Nineteen-year-old Cash Blackbear helps law enforcement solve

the mysterious disappearance of a local girl from Minnesota's Red River Valley. 1970s, Fargo-Moorhead: it's the tail end of the age of peace and love, but Cash Blackbear isn't feeling it. Bored by her freshman classes at Moorhead State College, Cash just wants to play pool, learn judo, chain-smoke, and be left alone. But when one of Cash's classmates vanishes without a trace, Cash, whose dreams have revealed dangerous realities in the past, can't stop envisioning terrified girls begging for help. Things become even more intense when an unexpected houseguest starts crashing in her living room: a brother she didn't even know was alive, from whom she was separated when they were taken from the Ojibwe White Earth Reservation as children and forced into foster care. When Sheriff Wheaton, her guardian and friend, asks for Cash's help with the case of the missing girl, she must override her apprehension about leaving her hometown—and her rule to never get in somebody else's car—in order to discover the truth about the girl's whereabouts. Can she get to her before it's too late?

The American Civil Liberties Union partners with award-winning authors Michael Chabon and Ayelet Waldman in this “forceful, beautifully written” (Associated Press) collection that brings together many of our greatest living writers, each contributing an original piece inspired by a historic ACLU case. On January 19, 1920, a small group of idealists and visionaries, including Helen Keller, Jane Addams, Roger Baldwin, and Crystal Eastman, founded the American Civil Liberties Union. A century after its creation, the ACLU remains the nation's premier defender of the rights and freedoms guaranteed by the Constitution. In collaboration with the ACLU, authors Michael Chabon and Ayelet Waldman have curated an anthology of essays “full of struggle, emotion, fear, resilience, hope, and triumph” (Los Angeles Review of Books) about landmark cases in the organization's one-hundred-year history. Fight of the Century takes you inside the trials and the stories that have shaped modern life. Some of the most prominent cases that the ACLU has been involved in—Brown v. Board of Education, Roe v. Wade, Miranda v. Arizona—need little introduction. Others you may never even have heard of, yet their outcomes quietly defined the world we live in now. Familiar or little-known, each case springs to vivid life in the hands of the acclaimed writers who dive into the history, narrate their personal experiences, and debate the questions at

the heart of each issue. Hector Tobar introduces us to Ernesto Miranda, the felon whose wrongful conviction inspired the now-iconic Miranda rights—which the police would later read to the man suspected of killing him. Yaa Gyasi confronts the legacy of *Brown v. Board of Education*, in which the ACLU submitted a friend-of-the-court brief questioning why a nation that has sent men to the moon still has public schools so unequal that they may as well be on different planets. True to the ACLU's spirit of principled dissent, Scott Turow offers a blistering critique of the ACLU's stance on campaign finance. These powerful stories, along with essays from Neil Gaiman, Meg Wolitzer, Salman Rushdie, Ann Patchett, Viet Thanh Nguyen, Louise Erdrich, George Saunders, and many more, remind us that the issues the ACLU has engaged over the past one hundred years remain as vital as ever today, and that we can never take our liberties for granted. Chabon and Waldman are donating their advance to the ACLU and the contributors are forgoing payment.

"As our vision becomes more global, our storytelling is stretching in many ways. Stories increasingly change point of view, switch location, and sometimes pack as much material as a short novel might," writes guest editor Elizabeth Strout. "It's the variety of voices that most indicates the increasing confluence of cultures involved in making us who we are." *The Best American Short Stories 2013* presents an impressive diversity of writers who dexterously lead us into their corners of the world. In "Miss Lora," Junot Díaz masterfully puts us in the mind of a teenage boy who throws aside his better sense and pursues an intimate affair with a high school teacher. Sheila Kohler tackles innocence and abuse

as a child wanders away from her mother, in thrall to a stranger she believes is the "Magic Man." Kirstin Valdez Quade's "Nemecia" depicts the after-effects of a secret, violent family trauma. Joan Wickersham's "The Tunnel" is a tragic love story about a mother's declining health and her daughter's helplessness as she struggles to balance her responsibility to her mother and her own desires. New author Callan Wink's "Breatharians" unsettles the reader as a farm boy shoulders a grim chore in the wake of his parents' estrangement. "Elizabeth Strout was a wonderful reader, an author who knows well that the sound of one's writing is just as important as and indivisible from the content," writes series editor Heidi Pitlor. "Here are twenty compellingly told, powerfully felt stories about urgent matters with profound consequences."

