Classical records and cassettes OUP Oxford

Recording the Classical Guitar charts the evolution of classical guitar recording practice from the early twentieth century to the present day, encompassing the careers of many of the instrument's most influential practitioners from acoustic era to the advent of the CD. A key focus is on the ways in which guitarists' recorded repertoire programmes have shaped the identity of the instrument, particularly where national allegiances and musical aesthetics are concerned. The book also considers the ways in which changing approaches to recording practice have conditioned guitarists' conceptions of the instrument's ideal representation in recorded form and situates these in relation to the development of classical music recording aesthetics more generally. An important addition to the growing body of literature in the field of phonomusicology, the book will be of interest to guitarists and producers as well as students of record production and historians of classical music recording.

The articles and interviews in this book have all appeared at one time or another in Classical Guitar magazine, and appear here in their original form. This volume features 23 interviews with guitar greats

Global Perspectives on Home Education in the 21st Century Univ of California Press

This revised, updated, and expanded edition of the definitive catalogue of works by Sir William Walton (1902-83) follows the completion of the William Walton Edition. A comprehensive source of musical and documentary information relevant to Walton's life and work, the catalogue features full details of composition dates, instrumentation, first performance, publication, the location of autograph manuscripts, critical comment, and significant recordings, as well as previously undiscovered pieces. Appended are a helpful bibliography for further reading and indexes including for works, authors of texts, first lines, and dedicatees.

William Walton Sandstone Press Ltd

Sachkundig führt uns der Autor ein in die Geschichte der spanischen Konzertgitarre, die wichtigsten Zentren Ihrer Entstehung, den Aufbau des Instrumentes sowie die Biografien der herausragenden Interpreten und Komponisten. Am Ende des Buches steht die gewagte These, dass die klassische Gitarre ein aussterbendes Instrument sein könnte. Zugleich erklärt der Autor aber, warum ebendas ein höchst bedauerlicher Verlust wäre. Carsten Sick, eigentlich ein Experte für historisch-politische Themen, offenbart hier seine große Liebe für die spanische Konzertgitarre. Geschrieben hat er - in seiner ganz eigenen, angenehmen Sprache - die Biografie eines Instrumentes, nach deren Lektüre man am liebsten gleich zur eigenen Gitarre greifen und einige Stücke zum besten geben möchte. Faszinierend! Zahlreiche, meist farbige Abbildungen sowie hilfreiche Praxistipps ergänzen den Text.

Oxford Music: the First Fifty Years '23-'73 OUP Oxford

This bibliography provides a detailed reference source on the life and works of William Walton. It contains a chronology of Walton's life and works, bibliographical description of original manuscripts and printed first editions, a listing of works conducted by Walton, a location list of the composer's letters and a bibliography. --book jacket.

Five bagatelles for guitar, 1972 Five BagatellesWilliam Walton: A Catalogue

A Concise History of the Classic Guitar by Graham Wade, one of the foremost international writers on the guitar, explores the history of the instrument from the 16th century to the present day. This compact assessment of five centuries of fretted instruments cover the vihuela in Spain, the history of four-course and five-course guitars, the evolution of tablature, and developments in the six-string guitar in the 19th century. the work also charts the contribution of leading composers, performers and luthiers of the 20th century, and evaluates the influence of Segovia, Llobet, Pujol, Presti, Bream,

Williams, etc., among the world's famous guitarists. This book, intended for the general public and guitar students of all ages, is the first interpretative history of the classic guitar to be published in the 21st century, and will be eagerly welcomed by all lovers of the instrument.

First published in 1980, *Traditions of the Classical Guitar* has been described as the first book to examine in detail the many traditions of one of today's most popular instruments. With its central focus on Andres Segovia's pioneering work in establishing the guitar as an international concert instrument, it goes on to examine in detail its subsequent developments with reference to great artists such as Bream, Williams, Diaz and Yepes. *Traditions of the Classical Guitar* continues to be a classic of twentieth-century guitar scholarship, offering a challenging assessment to perceptions of the guitar's progress throughout the ages. It is also a timely reminder of the glorious years of Segovia's concert career between 1909 and 1987; Segovia himself said of the work: "Graham Wade has shown his love for the guitar from the first page to the last; true love and understanding".

The Contemporary Guitar Mel Bay Publications

"Julian Bream's influence is apparent in every area of the classical guitar repertoire. He transcribed Baroque works by Scarlatti, Buxtehude, Cimarosa, etc., and is acknowledged as one of the great interpreters of the music of J. S. Bach. He revitalised awareness of the early nineteenth century works of Sor, Giuliani, and Aguado, while bringing to the public the music of Spain from the sixteenth century to the present day and breathing new fire into Latin American music by composers such as Villa-Lobos, Ponce and Brouwer."

