Speed read people, decipher body language, detect lies, and understand human nature. Is it possible to analyze people without them saying a word? Yes, it is. Learn how to become a "mind reader" and forge deep connections. How to get

inside people's heads without them knowing. Read People Like a Book isn't a normal book on body language of facial expressions. Yes, it includes all of those things, as well as new techniques on how to truly detect lies in your everyday life, but this book is more about understanding human psychology and nature. We are who we are because of our experiences and pasts, and this guides our habits and behaviors more than anything else. Parts of this book read like the most interesting and applicable psychology textbook

you've ever read. Take a look inside yourself and others! Understand the subtle signals that you are sending out and increase your emotional intelligence. Patrick King is an internationally bestselling author and social skills coach. His writing draws of a variety of sources, from scientific research, academic experience, coaching, and real life experience. Learn the keys to influencing and persuading others. •What people's limbs can tell us about their emotions. •Why lie detecting isn't so reliable when

ignoring context. •Diagnosing personality as a means to understanding motivation. •Deducing the most with the least amount of information. •Exactly the kinds of eye contact to use and avoid Find shortcuts to connect quickly and deeply with strangers. The art of reading and analyzing people is truly the art of understanding human nature. Consider it like a cheat code that will allow you to see through people's actions and words. Decode people's thoughts and intentions, and you can go in any direction you want with them.

This book is very important if you want to take the lead in improving your relationship, making a perfect first impression on any person that you meet and also be the lead in every social event. Human beings are different in various aspects, but not so different that you cannot figure out what makes every person unique in their own ways and make them perfect. Science has defined human personality types to a fine point, that identifying the clear categories that you fall into and furthermore explains what motivates and drives each one of us as a unique personality. When you use this as your basis, you will be able to easily analyze and read each person like an open book. I assure you anyone who crosses your path you will have an easy way to analyze them, and you will have an advantage in every social encounter. This book also goes into manipulation. In the words of Sun Tzu, "To know your enemy, you must become your enemy". Your manipulator will always have a hard time getting control of you if you can spot them out quickly. This book will enhance your keen mind with the ability to not only spot these kinds of behaviors, but also see who are most susceptible to enact on them and how to do them yourself. This paperback includes the following 2 manuscripts: How to Analyze People: The Ultimate Guide to Understand Body Language, Influence Human Behavior, Read Anyone with Proven Psychology Techniques Dark Psychology: How to Protect Yourself from Manipulation Techniques and Dark Psychology, Recognize and Control Emotional Manipulation Key Concepts Discussed in This Book: How to interpret body language cues to your advantage How to interpret verbal communication Learn about the sixteen personality types, their main elements that make you same and at the same time different in personality How to build understanding and destroy the perception How you can

easily spot deceptive habits and lies. Types of manipulation and safeguards against them Success and manipulation Sales and manipulation Why people use manipulation? Do you want to know how to analyze people and to best interpret what their behaviors mean? If yes, then keep reading... People aren't as mysterious as we tend to think they are. We may wonder at some of the things they do and ask ourselves why we didn't see certain people coming. We may ask how a seemingly decent person can be something entirely different underneath that pleasant, normal veneer. But when we know who we're talking to, we're much better equipped to interpret the behavior of those around us more accurately and to be less surprised when people turn out to be someone else than who they lead us to believe they are. It is important to understand that there is a difference between reading and analyzing someone in your presence and telepathy. Many people confuse the two.