In these journals, the experiences of one of the most renowned twentieth-century American writers come to life with fascinating, wholly revealing detail. John Cheever's journals provide peerless insights into the creation of his novels and stories. But they are equally the record of a complex, often dark, always closely observed inner world. No American writer of comparable stature has left such an unreservedly revealing and moving account of himself: his family life, his literary life, and his emotional life. The final word from one of modern America's great writers, *The Journals of John Cheever* provides a powerful and beautiful capstone to a towering oeuvre.

Ursula Hegi brings us a timeless and unforgettable story in Trudi and a small town, weaving together a profound tapestry of emotional power, humanity, and truth.

Thirty years after the smashing success of *Zelda*, Nancy Milford returns with a stunning second act. *Savage Beauty* is the portrait of a passionate, fearless woman who obsessed American ever as she tormented herself. If F. Scott Fitzgerald was the hero of the Jazz Age, Edna St. Vincent Millay, as flamboyant in her love affairs as she was in her art, was its heroine. The first woman ever to win the Pulitzer Prize, Millay was dazzling in the performance of herself. Her voice was likened to an instrument of seduction and her impact on crowds, and on men, was legendary. Yet beneath her studied act, all was not well. Milford calls her book "a family

romance"—for the love between the three Millay sisters and their mother was so deep as to be dangerous. As a family, they were like real-life *Little Women*, with a touch of *Mommie Dearest*. Nancy Milford was given exclusive access to Millay's papers, and what she found was an extraordinary treasure. Boxes and boxes of letter flew back and forth among the three sisters and their mother—and Millay kept the most intimate diary, one whose ruthless honesty brings to mind Sylvia Plath. Written with passion and flair, *Savage Beauty* is an iconic portrait of a woman's life.

#1 NEW YORK TIMES BESTSELLER • A simple hospital visit becomes a portal to the tender relationship between mother and daughter in this extraordinary novel by the Pulitzer Prize-winning author of *Olive Kitteridge* and *The Burgess Boys*. Her mother, to whom she hasn't spoken for many years, comes to see her. Gentle gossip about people from Lucy's childhood in Amgash, Illinois, seems to reconnect them, but just below the surface lie the tension and longing that have informed every aspect of Lucy's life: her escape from her troubled family, her desire to become a writer, her marriage, her love for her two daughters. Knitting this powerful narrative together is the brilliant storytelling voice of Lucy herself: keenly observant, deeply

human, and truly unforgettable. Praise for *My Name Is Lucy Barton* "A quiet, sublimely merciful contemporary novel about love, yearning, and resilience in a family damaged beyond words."—*The Boston Globe* "It is Lucy's gentle honesty, complex relationship with her husband, and nuanced response to her mother's shortcomings that make this novel so subtly powerful."—*San Francisco Chronicle* "A short novel about love, particularly the complicated love between mothers and daughters, but also simpler, more sudden bonds . . . It evokes these connections in a style so spare, so pure and so profound the book almost seems to be a kind of scripture or sutra, if a very down-to-earth and unpretentious one."—*Newsday* "Spectacular . . . Smart and cagey in every way. It is both a book of withholdings and a book of great openness and wisdom. . . . Ask any successful author how they got their start, and they'll tell you that when they were young they "loved reading." One of the foundational goals of "Ember" is to foster the next generation of great writers by providing them with excellent reading material now. We believe that people who learn to love reading at an early age are more likely to seek knowledge in science, technology, engineering, and math. Those who then learn to love writing often go on to apply creativity and problem solving to those same critical disciplines underscoring the importance of solid reading and writing skills. But we're not just looking at writers who may have talent "someday." Many adolescents and teens already show genuine imagination and talent not just potential, but real mastery of language and storytelling. While we love great writing from contributors of all ages and experience levels, we're especially eager to purchase and publish stories and poems from younger writers in order to provide a professional experience and a platform from which to launch their careers.
