### SHARP CHACE

**Sorry, I Forgot to Ask** St. Martin's Griffin

From the best-selling coauthor of *The Disaster Artist* and “one of America's best and most interesting writers” (Stephen King), a new collection of stories that range from laugh-out-loud funny to disturbingly dark—unflinching portraits of women and men struggling to bridge the gap between art and life. A young and ingratiating assistant to a movie star makes a blunder that puts his boss and a major studio at grave risk. A long-married couple hires an escort for a threesome in order to rejuvenate their relationship. An assistant at a prestigious literary journal reconnects with a middle school frenemy and finds that his carefully constructed world of refinement cannot protect him from his past. A Bush administration lawyer wakes up on an abandoned airplane, trapped in a nightmare of his own making. In these and other stories, Tom Bissell vividly renders the complex worlds of characters on the brink of artistic and personal crises—writers, video-game

developers, actors, and other creative types who see things slightly differently from the rest of us. With its surreal, poignant, and sometimes squirm-inducing stories, *Creative Types* is a brilliant new offering from one of the most versatile and talented writers working in America today.

*They Ask, You Answer* Little, Brown

Snappy the alligator is having a normal day when a pesky narrator steps in to spice up the story. Is Snappy reading a book ... or is he making CRAFTY plans? Is Snappy on his way to the grocery store ... or is he PROWLING the forest for defenseless birds and fuzzy bunnies? Is Snappy innocently shopping for a party ... or is he OBSESSED with snack foods that start with the letter P? What's the truth? *Snappy the Alligator (Did Not Ask to Be in This Book)* is an irreverent look at storytelling, friendship, and creative differences, perfect for fans of Mo Willems.

*Asking Catapult*

Where women are created for the pleasure of men, beauty is the first duty of every girl. In Louise O'Neill's world of *Only Every Yours* women are no longer born naturally, girls (called "eves") are raised in Schools and trained in the arts of pleasing men until they come of age. Freida and Isabel

are best friends. Now, aged sixteen and in their final year, they expect to be selected as companions--wives to powerful men. All they have to do is ensure they stay in the top ten beautiful girls in their year. The alternatives--life as a concubine, or a chastity (teaching endless generations of girls)--are too horrible to contemplate. But as the intensity of final year takes hold, the pressure to be perfect mounts. Isabel starts to self-destruct, putting her beauty--her only asset--in peril. And then into this sealed female environment, the boys arrive, eager to choose a bride. Freida must fight for her future--even if it means betraying the only friend, the only love, she has ever known.

**A Novel** Penguin

I was only trying to help a friend. I swear. I was legit asking for a friend who was finally ready to date again. I knew what she wanted in a man -- smart, funny, ambitious, well-read (no, the sports section doesn't count), and plays a wicked game of badminton. So I did what any good friend would do. Posted it for her. It seemed like a good idea at the time — I'd weed through the candidates, and bring her my top picks. But then he responded. Is it wrong to date the guy I screened for my bestie? Not asking for a friend.

### All I Asking for Is My Body Penguin

Emma O'Donovan is eighteen, beautiful, and fearless. It's the beginning of summer in a quiet Irish town and tonight she and her friends have dressed to impress. Everyone is at the party, and all eyes are on Emma. The next morning Emma's parents discover her collapsed on the doorstep of their home, unconscious. She is disheveled, bleeding, and disoriented, looking as if she had been dumped there. To her distress, Emma can't remember what happened the night before. All she knows is that none of her friends will respond to her texts. At school, people turn away from her and whisper under their breath. Her mind may be a blank as far as the events of the previous evening, but someone has posted photos of it on Facebook under a fake account, "Easy Emma"--photos she will never be able to forget. As the photos go viral and a criminal investigation is launched, the community is thrown into tumult. The media descends, neighbors chose sides, and people from all over the world want to talk about her story. Everyone has something to say about Emma. Asking For It is a powerful story about the devastating effects of rape and public shaming, told through the awful experience of a young woman whose life is changed forever by an act of violence.

