NLN Resources with free scenarios

Nursing fundamentals is a class required by most nursing programs that nursing students take during the first semester of nursing school. This class is also known as nursing foundations, depending on what your nursing program calls it. Many nursing programs split this class into a lecture (which is

attended throughout the semester) and then a skills lab and clinical site.

Step 1 Case Study. - Work through the NURSING.com Case Study together as a clinical group. - Share the study plan on your screen. - Read through each section together, discuss and try to answer all the Critical Thinking Checks, and proceed through the entire case study. PRO Tip - find a picture of a real person, have the students look at the picture and picture them as you go through the case study.
