Encyclopedia of Spirits Encyclopedia of
SpiritsThe Ultimate Guide to the Magic of
Fairies, Genies, Demons, Ghosts, Gods &
Goddesses

The history of the divine is the history of
human thought. For as long as men and

women have pondered the mysteries of
their existence, they have answered
their own questions with stories of gods
and goddesses. Belief in these deities
shaped whole civilizations, yet today
many of their names and images lie
buried. The Encyclopedia of Ancient
Deities makes those names available to
the general reader as well as the
scholar. This reference work lists all the

known gods through recorded history. Alphabetically arranged entries provide the name of each deity (with alternate spellings), as well as notes on names that may be linguistically or functionally related. The tribe or culture that worshiped the deity is identified, and the god's origins and functions are explained. An extensive bibliography provides opportunities for further research and an exhaustive index provides access to the entries through virtually all names, forms and kinds of deities.

The Encyclopedia of Clairvoyance, Channeling, and Spirit Communication
HarperCollins UK

An encyclopedic A-to-Z guide, this beautifully illustrated volume offers hundreds of rich, fascinating definitions

of 700 major and minor characters, creatures, and places of classical mythology. *Classical Mythology A-to-Z* is a comprehensive and engrossing guide to Greek and Roman mythology. Written by Annette Giesecke, PhD, Professor of Classics and Chair of Ancient Greek and Roman Studies at the University of Delaware, this brilliant reference offers clear explanations of every character and locale, and captures the essence of these timeless tales. From the gods and goddesses of Mount Olympus and the heroes of the Trojan War to the nymphs, monsters, and other mythical creatures that populate these ancient stories, Giesecke recounts, with clarity and energy, the details of more than 700 characters and places. Each definition includes cross-references to related

characters, locations, and myths, as well their equivalent in Roman mythology and cult. In addition to being an important standalone work, Classical Mythology A-to-Z is also written, designed, and illustrated to serve as an essential companion to the bestselling illustrated 75th-anniversary edition of Mythology by Edith Hamilton, including 10 full-color plates and 2-color illustrations throughout by artist Jim Tierney.

Visible Ink Press

A thorough reference to the many deities, magical beings, mythical places, and ancient customs of the Norse and Germanic regions of Europe • Explores the legends and origins of well-known gods and figures such as Odin, Thor, Krampus, and the Valkyries, as well as a

broad range of magical beings such as the Elf King, the Lorelei, the Perchten, dwarves, trolls, and giants • Draws upon a wealth of well-known and rare sources, such as the Poetic Edda and The Deeds of the Danes by Saxo Grammaticus • Examines folktales, myths, and magical beliefs from Germany, Austria, Switzerland, Denmark, Finland, Sweden, Norway, Iceland, and England The legends of the Norse and Germanic regions of Europe--spanning from Germany and Austria across Scandinavia to Iceland and England--include a broad range of mythical characters and places, from Odin and Thor, to berserkers and Valhalla, to the Valkyries and Krampus. In this encyclopedia, Claude Lecouteux explores the origins, connections, and tales behind many gods, goddesses,

magical beings, rituals, folk customs, and mythical places of Norse and Germanic tradition. More than a reference to the Aesir and the Vanir pantheons, this encyclopedia draws upon a wealth of well-known and rare sources, such as the Poetic Edda, the Saga of Ynglingar by Snorri Sturluson, and The Deeds of the Danes by Saxo Grammaticus. Beyond the famous and infamous Norse gods and goddesses, Lecouteux also provides information on lesser-known figures from ancient Germanic pagan tradition such as the Elf King, the Lorelei, the Perchten, land spirits, fairies, dwarves, trolls, goblins, bogeymen, giants, and many other beings who roam the wild, as well as lengthy articles on well-known figures and events such as Siegfried (Sigurd in

Norse) and Ragnarök. The author describes the worship of the elements and trees, details many magical rituals, and shares wild folktales from ancient Europe, such as the strange adventure of Peter Schlemihl and the tale of the Cursed Huntsman. He also dispels the false beliefs that have arisen from the Nazi hijacking of Germanic mythology and from its longtime suppression by Christianity. Complete with rare illustrations and information from obscure sources appearing for the first time in English, this detailed reference work represents an excellent resource for scholars and those seeking to reconnect to their pagan pasts and restore the old religion.