Humans have a natural instinct to help others. Imagine walking up to a stranger on the subway and asking them for their seat. What about asking a random person on the street if you could borrow their phone? If the idea makes you squeamish, you're not alone—social psychologists have found that doing these very things makes most of us almost unbearably uncomfortable. But here's the funny thing: even though we hate to ask for help, most people are wired to be helpful. And that's a good thing, because every day in the modern, uber-collaborative workplace, we all need to know when and how to call in the cavalry. However, asking people for help isn't intuitive; in fact, a lot of our instincts are wrong. As a result, we do a poor job of calling in the reinforcements we need, leaving confused or even offended colleagues in our wake. This pragmatic book explains how to get it right. With humor, insight, and engaging storytelling, Heidi Grant, PhD, describes how to elicit helpful behavior from your friends, family, and colleagues—in a way that leaves them feeling genuinely happy to lend a hand. Whether you're a first-time manager or a seasoned leader, getting people to pitch in is what leadership is. Fortunately, people have a natural instinct to help other human beings; you just need to know how to channel this urge into what it is you specifically need them to do. It's not manipulation. It's just management.

### The Purity Myth Quercus

Named a "Best Book of 2015" by Bustle, Book Riot, Chicago Public Library, Quill and Quire, and the B&N Teen Blog! The sheriff's son, Kellan Turner, is not the golden boy everyone thinks he is, and Romy Grey knows that for a fact. Because no one wants to believe a girl from the wrong side of town, the truth about him has cost her everything—friends, family, and her community. Branded a

liar and bullied relentlessly by a group of kids she used to hang out with, Romy's only refuge is the diner where she works outside of town. No one knows her name or her past there; she can finally be anonymous. But when a girl with ties to both Romy and Kellan goes missing after a party, and news of him assaulting another girl in a town close by gets out, Romy must decide whether she wants to fight or carry the burden of knowing more girls could get hurt if she doesn't speak up. Nobody believed her the first time—and they certainly won't now—but the cost of her silence might be more than she can bear. With a shocking conclusion and writing that will absolutely knock you out, Courtney Summers' new novel All the Rage examines the shame and silence inflicted upon young women in a culture that refuses to protect them.

### How to Navigate Clueless Colleagues, Lunch-Stealing Bosses, and the Rest of Your Life at Work Celadon Books

Dominique Strauss-Kahn's arrest. Congressman Todd Akin's "legitimate" gaffe. The alleged rape crew of Steubenville, Ohio. Sexual violence has been so prominent in recent years that the feminist term "rape culture" has finally entered the mainstream. But what, exactly, is it? And how do we change it? In Asking for It, Kate Harding answers those questions in the same blunt, bullshit-free voice that's made her a powerhouse feminist blogger. Combining in-depth research with practical knowledge, Asking for It makes the case that twenty-first century America—where it's estimated that out of every 100 rapes only 5 result in felony convictions—supports rapists more effectively than victims. Harding offers ideas and suggestions for addressing how we as a culture can take rape much more seriously without compromising the rights of the accused.

• 2021 Colorado Book Awards Winner • R.L. Maizes's Other People's Pets examines the gap between the families we're born into and those we create, and the danger that holding on to a troubled past may rob us of the future. La La Fine relates to animals better than she does to other people. Abandoned by a mother who never wanted a family, raised by a locksmith-turned-thief father, La La looks to pets when it feels like the rest of the world conspires against her. La La's world stops being whole when her mother, who never wanted a child, abandons her twice. First, when La La falls through thin ice on a skating trip, and again when the accusations of "unfit mother" feel too close to true. Left alone with her father—a locksmith by trade, and a thief in reality—La La is denied a regular life. She becomes her father's accomplice, calming the watchdog while he strips families of their most precious belongings. When her father's luck runs out and he is arrested for burglary, everything La La has painstakingly built unravels. In her fourth year of veterinary school, she is forced to drop out, leaving school to pay for her father's legal fees the only way she knows how—robbing homes once again. As an animal empath, she rationalizes her theft by focusing on houses with pets whose maladies only she can sense and caring for them before leaving with the family's valuables. The news reports a puzzled police force—searching for a thief who left behind medicine for the dog, water for the parrot, or food for the hamster. Desperate to compensate for new and old losses, La La continues to rob homes, but it's a strategy that ultimately will fail her.