Lists 7,000 recordings and 3,000 printed scores coded for different levels of collecting.

[Die spanische Konzertgitarre](#) Hal Leonard Corporation

In compiling this landmark sourcebook, Finnish guitarists Hannu Annala and Heiki Matlik consulted more than 70 music texts as well as dozens of composer resumes acquired from the musical information centers of several countries. During the writing process, which lasted for more than three years, they received additional information from many modern composers, including Leo Brouwer and Reginald Smith Brindle among others. In addition, several internationally renowned performing guitarists provided valuable information; these include Magnus Andersson (Sweden), Remi Boucher (Canada), Margarita Escarpa (Spain), Aleksander Frauchi (Russia) and David

Tanenbaum (USA) among others. The authors' aim was to write a well-structured book with separate chapters for each instrument, such as the Renaissance and Baroque guitar, the Renaissance and Baroque lute, the vihuela, etc. This unique structure enables the reader to easily discover which composers wrote for a certain instrument during any given period. In addition to the composers one would expect to find in such a comprehensive listing, the book documents several historical and modern composers for whom little previous information has been available. The book's list of more than 400 guitar and lute concertos dating from the Baroque era to the present day is a totally unprecedented. Short introductions regarding guitar and lute-like instruments as well as their basic histories are provided at the beginning of the book. The authors hope that the Handbook of Guitar and Lute Composers will serve as a practical guide for both amateurs and professionals, encouraging further study of the history of these instruments and expanding the repertoire heard on today's concert stage.

Gramophone Hal Leonard Corporation

This second comprehensive and scholarly volume of over 500 pages on the life and work of Andres Segovia contains a biography of the years 1958-1987 and focuses on Segovia's rendition of Spanish/Romantic and Contemporary/Neo-Classical masterpieces by Tárrega, Albeniz, Granados, Llobet and Ponce. A special appendix in each volume presents the original scores for the Segovia editions discussed in the text, some of which have never been published, as well as modern editions of these pieces. Includes access to an online audio recording by Gerard Garno.

The Guitar Review IGI Global

(Guitar Method). This premier method for the beginning classical guitarist, by one of the world's pre-eminent virtuosos and the recognized heir to the legacy of Andres Segovia, is now completely revised and updated! Guitarists will learn basic classical technique by playing over 50 beautiful classical pieces, 26 exercises and 14 duets, and through numerous photos and illustrations. The

method covers: rudiments of classical technique, note reading and music theory, selection and care of guitars, strategies for effective practicing, and much more!

The Vanguard Guitar Alma Books

Classical Guitarists fills a void in the special world of the classical guitar. Although this realm is inhabited by world-class musicians, much of what they think and feel has never been captured in print. The interviewees, including Julian Bream, John Williams, Sharon Isbin, Eliot Fisk, David Starobin and David Tanenbaum are a select group at the peak of their prowess who speak openly and thoughtfully about their opportunities, accomplishments, and lessons learned. Each has made important contributions from establishing significant academic programs to broadening the audience for the classical guitar. The author shares his reviews of their most important recordings and New York City concerts during the 1990s, as well as discographies of their recordings. There are also interviews with Harold Shaw, the most prominent artist manager in the history of the classical guitar and several of today's most important composers for the guitar, including Pulitzer Prize winners George Crumb and Aaron Jay Kernis. An introductory chapter provides an historical perspective on classical guitar and a postscript explains how to create a basic repertoire of recordings.

Schwann Compact Disc Catalog McFarland

Edwin Morgan's restless imagination moved easily between multiple worlds, voices and identities. His own life story, told here for the first time, also reveals a range of identities - as academic, cultural activist, radical writer, international traveller, gay man and national poet. These identities were sometimes in conflict, or kept hidden and apart. *Beyond the Last Dragon*, written with his full support, explores hitherto unknown archive resources and creative work. It recounts an amazing and sometimes troubled career, using the poet's own letters, poems and plays from the 1930s to the present day to uncover the origins of his remarkable - and life-long - inventiveness and flair. All this is set against Edwin Morgan's moving struggle against 'the last dragon' of cancer, and to remain creatively alive in the face of suffering in the final years of his life. This prize-winning biography was published just days after the poet's death. James McGonigal now adds a new chapter to describe subsequent events.
