Completely rewritten and reorganized, this groundbreaking edition weaves together the most recent scholarship, the most current thinking in art history, and the most innovative digital art

library. Experience the new Janson and re-experience the history of art. The Portable Edition of Janson's History of Art, Seventh Edition features four lightweight, paperback books packaged together along with optional access to a powerful student website, www.myartkit.com, making the text more student friendly than ever. Janson's History of Art is still available in the original hardcover edition and in Volume I and Volume II splits. The Portable Edition is comprised of four books each representing a major period of art history: Book 1: Ancient Art includes chapters 1-7 Book 2: Medieval Art includes chapters 8-13 Book 3: The Renaissance Art Through the Rococo includes chapters 13-22 Book 4: The Modern World includes chapters 23-30. Long established as the classic and seminal introduction to art of the Western world, the Seventh Edition of Janson's History of Art is groundbreaking. When Harry Abrams first published the History of Art in 1962, John F. Kennedy occupied the White House, and Andy Warhol was an emerging artist. Janson offered his readers a strong focus on Western art, an important consideration of technique and style, and a clear point of view. The History of Art, said Janson, was not just a stringing together of historically significant objects, but the writing of a story about their interconnections, a history of styles and of stylistic change. Janson's text focused on the visual and technical characteristics of the objects he discussed, often in extraordinarily eloquent language. Janson's History of Art helped to establish the canon of art history for many generations of scholars. The new Seventh Edition introduces the authorship of six distinguished specialists narrating the history of art for today's students. The contribution of multiple authors allows an expert's understanding to permeate each and every part of the text with a currency in art historical thinking and an enhanced discussion of context. The result is a complete rewriting and a weaving together of expert knowledge into a meaningful and powerful presentation of Western art. **History of Art** Pearson College Division This is a key book for the study and enjoyment of Western art. This seventh edition has been revised and expanded and six new authors have been selected. Every image from the previous edition has been enhanced/refreshed using modern imaging technology.

Historically, major women artists have been excluded from the mainstream art canon. Aligned with the resurgence of feminism in pop culture, Broad Strokes offers an entertaining corrective to that omission. Art historian Bridget Quinn delves into the lives and careers of 15 female artists from around the globe in text that's smart, feisty, educational, and an enjoyable read. Replete with beautiful reproductions of the artists' works and contemporary portraits of each artist by renowned illustrator Lisa Congdon, this is art history from the Renaissance to Abstract Expressionism for the modern art lover, reader, and feminist.

Janson's Basic History of Art provides readers with a beautifully illustrated and masterfully concise introduction to the Western tradition of art history. The text centers discussions around the object, its manufacture, and its visual character. It considers the contribution of the artist as an important part of the analysis. This edition creates a narrative of how art has changed over time in the cultures that Europe has claimed as its patrimony and that Americans have claimed through their connection to Europe. Janson's Basic History of Western Art continues to maintain separate chapters on the Northern European Renaissance, the Italian Renaissance, and the High Renaissance, with stylistic divisions for key periods of the modern era. The 9th edition brings some exciting changes. For the first time, Janson's Basic History of Western Art comes with MyArtsLab, which provides students with an interactive learning experience. Also, the text incorporates new learning objectives, graphics, and maps throughout. In response to reviewer's requests, this new edition expands the coverage of Islamic art into its own chapter. MyArtsLab is an integral part of the Davies et al, program. Key learning applications include, Art 21 and Studio Technique videos, 360-degree architectural panoramas and simulations and Closer Look tours. A better teaching and learning experience This program will provide a better teaching and learning experience for you and your students. Here's how: Personalize Learning - MyArtsLab is an online homework, tutorial, and assessment program. It helps students prepare for class and instructor gauge individual and class performance. Improve Critical Thinking -- "Points of Inquiry" and "Points of Reflection" coordinated with learning objectives help students think critically about what they have read. Engage Students -- Updated images, MyArtsLab, and the clarity of the text provide a wonderful engaging student experience. Support Instructors -- Instructor resources are available in one convenient location. *Instructor's manual* Pearson  
A book that broke new ground when it was first published, "19th-Century Art" today reads with the same authority and scholarly verve as it has for the past twenty years. This revised and updated edition remains true to the original, with its magisterial survey of painting and sculpture presented in four historical parts, beginning in 1776 and ending with the dawn of the new century at the Paris Exposition Universelle (World's Fair) of 1900. The text draws on the historical documentation of the period, tracing the dynamics of the making and viewing of art, and examining the reciprocal influences of art and technology, art and politics, art and literature, art and music. "19th-Century Art" has been influential in cementing the reputations of many painters and sculptors, and this new edition adds more artists to the pantheon. It also explores for the first time the work of photographers, who themselves provoked new ways of looking at nineteenth-century painting. Historical perspective is enhanced in this edition with a selection of sparkling critical and artistic responses to many of the key works of art since their creation, such as: Gericault on the public response to his famous "Raft of the Medusa," John Ruskin on Turner, and poet Baudelaire on the sculpture of the day. To match the opulence of the subject, the new edition features 540 illustrations, 370 of which are in full color.
