The Common Core State Standards initiated major changes for language arts teachers, particularly the emphasis on “informational text.” Language arts teachers were asked to shift attention toward informational texts without taking away from the teaching of literature. Teachers, however, need to incorporate nonfiction in ways that enhance rather than take away from their teaching of literature. The Using Informational Text series is designed to help. In this fourth volume (Volume 1: Using Informational Text to Teach To Kill a Mockingbird; Volume 2: Using Informational Text to Teach A Raisin in the Sun; Volume 3: Connecting Across Disciplines: Collaborating with Informational Text), we offer challenging and engaging readings to enhance your teaching of Gatsby. Texts from a wide range of genres (a TED Talk, federal legislation, economic policy material, newspaper articles, and 1920s political writing) and on a variety of topics (income inequality, nativism and immigration, anti-Semitism, the relationship between wealth and cheating, the Black Sox scandal and newspaper coverage, and prohibition) help students answer essential questions about F. Scott Fitzgerald’s novel. Each informational text is part of a student-friendly unit, with media links, reading strategies, vocabulary, discussion, and writing activities, and out-of-the-box class activities.

Examines the little-known story of how Great Neck, New York, was transformed from a Gentile community to one in which Jews were the majority, in a rich narrative that illustrates the allure of suburbia, Jewish identity in America, and the American dream itself.

'But it hadn't been given for nothing. It had been given, even the most wildly squandered sum, as an offering to destiny that he might not remember the things most worth remembering, the things that he would now always remember' F. Scott Fitzgerald's stories defined the 1920s 'Jazz Age' generation, with their glittering dreams and tarnished hopes. In these three tales of a fragile recovery, a cut-glass bowl and a life lost, Fitzgerald portrays, in exquisite prose and with deep human sympathy, the idealism of youth and the ravages of success. This book includes *Babylon Revisited*, *The Cut-Glass Bowl* and *The Lost Decade*.

Phoenix, Arizona, is one of the fastest-growing metropolitan areas in the United States. The city's expansion--at the rate of one acre per hour--comes at the expense of its Sonoran Desert environment. For some residents, the American Dream has become a nightmare. In this provocative book, Janine Schipper examines the cultural forces that contribute to suburban sprawl in the United States. Focusing on the Phoenix area, she examines sustainable development in Cave Creek, various master-planned suburbs, and the Salt River Pima-Maricopa Indian Reservation to explore suburbanization and ecological destruction. She also explains why sprawl continues despite the heavy toll it takes on the environment. Schipper gives voice to community members who have experienced the pressures of sprawl and questioned fundamental assumptions that sustain it. She presents the perspectives of the many players in the sprawl debate--from developers and politicians to environmentalists and property-rights advocates--not merely to document the phenomenon but also to reveal how seemingly natural ways of thinking about the land are influenced by cultural forces that range from notions of a "rational society" to the marketing of the American Dream. *Disappearing Desert* speaks to land-use dilemmas nationwide and shows that curtailing suburban development requires both policy shifts and new ways of relating to the land. For anyone seeking to understand the cultural basis for rampant development, this book uncovers the forces that drive sprawl and searches for solutions to its seeming inevitability.

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

There Will Come Soft Rains DigitalOcean

Set in the Jazz Age on Long Island, the novel depicts narrator Nick Carraway's interactions with mysterious millionaire Jay Gatsby and Gatsby's obsession to reunite with his former lover, Daisy Buchanan. *Gatsby* continues to attract popular and scholarly attention. The novel was most recently adapted to film in 2013 by director Baz Luhrmann, while modern scholars emphasize the novel's treatment of social class, inherited wealth compared to those who are self-made, race, environmentalism, and its cynical attitude towards the American dream. As with other works by Fitzgerald, criticisms include allegations of antisemitism. *The Great Gatsby* is widely considered to be a literary masterwork and a contender for the title of the Great American Novel.