Science fiction fans are more than conversant with the concept of telepathy. You are thousands of miles away, yet somehow, just when you are thinking about someone, they call you. This is a different story altogether. Analyzing someone is about being in their presence. You must be aware of their role at the moment and yours to accurately analyze them. How many people can do this? Not so many. If you consider the level of training that the FBI and other specialized security departments go through to enable their operatives to learn how to read their targets and suspects, it is safe to say that not so many people can read and analyze someone instantly. This book is a stepping stone on the path to gaining a better understanding of human nature. I hope you'll build on it, by applying what you learn in your everyday life, using it to more effectively your interactions with others, in order to be more successful in your relationships, your work and your social life. There's another world under the masks we often wear as we move through the world. There's a storehouse of experiential information, emotions, culture and unique knowledge offered by every person we meet, that can make our lives richer, fuller and happier. All we need to do is spend the time learning to apply our observational skills in the project of finding out who all these incredibly complex beings are. Maybe someone will choose to spend the same amount of time unlocking our mysteries; our truths. We're just as interesting as anyone else, if others will take the time to do what you're about to - observe, listen and learn. This book gives a comprehensive guide on the following: The importance of analyzing people How to analyze people using dark psychology Understanding intentions Analyzing cognitive functions Reading thoughts?! Become a lie detector - how to recognize conflicting signals Nonverbal cues Analyzing people in dating and love Interpreting behavior common patterns and analysis Possible exceptions in analyzing people ... What if I told you that you have the ability to do that and it won't cost you any more than this book? You probably think I'm crazy, but if I've got your attention, continue reading. Body language is something that humans, and other animals, have been using since the dawn of time. Whether or not we have always been consciously aware that it isn't important, what is important is that we are aware of it now. Now, we can use this information to our advantage and that means understanding how a person truly feels. You can look at the body language of a person to learn the truth in any situation, especially analyzing their feet. This book is here to teach you how to interpret these messages. Throughout these pages, you will learn: What body language is How to spot a liar What breathing can tell you How to spot a manipulative person What to look at when you first meet somebody And much more Body language isn't simply how a person crosses their arms or legs. It goes deeper than that. It's how the breathing matches up with their words. The furrow lines they get on their brow when they are trying to think of what to say. Or the direction their feet are pointed when they are talking. Body language is something we all use, so why shouldn't we all understand how to read it? If you want to learn more about yourself and the people around you, BUY this book today!

Do you want to learn how to read people? Do you want to walk into a room and instantly have a good idea of what the people around you are really thinking? James has always been captivated with body language and how it affected communication. Shows like "CSI" or "The Mentalist" or "Lie to Me" have always fascinated him because these shows talk about body language, how people communicate verbally, and how knowledge of these things can lead to having a slight edge in life. You will understand how unconscious decisions of people turn into conscious predictions and conclusions by people who know exactly what to look for. It's easier than you think, and it is definitely fascinating. In *How to Read People Like a Book* we will go deep into exploring body language not just to understand people - but to also connect with them. After all, why do we find the need to interpret and understand what people say and do? Because we want to connect with them, create relationships, and be part of a community. *How to Read People Like a Book* will teach you to better understand people through verbal and non-verbal reading skills, thereby allowing you to better function as a part of a growing community. Here are some of the things you will discover: How exactly will reading body language help you, and how accurate is it really - The myths and facts so you'll know exactly what to look for going in. The different personality types and how they affect behavior - Not everyone has the same mannerisms, gestures, and characteristics when outside. You will become aware of the existence of these different personality types in order to adjust to their various temperaments. The differences between an extrovert and an introvert - The basic personality characterizations that you need to know about and will predict how you can best communicate with these people. The different communication styles and what should you be using in different settings - Remember, you always want to create just the right amount of impression when meeting someone, whether new or old. The secret factors that motivates people into doing things - This small, unseen and unfelt motivation is the primary moving factor for people's behaviors. If you can decipher that, then you can figure out the messages their behaviors are trying to tell you. Verbal communication and how to dig deeper or read between the lines. The art of thin-slicing - Allowing you to make accurate judgments based only on thin slices of a pie. Exploring YOUR personality and how

YOU, uniquely, can make connections with people and forge relationships without veering away from who you really are. And much more... Being connected with people and forging strong friendships is one of the hallmarks of a successful life. This book will show you how to be able to grab life by the horns and achieve your full potential when it comes to people - forging friendships and social ties that will last for a life-time!