The Ultimate Guide to the Magic of Fairies, Genies, Demons, Ghosts, Gods &

Goddesses Sterling Publishing Company
Running with the Fairies: Towards a Transpersonal Anthropology of Religion is a unique account of the living spirituality and mysticism of fairyfolk in Ireland. Fairyfolk are fairyminded people who have had direct experiences with the divine energy and appearance of fairies, and fairypeople, who additionally know that they have been reincarnated from the Fairy Realm. While fairies have been folklore, superstition, or fantasy for most children and adults, now for the first time in a scholarly work, highly educated persons speak frankly about their religious/spiritual experiences, journeys, and transformations in connection with these angel-like spirit beings. Set in academic and popular historical perspectives, this first

scholarly account of the Fairy Faith for over a hundred years, since believer Evans-Wentz's 1911 published doctoral dissertation *The Fairy-Faith in Celtic Countries*, integrates a participatory, "going native" anthropology with transpersonal psychology. Providing extensive verbatim interviews and discussions, this path-breaking work recognizes the reality of nature spirit beings in a Western context. Through intensive on-site fieldwork, the PhD cultural anthropologist author discovers, describes and interviews authentic mystics aligned with these intermediary deific beings. With an extensive introduction placing fairies in the context of the anthropology of religion, animism, mysticism, and consciousness, this daring ethnography considers notions of

“belief”, “perception”, and spiritual “experience”, and with intricate detail extends the focus of anthropological research on spirit beings which previously have been considered as locally real only in indigenous and Eastern cultures.

Encyclopedia of Spirits McFarland Drawing from ancient and modern folklore, myth, and religion, this reference work delves into the social and anthropological significance of supernatural beings such as angels, demons, dwarfs, encantados, fairies, keremets, nats and nymphs.

Suicide Notes Simon and Schuster An unforgettable coming of age novel for fans of *13 Reasons Why*, *It’s Kind of a Funny Story*, and *The Perks of Being a Wallflower*. Fifteen-year-old Jeff wakes

up on New Year’s Day to find himself in the hospital—specifically, in the psychiatric ward. Despite the bandages on his wrists, he’s positive this is all some huge mistake. Jeff is perfectly fine, perfectly normal; not like the other kids in the hospital with him. But over the course of the next forty-five days, Jeff begins to understand why he ended up here—and realizes he has more in common with the other kids than he thought. “With a sprinkling of dark humor and a full measure of humanness, *Suicide Notes* is quirky, surprising, and a riveting read.” —Ellen Hopkins, author of *The You I’ve Never Known* and *Love Lies Beneath* “Like the very best teen novels, *Suicide Notes* is both classic and edgy, timeless and provocative.” —Brent Hartinger, author of *Geography Club*

“Makes a powerful emotional impact.”
 —Publishers Weekly (starred review)
 “Jeff’s wit and self-discovery are
 refreshing, poignant, and, at times,
 laugh-out-loud funny.” —School Library
 Journal

A Field Guide to Demons, Fairies, Fallen Angels and Other Subversive Spirits

Llewellyn Worldwide

An A-to-Z resource on paranormal

phenomena, with illustrations. Stranded motorists on a lonesome road are rescued by angels. The phone rings with a call from beyond the grave. A blood-sucking predator is sighted in the south of Texas. The Weiser Field Guide to the Paranormal is your gateway into the world beyond the known. Covering topics from cryptids to psychics, telekinesis to telepathy, this concise, alphabetized handbook will guide you through the eerie, the undeniable, and the strange world of the paranormal. Once upon a time, events like ghost sightings were commonplace. Parlors were redecorated to accommodate seance rituals, and ghost stories poured from the culture. Psychic occurrences and abilities might have been feared and disliked, but they were accepted as a normal part of life.

Today, we are experiencing a resurgence of all things paranormal. Join paranormal investigator and psychic Judith Joyce as she delves into this world with haunting detail and illuminating clarity. Joyce touches on all of the major aspects of paranormal phenomena, and more. Do you have telepathic powers? Can the Ouija board really speak from the Other Side? Use this paranormal primer to find out.

Encyclopedia of Gods Routledge
This reference explores Qabalah, Sibyls, Fairies, Poltergeists; phenomena such as intuition and karma; objects useful in the attempt to cross the divide, including tarot cards, flower reading, and runes; and related practices such as Shamanism, transfiguration, meditation, and mesmerism. It covers the history of

Spiritualism as well as offshoots such as Kardecism, channeling, fraud, psychic research, and possession; and also reports on investigations of contemporary manifestations.
