 Each Clymer manual provides specific and detailed instructions for performing everything from basic maintenance and

troubleshooting to a complete overhaul of the vehicle. Do-it-yourselfers will find this service and repair manual more comprehensive than the factory manual, making it an indispensable part of their tool box. This manual includes all you need to know to maintain and repair your Yamaha 4-Stroke OB 6-100 HP, 1985-2013.

A must-have for every DIY'er! "Better than a Clymer!", say some outboard mechanics. Follow Stew McVicker as he and his kids discover their motor is busted beyond repair in this easy-to-follow step by step celebration of the American can-do, (or "broke and have-to") attitude. McVicker's simple methods are the every-man method of breaking things down into easy to understand sections with enough full color pictures and detail to cover a complete teardown and rebuild on a mind-blowing \$350.00 budget. While he includes part numbers and tool workarounds for Yamaha outboard motors, the backyard tactics he employs translate well to any 2 stroke motor. Save yourself \$5000 and take a look at how easy motor rebuilding can be!

Rank higher in search results with this guide to SEO and content building supremacy Google is not only the number one search engine in the world, it is also the number one website in the world. Only 5 percent of site visitors search past the first page of Google, so if you're not in those top ten results, you are essentially invisible. Winning the Game of Googleopoly is the ultimate roadmap to Page One Domination. The POD strategy is what gets you on that super-critical first page of Google results by increasing your page views. You'll learn how to shape your online presence for Search Engine Optimization, effectively speaking Google's language to become one of the top results returned for relevant queries. This invaluable resource provides a plan that is universal to any business in any industry, and provides expert guidance on tailoring the strategy to best suit your organization. Coverage includes an explanation of the mechanics of a search, and how to tie your website, paid ads, online reputation, social media, content, images, and video into a winning SEO strategy that pushes you to the front of the line. The Page One Domination strategy incorporates all the ways in which you can beef up your Internet presence and online reputation. This book is a clear, straightforward guide that will knock down the silos of the Internet and teach you exactly how to integrate all aspects of content creation into a synergistic, SEO strategy. Understand how search engines return results Design an effective, all-encompassing SEO strategy Create the content that gets page views and improves rank Optimize social media and video as part of an overall SEO plan The rules of SEO are always changing, and

following outdated rules can actually work against you, burying you at the bottom of the pile. This book will spark a paradigm shift in how you think about SEO and gives you the tools you need to craft a strategy tailored to your specific market. To be successful, you need to be on page one of Google, and Winning the Game of Googleopoly can show you how to get there.
