polarisierung des Parteiensystems sowie der wachsende politische Einfluss digitaler Medien. People and Politics in Urban America, Second Edition Addison Wesley Publishing Company  
Just because Milwaukee

isn't Manhattan, doesn't mean that those urban centers face completely unique challenges. Through effective comparative analysis of key issues in urban studies--how city managers share power with mayors, how spending policies affect economic development, and how school politics impact education policy--students can clearly see how scholars discern patterns and formulate conclusions to offer theoretical and practical insights from which all

cities can benefit. Pelissero brings together an impressive team of contributors to explore variation among cities through case studies and cross-sectional analyses. Each author synthesizes the field's seminal literature while explaining how urban leaders and their constituents grapple with everything from city council politics to conflict and cooperation among minority groups. Authors identify both key trends and gaps in the scholarship, and help set the research agenda for

the years to come. Lively case material will hook your students while the accessible presentation of empirical evidence make this reader the comprehensive and sophisticated text you demand.

**Subject Guide to Books in Print** Government in America

Interest and research on regionalism has soared in the last decade. Local governments in metropolitan areas and civic organizations are increasingly engaged in cooperative and

collaborative public policy efforts to solve problems that stretch across urban centers and their surrounding suburbs. Yet there remains scant attention in textbooks to the issues that arise in trying to address metropolitan governance. *Governing Metropolitan Areas* describes and analyzes structure to understand the how and why of regionalism in our global age. The book covers governmental institutions and their evolution to governance, but with a continual focus

on institutions. David Hamilton provides the necessary comprehensive, in-depth description and analysis of how metropolitan areas and governments within metropolitan areas developed, efforts to restructure and combine local governments, and governance within the polycentric urban region. This second edition is a major revision to update the scholarship and current thinking on regional governance. While the text still

provides background on the historical development and growth of urban areas and governments' efforts to accommodate the growth of metropolitan areas, this edition also focuses on current efforts to provide governance through cooperative and collaborative solutions. There is also now extended treatment of how regional governance outside the United States has evolved and how other countries are approaching regional governance.
