Did you know your car can be hacked? Your medical device? Your employer's HVAC system? Are you aware that bringing your own device to work may have security implications? Consumers of digital technology are often familiar with headline-making hacks and breaches, but lack a complete

understanding of how and why they happen, or if they have been professionally or personally compromised. In Cybersecurity in Our Digital Lives, twelve experts provide much-needed clarification on the technology behind our daily digital interactions. They explain such things as supply chain, Internet of Things, social media, cloud computing, mobile devices, the C-Suite, social

engineering, and legal confidentially. Then, they discuss very real threats, make suggestions about what can be done to enhance security, and offer recommendations for best practices. An ideal resource for students, practitioners, employers, and anyone who uses digital products and services. Quizzero, the Party Game COMMERCE CONCEPT The friendly, tutorial style of Sams Teach

Sample QuestionsQ1. In 1700s, the deer skin was a common medium of exchange between the trading

settlers and the native Indians in America. Both the parties agreed that each deer skin was worth a dollar and thus it became an important unit of commerce on the American frontier. This story is widely believed to be the origin of what word? Q2. Lady Godiva appealed to her husband to reduce the oppressive taxes he levied on the town people. He agreed to do so provided she rode

naked through the town. Legend has it that Lady Godiva sent word to the town folks and asked them to avert their eyes as she rode by. Out of respect for Lady Godiva, they all complied with her wishes. All expect one who couldn't help but sneak a peek. Who?Q3.In 2005, a software company Scansoft Inc. was looking for a voice artist for a special database project. They reached out to

GM Voices, a company providing such facility. Their main voice over artist was absent and this project went to Susan Bennett. Susan worked for over a month reading phrases and sentences for the project. Her recordings were then concatenated into various words, sentences, and paragraphs used in the project. What did Susan lend her voice to? Answers: 1. Buck, the slang term for a dollar. 2.
